ARKANSAS

Arkansas (State of)
Tenders Accepted—In connection with the call for tenders on April 10 of State of Arkansas bonds and direct general obliga-tions of the United States, Super-visor State Refunding Depart-ment F. A. Storeyur advises us that the State Investment Board purchased \$2,500,000 United States Treasury certificates of indebtedness, maturing April 1, 1944, at .875%. All tenders of State of Arkansas interest bearing general obligation bonds were re-

State Invests in Government Obligations - The State Investment Board recently put the sum of \$2,500,000, which was available for the purchase of direct obligations of the State and Government, in United States Treasury certificates of indebtedness that will yield % of 1% interest. The board acted under authority of a 1943 law which appropriated \$5,-000,000 from the State Treasury balances for investment purposes. The board was prepared, how-ever, to invest only half that

Tenders totaling \$8,327,000 were offered, which included \$8,000,000 in direct United States Treasury obligations and \$327,000 in State highway refunding "cushion" funds. The certificates accepted by the board will mature April

Total investment made by the board in Government bonds now is \$5,565,000. The transaction of April 10 marked the first tender called by the board since 1941, when \$3,000,000 was invested in State highway refunding bonds then held by the Reconstruction Finance Corporation.

Cache River Drainage Dist. No. 2,

Ark.
Supreme Court Denies Foreclosure Reversal-The State Supreme Court ruled recently against petitioners S. M. Miller trict. The court also said that handed down recently by Judge and J. F. Grooms in their efforts to have reversed a Greene Chan-Grooms was not adverse in the Circuit Court to the effect that

cery Court decree which authorized the above district to foreclose liens against their lands for taxes.

Mr. Miller contended that his lands, in Township 17, were not included in the boundaries of the drainage district as organized by the Greene County Court in 1919. Hence, there was no authority to tax the property, he said. Mr. Miller had obtained a State donation deed to the lands in 1936.

Mr. Grooms secured a donation deed to lands in Township 18 the same year. Both men argued that all prior drainage district taxes were wiped out when their property had been forfeited to the State for non-payment of taxes by the former owners-before they obtained donation deeds. District commissioners contended that such taxes were merely suspended while title was in the State and that the liens were not destroyed.

Messrs. Grooms and Miller also claimed that adverse possession for seven years prevented the district from asserting its right to foreclose.

The district defaulted in payment of bonds. Reorganization under the national bankruptcy act was completed in United States Discrict Court at Jonesboro. The Federal Court certified the delinquent lands to Greene County, and proceedings against Mr. Grooms and Mr. Mil-

ler resulted. The Supreme Court said an act of the 1920 special session of the Legislature cured irregularities in descriptions of lands in Township 17 and that failure of the County Court and commissioners to substantially comply with the law's requirements passed from consideration when the landowners did not, within 20 days provided by the act, apply to Chancery Court for relief. The tribunal also pointed out that the lower court florida (State of expressly found that lands in Federal Agencies Held Subject Township 17 were in the dis- to State Gas Tax—A ruling was

Jefferson County Bridge District (P. O. Pine Bluff), Ark, Revenue Collections Enjoined— Chancellor Harry Woolbridge on April 7 issued an injunction temporarily enjoining and restrain-ing the Jefferson County, Ark., Bridge District from collection of further sums due to the district. The suit was filed March 20 by T. S. DeWoody and those similarly situated as taxpayers of the Free Bridge District, who are seeking to remove from the tax books delinquent taxes on lands in the districts.

The suit is a friendly one, filed in an effort to clear the tax books of the delinquencies and clear title of lands against which delinquent taxes are outstanding, or were in that status at the time of transfer. Taxation was stopped in 1938 when the general assembly of the State assumed the bonded indebtedness and all interest due the bondholders. The district was organized in 1911 for the purpose of constructing the Free Bridge near Pine Bluff.

Marion County (P. O. Yellville)

Bond Election—The issuance of \$40,000 court house construction bonds will be submitted to the voters at an election scheduled for May 8.

FLORIDA

Florida (State of)
Federal Agencies Held Subject

sense contemplated by the Legis-lature.

Jefferson County Bridge District (P. O. Pine Bluff), Ark.
Revenue Collections Enjoined—

the State gasoline tax of seven cents a gallon levied against dealers must be paid by Federal agencies when they buy in that State.

Officials of the State Road De-

partment, which receives the largest share of the gasoline tax, said bills would be introduced in the Legislature to provide specific exemption from the tax for Federal agencies.

of Federal purchases in lots of 5,000 gallons or more.

The court dismissed the suit by sented for redemption and pay-which the Department of Justice ment. Interest ceased on date sought to restrain Comptroller J. called. M. Lee from collecting the tax on

Federal purchases.

Judge Walker ruled against contentions of Government at-torneys that the levy is on consumers, and therefore could not be collected on sales to the Army, Navy and other Federal departments which last year bought about 100,000,000 gallons of gasoline in the State.

The Department of Justice lawyers conceded one cent of the tax, levied by a separate law, is a tax against dealers and must be paid on Federal purchases. They argued, however, that a 1937 amendment to the original gasoline tax act made the general tax of six cents a consumers' levy.

Judge Walker said the 1937 amendment merely changed the name of the tax, not its character as a levy against dealers.

Polk County Spec. Tax Sch. Dists. (P. O. Bartow), Fla.

Bond Offering Expected—It is stated by Ray H. Walker, Auditor of the Board of Public Instruction, that the following refunding bonds, aggregating \$109,000, are to be offered for sale in the near future:

MINNESOTA

of \$445, at 98.64.

Minnesota (State of)
Bill Providing For Callable
Bonds Opposed—The attention of dealers in securities of munici-palities in Minnesota is focused on a bill being considered by the Minnesota State Legislature, which provides for inclusion of a mandatory call feature in future security issues of local governments in the State, says the Chicago "Journal of Commerce" of April 9. Dealers are definitely opposed to inclusion of any mandatory cali features in the law, and the municipal group of the Investment Bankers Association of America has gone on record as opposed to the bill in its present form.

The bill in question was introduced in the House by the Appropriations Committee, of which Claude Allen, of St. Paul, is Chairman. Section 1 of this proposed act provides for the following:

"All indebtedness of the State or any governmental subdivision thereof evidenced by bonds, certificates of indebtedness or other instruments hereafter issued, shall be payable at the option of the authority issuing same on or before the maturity date fixed by such evidence of indebtedness.

On objection of the Investment Bankers Association and on the opposition expressed by officials of the Cities of Minneapolis and St. Paul, the bill was referred to the Appropriations Committee for hearing on April 5. At this hear-ing, Minnesota dealers appeared to testify that enactment of the bill would virtually destroy the marketability for all bonds.

"The Committee's final feeling when we left was that the bill should be changed to have bonds optional either for five or ten years and then callable at some premium." The "Journal" quotes a dealer who attended the hearing: "We have drawn this bill to the attention of the League of

(today), according to report.

MISSOURI

St. Louis, Mo. Tax Assessment Put At \$1,026,-963,250 — Real estate and personal property in St. Louis has been assessed at \$1,026,963,250 for 1943 tax purposes by City Assessor Hoehn, it was announced recently.

The figure is an increase of \$8,206,470, or about eight-tenths of 1%, over last year's assessment of \$1,018,756,780.

The tax rate for this year has not been fixed, but on the basis of last year's levy of \$2.77 on \$100 valuation the increase would result in additional revenue of

The assessment is subject to re-Board of Equalization.

with \$887,532,330 last year. Personal property was valued at \$130,131,630 this year and \$131,-334,450 in 1942.

Hoehn attributed the increased real estate assessment to new construction prior to last June 1, as of which date the assessment was made for this year's taxes, and to higher property values in expanding districts north and south.

NEBRASKA

Nebraska (State of) Local Unit Bond Offering-It is reported by Henry H. Bartling. Secretary of the Board of Educational Lands and Funds, that the Board will offer for sale at open. public and competitive bidding, a total of \$1,061,500 tax-free bonds of Nebraska State Subdivisions on May 3, at 2 p.m. (CWT).

Wakefield Sch. Dist. (P. O. Wakefield), Neb. Bonds Sold-It is reported that \$47,000 refunding bonds have been purchased by Greenway &

Co. of Omaha, as 21/2s.

NEW HAMPSHIRE

Berlin, N. H. Temporary Loan-City Treasurer E. L. Delisle states that a \$200,000 temporary loan was offered on April 9 and was awarded to the First National Bank of Boston, at 0.61% discount. Second best bid was entered by the National Shawmut Bank of Boston, an offer of 0.72% discount.

NEW JERSEY

Atlantic City, N. J. Bonds Purchased — In connection with the call for tenders on April 14, of general refunding and water refunding bonds, Director of Revenue and Finance, Daniel S. Bader, reports that the city purchased \$520,000 general refunding bonds for \$462,969.20, at an average price of 89.03, and \$3,000 refunding water bonds at

April 10 vetoed the Farley Bill, moves from the operation of the Senate 198 (described in our issue of April 5, page 1228), because of the many protests he had received about the measure, including those from New Jersey municipal bond houses. This bill would have given Atlantic City and other seashore municipalities permission to reduce 1943 budgets by eliminating appropriations for uncollected tax reserves (the cash-basis provision) and exempt such municipalities from exercise by any State Board of fiscal control as provided in existing

A ten-page veto message on the bill was released to the press by the Governor's office. It is ex-pected that an effort to override The credit of New Jersey mu-March 1, 1943. the Governor's office. It is ex-

Only a few weeks ago the State authorities brought pressure to backward in New Jersey fiscal bear upon Atlantic City to live affairs. I am reluctant to believe up to the requirements of the that the members of the Legislaagreement entered into with its ture who voted for the bill were bondholders in 1936 and turn ready on such short notice and over to the trustee for the bond- after so little consideration to reholders a sum of about \$500,000 to be used for debt retirement. This was done and a call for tenders of refunding and water bonds published, tenders to be opened on Wednesday of this week. Under the terms of the Farley Bill, State authorities would appear to be shorn of all power over municipalities taking advantage of the bill and, it has been suggested, that a municipality could successfully evade the vision by the City Board of sinking fund requirements of a Equalization and by the State refunding agreement, such as the one under which Atlantic City's The valuation of real estate was finances were reorganized a few fixed at \$896,831,620, as compared years ago, if this bill becomes a

> Tax Relief Bill Amended. Passed Over Veto — Nothwith-standing the Governor's emphatic distaste for the above described measure, the Legislature on April 13 overrode by a close vote his veto and passed the controver-sial bill. However, amendments adopted restrict the application of the measure to Atlantic City and eliminate a section which would have exempted municipalities taking advantage of the law from all State fiscal control.

The measure, now understood to be a law, will permit Atlantic G City to omit from its 1943 budget a \$909,689 reserve for uncollected taxes, anticipate 100% collection of current taxes and keep in its budget an anticipated receipt of \$660,000 delinquent taxes. This would permit a reduction in the tax rate from a threatened \$7.40 to about \$5.95 per hundred. The anticipated higher tax rate, from which relief was sought by introduction of S. B. 198, was largely the result of a drastic reduction of assessed valuations from \$90,-031,558 in 1942 to \$79,100,270 in

The omitted Section of the bill (Sec. 5) would have cancelled certain rights of creditors and would have allowed Atlantic City to continue to control its own finances, even should those conditions arise under which, according to present New Jersey Law, the Municipal Finance Commission would take charge. The omission of this section means that there have been no changes in the fundamental protection of bondholders provided by present New Jersey laws.

Governor Explains Veto Of Bill -Governor Edison issued a statement explaining his reasons for vetoing the above measure. The text of the message reads in part as follows:

"This bill, passed during the Governor Vetoes Tax Relief closing hours of the Legislature Bill-Governor Charles Edison on under suspension of rules, re-Cash Basis Act all municipalities on the Atlantic Coast which are 'wholly or partially occupied by the armed forces' and that elect to take advantage of its provi-The dangers inherent in sions. this bill cannot be over-estimated. It sets a precedent that would ultimately lead to local chaos.

> "Our laws governing municipal finance were passed by the Legislature during the last decade after careful study and planning, and following thorough discussion. This program of fiscal control legislation is recognized as among the best in the nation.

> "The results achieved under these laws have been excellent.

"Senate 198 would cut the heart out of the Cash Basis Act. It represents a long and dangerous step verse the well-established policy of this State and to undo the vears.

'The many expressions of opinfrom investors, bond houses, taxpayers and experts in municipal finance are unanimously adverse.

Hudson County (P. O. Jersey

City), N. J. Tax Ratables Show Large Reduction—The Hudson County Tax Board announced recently that the county's ratables for 1943 total \$912,603,106, or \$64,877,835 less than last year. Assessors of the 12 municipalities reported total ratables of \$954,888,691, but the county board cut \$42,285,585

in revising assessment books. The county board slashed \$40,-783,035 from Jersey City's rata-

that this legislation would seri-terest to be in a multiple of ing of every New Jersey municipality.

"State Treasurer Hendrickson, who was a member of the Senate when the local fiscal control program was passed, has stated that this bill, in its ultimate effect, 'might well lead not only to chaotic results in the fiscal operations of many municipalities of the State, but is also likely to seriously impair the financial integgood that has been done in recent rity and credit of both the State its political subdivisions. State Comptroller Zink states that ion I have received on this bill the legislation is much too broad and general in its terms and might easily lead to the destruction of our cash basis laws."

> bles, \$2,643,400 in Hoboken, \$2,-500 in Guttenberg and \$500 in Secaucus. It increased North Bergen's ratables by \$1,050,000, Kearney's by \$30,300, Bayonne's by \$46,750 and West New York's by \$18,200. Totals in Harrison, East Newark, Union City and Weehawken were unchanged.

The reduction in Jersey City will result in an increase in the tax rate of 30 to 40 cents per \$100 valuation. The city's tentative tax rate has been fixed at \$5.35.

Jersey City, N. J. Rate Increase Revives Governor-Mayor Feud-The city's 1943 tax rate, recently announced by the Hudson County Tax Board, is \$57.45 per \$1,000 as compared with \$53.73 last year. However, the total assessed value of real property has been reduced on the average of 22% so that the actual tax levy this year will be smaller

in dollars and cents.

Following the Tax Board's ancouncement of the new rate, Mayor Frank Hague released a long statement charging that the increase is part of Governor Edison's plan to wreck Jersey City financially, drive business out of Jersey City, produce idleness and wreak vengeance on Mr. Hague for his opposition to the railroad tax deals that favor the railroads to the extent of \$127,000,000. And, thus, the Edison-Hague feud continues to generate publicity of a character disturbing-to put it mildly-to the city's creditors and harmful to the city's financial standing in the credit markets.

industries in the city and the location of new ones here, while the high level of the State stock transfer tax tends to drive business away from the New York Stock Exchange to out-of-town Exchanges, the committee was

Holding that the decline of industry in the city was a predominant influence in a similar trend in the State, the committee urged that no further authority to levy taxes be given to the city until its tax and budget problems had received particular attention in the study of State tax problems now being made for the Gov-

Mayor LaGuardia, after failing to get authority from the Legis-lature to double the sales tax or to levy a tax on retailers, submitted a 1943-44 budget requiring a 15- or 16-point rise in the basic real estate tax rate. A special session of the Legislature to consider the city's needs has been considered likely, although civic and business interests have united in demands for economies that would eliminate the need for any increase in the tax rate or for new taxes.

Other major factors contributing to the decline of the city in recent years reported by the Com-mittee include wages higher than those in competing areas due to strong labor organization in the city, traffic and transportation congestion, hostility of the Federal Government to the city, obsolete machinery and lack of progressive management, failure of the city and State to seek new business and the decline of Wall Street.

The Committee, headed by John W. Hanes, former Under-Secretary of the Treasury, was appointed by Governor Dewey soon after his election in November. Other members are David Dubinsky. President of the International Ladies Garment Workers Union: Delos Walker, Vice-President of R. H. Macy & Co., and Elliott V. Bell, Superintendent of Banks.

Besides recommending delay in granting the city any new taxing power, the Committee urged Governor Dewey "to take the lead in challenging industry, labor, com-merce and the civic authorities to a concerted effort to remove the handicaps which now stifle business and employment opportunities and to develop a program for encouraging the future expansion of the economic life of New York City.

While war contracts had materially relieved the city's unemployment, the Committee said many of the city's skilled workers had gone to other areas to get wartime jobs. The preponderance of small plants here complicates the task of adjusting production facilities to war work, it pointed out.

With more than half of all employment in the city in fields directly affected by priorities, rationing and other wartime limitaand with two-thirds of its manufacturing employees nor-mally engaged in industries not primarily required for war, the Committee said the impact of the war might well disrupt many of the city's industries and aggravate its economic problems in the postwar period.

Many of the city's small enterprises were being forced out of business, and though they were finding work in war industries elsewhere, they, too, would be unemployed workers after the war, the Committee said.

New York (State of) Buys \$12,000,000 War Bonds War Bonds totaling \$12,000,000 were purchased April 14 by State Comptroller Frank C. Moore, as

militate against the expansion of them in achieving their local Raleigh, for the purchase of \$14,quotas in the current Second War Loan campaign.

In announcing the subscription, the Comptroller said: "The Second War Loan affords the State an opportunity to give further assistance to the winning of the war and at the same time to invest State funds in the safest security in the world.

"This opportunity is available to every officer and employee of the State, as well as the municipalities and to our citizens generally, and I urge that they all subscribe to the extent of their

OKLAHOMA

Holdenville, Okla. Bond Offering-Mayor J. Davis will receive bids until remaining defaulted April 20 for the purchase of improvement bonds. \$100,000 airport bonds, to mature \$5,000 annually from 1946 to 1965 incl. Bidder to name rate of interest and may submit offers in person. Bonds were authorized at an election on March 30.

Sealed Tenders Invited — City Treasurer J. W. Howard states Each issue of bonds will be sold at not less than par. Each bid ders until May 6, at 2 p.m., of \$252,000 bearing interest at 6%.

Tenders will be received for \$19,000 Series A and \$13,000 Series B bonds. There is now in the sinking fund of the city the sum of \$65,965.63, of which \$33,645 is being reserved for the current interest coupons due May 6, 1943 and the next succeeding interest coupons due Nov. 6, 1943. The balance of said sinking fund money, to wit: \$32,320.63 is available and will be used to purchase as many of the aforesaid bonds tendered as the funds on hand will permit, provided, however, no tenders made at more than par and accrued interest will be considered and preference will be given bonds tendered in accordance with the size of the discount offered, the tender offering the greatest discount being accepted first. If there is not enough bonds tendered at less than par and accrued interest to use all the funds available, certain serial numbers will be drawn from the serial numbers of all outstanding bonds of said issues, which said drawing will be by lot and will be conducted at the meeting hereinbefore mentioned, and enough serially numbered bonds will be drawn to use (at par and accrued interest) the balance of said money on hand. Said bonds so drawn by lot shall forthwith be considered called and interest thereon stopped.

The place of payment of bonds with respect to which tenders have been accepted will be the American National Bank, Sapulpa, and all bondholders submitting tenders shall agree in their tenders to ship the bonds tendered to said place of payment on or before June 6, 1943, upon being notified their tenders have been accepted and the bonds mentioned therein purchased. All holders whose tenders are accepted shall confirm sale of bonds mentioned therein immediately upon notification that their bonds have been accepted as tendered. Bonds drawn by lot pursue the same course.

Send all matured coupons to the fiscal agency in New York for payment.

Bond No. 161, Series "A" called Nov. 6, 1941, and Bond No. 147 Series "B" called May 6, 1942, remain outstanding and unpaid. Interest ceased 30 days after the call and said bonds should be presented for payment immediately.

Stillwater, Okla.
Bond Offering—Sealed bids will be received until 5 p.m. on April 19 (today), by Lee Hall, Com-missioner of Revenue and Accounting, for the purchase of \$125,000 airport bonds, approved by the voters by a wide margin on March 29. Due \$9,500 in 1946 to 1957, and \$11,000 in 1958.

OREGON

Lebanon, Ore. Bond Election-The City Council passed an ordinance calling an election for May 21, in order to have the voters pass on the issuance of \$70,000 sewer and drainage bonds.

Reedsport, Ore. Bonds Authorized - The City Council passed an ordinance calling for the issuance of \$35,932.35 refunding bonds, to care for the remaining defaulted Bancroft Act

PENNSYLVANIA

Connellsville, Pa. Bond Call—City Treasurer C. K. McKesson calls for payment on May 1, 1943, operating revenue bonds Nos. 51 to 100, to the amount of \$50,000, part of an issue of \$100,000. Dated May 1, 1938. Denomination \$1,000. Bonds should be presented for payment a part of New York State's contribution to the war effort.

Every section of the State will participate in the subscription by the allotment of portions thereof Secretary of the Local Govern-

Philadelphia School District, Pa. Bond Offering-Add B. Anderson, Secretary of Board of Public Education, will receive sealed bids until 10:30 a.m. (EWT) on April 30 for the purchase of \$5,-000,000 not to exceed 11/2 % interest refunding bonds. Dated May 1, 1943. Denoms. \$1,000, or at purchaser's request, in amounts of \$10,000 or \$100,000, or both. Interest M-N. Due \$250,000 May 1, 1944, to 1963. The bonds will be in coupon form registerable as to principal only, or in fully registered form, as requested, and bonds of the same series will be interchangeable from coupon to registered form, or from registered to coupon form and will also be interchangeable as to the denominations hereinbefore set forth. Rate of interest to be in multiples of 1% of 1%. Bids will be received only for the entire issue and at only one rate of interest and no bid combining two different rates will be considered. Bids must be for not less than the par value of the bonds and accrued interest. Said bonds and the interest thereon will be payable, without deduction for any tax or taxes, except succession or inheritance taxes, now or hereafter levied or assessed thereon under any present or future law of the Commonwealth, all of which taxes the District assumes and agrees to pay. These obligations will be payable from ad valorem taxes within the limits imposed by law, levied on all the property taxable for school purposes within the District. Settlement in full for the loan must be made with the Secretary on or before May 20, at 11 a.m. If necessary, pending the prepara-tion of definitive bonds, negotiable interim certificates of the Philadelphia National Bank, fiscal agent of the District, will be delivered at the time of settlement in denominations of \$1,000, \$10,000 or \$100,000, as may be requested by the successful bidder or bidders. The highest responsible bidder shall be the one who, having complied with the conditions of sale, offers to take the whole amount of the issue at the lowest interest cost to the District, which shall be determined deducting from the total amount of interest to be paid on account of such bonds during the life thereof, the amount of premium offered, if any, over and above the face amount of the is- an interest yield basis to the comsue. The bonds are to be issued mission of 3%%, or more, are not subject to the favorable opinion submitted, the sinking fund comof Townsend, Elliott & Munson, of Philadelphia. The enactment other issues of bonds of the city at any time prior to the settlement for the bonds, of Federal May 1, 1950. legislation which in terms by the

bonds of a class or character which includes these bonds, will chase of all or none of the bonds at the election of the purchaser, relieve the purchaser from his obligations under the terms of livered, if tenders are accepted. the contract of sale and entitle. the purchaser to the return of the amount deposited with the bid. Enclose a certified check for \$100,000, payable to the District.

RHODE ISLAND

Johnston, R. I.

Additional Information-In connection with the offering by Halsey, Stuart & Co., Inc., of New York, of \$100,000 21/2% semi-ann. funding bonds for general investment-v. 157, p. 1324-it is stated by the Town Treasurer that Bond, Judge & Co., of Boston, were the original purchasers, at par. Due \$10,000 from March 16, 1953, to 1962, incl.

SOUTH CAROLINA

South Carolina Public Service Authority (P. O. Charleston), S. C.

Utility Purchase Proposal Dies -The State Senate has nullified for this year the proposal to authorize the Santee-Cooper Authority to purchase two privatelyowned utilities in this vicinity by continuing the bill until next year.

The Authority had sought legislative approval for the expenditure of about \$40,000,000 for the properties of the Lexington Water 120 to 111, are called for pay-Power Co. and the South Carolina Electric & Gas Co.

Senator R. M. Jefferies, one of the sponsors of the bill, told the Senate its advocates had decided not to press for passage now because of the expected early adjournment of the Legislature.

TENNESSEE

Chattanooga, Tenn.

> Tenders shall be accompanied by certified check upon any incorporated bank or trust company for 1% of the face amount of the bonds tendered or purchased, payable to the Sinking Fund Commissioners.

Erwin, Tenn.

Bond Call - Town Recorder Ward A. Meyerhoeffer states that refunding bonds are being called for payment on July 1, at the Erwin National Bank. Dated July 1, 1935. Due on July 1, 1960. Interest ceases on date called.

Madison County (P. O. Jackson), Tenn.

Bond Offering - County Judge August Wilde states that he will offer for sale at public auction on April 27, at 2 p.m., an issue of \$25,000 airport bonds. Interest rate is not to exceed 3%, payable A-O. Denom. \$1,000. Dated April 1, 1943. Due on April 1, 1953. No sale will be made at less than

Pulaski, Tenn.

Bond Call - Acting City Recorder Evelyn T. Rainey states that 23/4% semi-ann, electric system revenue bonds, Series A, Nos. ment on June 1.

Dated June 1, 1939. Due June 1, 1958 and 1959. As provided in the face of the bonds, the town reserves the right to call the above bonds on any interest payment date prior to maturity, bonds called in inverse numerical order at par plus accrued interest to date of redemption plus a premium of 4% if redeemed on or before June 1, 1945. Notice of call to be given not less than 30 days nor more than 60 days prior to redemption date.

Holders of the above-numbered and designated bonds and coupons shall present same for payment at the Union Bank, Pulaski, on or before June 1, 1943. Said bonds, together with interest and premium due thereon, will, when presented, be paid in accordance with the terms of the bonds. Interest ceases on date called.

TEXAS

Round Rock Indep. Sch. Dist. (P. O. Round Rock), Texas Bonds Voted-It is stated by O.

F. Perry, Superintendent of Schools, that at the election held on March 16 the voters approved Tenders or bidders shall specify the issuance of \$12,000 3% school repeal or omission of exemptions the interest rates and number of completion bonds by a count of

It is said that these bonds may

WASHINGTON Longview, Wash.

Trust For Benefit Of Improvement District Bondholders Liquidated - Holders of certificates of deposit for bonds that are secured under the stock trust indenture are being advised that the trust created for the benefit of bonds of the City of Long-Districts, under the stock trust indenture dated Nov. 30, 1935, be-tween the Long-Bell Lumber Company and the Commerce Trust Company, Kansas City, Mo., as trustee, was liquidated as of Dec. 12, 1942, and the proceeds received from the sale of the Long-Bell Lumber Company common stock have been duly allocated and credited to the certificates of deposit entitled to participate therein. A statement showing the number of shares of stock allocated, in accordance with the provisions of the stock trust indenture and plan of readjustment, to each holder is being distributed by the Bondholders' Protective Committee. It is necessary, however, that the committee be reimbursed for the money it has advanced to pay the trust charges and the expenses of the trust liquidation and, accordingly, each certificate is being charged its pro-rata share of these expenses equal in amount to \$22.29 for each \$1,000 par value of bonds. This amount will be deducted from the gross proceeds and the balance will be paid to the certificate holder upon presentation of the certificate to The First Trust Company of St. Paul, St. Paul,

Washington (State of) Appropriation Made To Overburdened Cities-Washington cities whose populations have doubled or trebled because of war industries will share in a \$1,000,000 appropriation made by the 1943 Legislature to help pay for expanded local government services. The "help out" fund will be distributed according to the proportotal increase in urban population of the State. Another \$1,000,000 was appropriated for distribution cities alike, to offset in part declining revenues from the gasoline tax and an expected drop in the profits of the State Liquor Board, according to the American Municipal Association.

Municipal Tax Base Broadened Officials of the Association of Washington Cities, who lobbied for the program, said they consider the results particularly noteworthy.

Cities will not only be provided with funds to meet emergency wartime problems, but the municipal tax base has been permanently broadened and local authority needed to meet new and increasing responsibilities has been widened to a marked degree, they said.

A model ordinance concerning admissions taxes is being drafted and will be sent all municipalities to serve as a pattern in preparing view, Wash., Local Improvement their own admissions tax ordinances. The legislation enacted includes no ceiling on the tax that may be imposed.

With the financial objectives achieved, the cities also scored in other phases of their legislative program, the outstanding success being passage of a bill providing for direct allocation of gasoline tax moneys.

Heretofore, cities have been required to spend their own funds and wait for reimbursement after administrative checks had been made by the State.

WYOMING

Cheyenne, Wyo.

Bond Election — City Clerk J. K. Stoddard reports that the issuance of not to exceed \$70,000 fire station and equipment bonds will be submitted to the voters on April 20. He says that arrangements have been made for proceedings and legal opinion.

CANADA

St. Pierre, Que.

Bonds Sold — The Secretary-Treasurer states that \$95,000 4% semi-ann, improvement bonds have been purchased recently by the National Canadian Bank of Montreal, at a price of 98.85.

St. Lucie de Beauregard, Que. Financial Reorganization Plan Submitted — Creditors of the above town are being advised that under the provisions of the Quebec Municipal Commission. said municipality has submitted tion of each city's increase to the to its creditors a plan of financial reorganization at a meeting held on Jan. 21, 1943. The plan thus submitted is now in force after during the next two years to all having received the approvals required by law.

> In order to carry out the plan, the creditors are requested transmit immediately the titles which they hold, by registered mail or through a bank, to Mr. Geo. A. Laliberte, Chief Auditor, Quebec Municipal Commission, Parliament Buildings, Que. In exchange, they will receive the settlement to which they are en-

Albert Frank-Guenther Law, Inc.—To Pay Dividend Arrearages—Par Value of Preferred Stock Reduced—

-V. 157, p. 1359.

Arrearages—Par Value of Preferred Stock Reduced—
The directors on April 2 declared a dividend of 40.39 cents per share on the outstanding preferred stock, payable May 1 to holders of record April 15. The dividends on the preferred stock are cumulative to the extent, but only to the extent, earned in any dividend period and in subsequent dividend periods in which there are net profits in the same calendar year. On the basis of the figures verified by Arthur Andersen & Co., accountants to the above corporation, the directors have determined that the accumulated arrears of dividends on the preferred stock amounted to \$53,725.45, or 40.39 cents per share, as of Dec. 31, 1942. Accordingly, the above-mentioned dividend will constitute payment in full of the arrears of dividends accumulated on the preferred stock at the close of the year ended Dec. 31, 1942.

The payment of the above-mentioned dividend is made possible through the reduction as of March 8, 1943, of the par value of the preferred stock from \$5 per share to \$2 per share. As the result of such reduction the capital surplus was increased by \$399.000 to a total of \$400.053. Against this, pursuant to the authorization of the stockholders, the earned surplus deficit as of Dec. 31, 1942, in the amount of \$49,137 was charged, leaving a capital surplus in the amount of \$350,917. The present dividend is being paid out of this surplus, no net profits having been realized for the year ended Dec. 31, 1942.—V. 157, p. 861.

Allied Laboratories, Inc.—Declares Smaller Dividend A dividend of 15 cents per share has been declared on the no par common stock, payable July 1 to holders of record June 15. This compares with 25 cents per share paid each quarter from July 1, 1942, to and including April 1, 1943.—V. 157, p. 1045.

American Barge Line Co .- 15-Cent Dividend-

The directors have declared a dividend of 15 cents per share on the common stock, par \$5, payable May 1 to holders of record April 20. A like amount was disbursed on Feb. 1, last. Payments in 1942 were as follows: Feb. 2 and May 1, 25 cents each; and Aug. 1 and Nov. 2, 15 cents each.—V. 157, p. 340.

American, British & Continental Corp.—Debentures

The Equity Corp. has called for redemption on Aug. 1, 1943, a total of \$150,000 of 5% gold debentures due 1953 of American, British & Continental Corp. at par and interest. Payment will be made at the office of J. Henry Schroder Banking Corp., the New York paying egent, 48 Wall St., New York, N. Y., and at the office of J. Henry Schroder & Co., the London paying agent, 145 Leadenhall St., London, E.C.3, England. If presented in London the redemption price shall be collectible at the buying rate for sight exchange on New York on the day of presentation for collection.—V. 156, p. 1856.

American Cyanamid Co.-Annual Report-

W. B. Bell, President, in a letter to stockholders, states: Sales volume and (before taxes) profits were somewhat higher than for 1941; but net income for 1942 was \$5,666,901 as against \$6,766,292

Substantial sales during the year under contracts and sub-contracts with the Government are subject to renegotiation under the Sixth Supplemental National Defeuse Appropriation Act. Renegotiation proceedings have been initiated but have not advanced to the point where determination can be made as to what effect, if any, they will have upon the financial statements for 1942.

The Department of Justice, charging violations of the anti-trust laws, has obtained indictments against several thousand American companies and individuals. During the year this company and one of its subsidiaries (together with an officer and three employees) were named in such indictments; one relating to dyestuffs, one to formic acid, and one to sulphuric acid. The company and individuals concerned have pleaded not guilty in each of these cases. At the instance of the Government, trials have been postponed—perhaps until after the war.

Financial and business relations with foreign subsidiaries are on a normal basis, and their current earnings are transferred without diffi-

culty to the parent company.

While operating results for 1942 were better than for 1941, the improvement was more than offset by taxes which, exclusive of customs duties, amounted to \$6.51 per share of common stock in 1942 against

5.34 per share in 1941.

Depreciation, amortization and depletion charges against 1942

income were equivalent to \$1.98 per share on the common stock. Such charges for 1941 were equivalent to \$1.89 per share.

One million dollars was set aside from current earnings and added to contingency reserve against risks and uncertainties under war conditions. The total of this reserve, including provisions made in the 1941 and 1940 accounts, is now \$3,000,000. These provisions are not deducted in the computation of income and excess profits tax accruals.

American Home Products Corp.—Sales Up 30%-

American Home Products Corp.—Sales Up 30%—Sales during the first quarter of this year increased approximately 30% over the comparable period of 1942, it was disclosed by Knox Ide, Executive Vice-President, who presided at the corporation's annual meeting of stockholders in Wilmington, Del., April 8.

"Despite the increased volume of war work, consumer business has continued to show gains which have resulted in a substantial increase in profits before taxes in the first quarter," Mr. Ide declared. "Inventories have been well maintained during the past three months.

"The corporation has under way a substantial conversion and expansion of facilities at the plant of its subsidiary, Harmon Color Works, Inc. for the production of large quantities of sulfa drugs and quinacrine hydrochloride, the synthetic chemical compound for the anti-malaria factor of quinine, for the armed forces. The Harmon plant is also turning out other products for the armed forces while continuing to meet demands for its regular lines of pigments.

"Plans are being prepared for expansion of the facilities of Ayerst, McKenna & Harrison, Ltd., manufacturers in Canada of biological and pharmaceutical products which became affiliated with American Home Products on March 1 through a merger deal. Increasing demands for Ayerst's hormone products are a factor in the expansion

"Another expansion program which will further increase American Home Product's war role is under way at the plant of the Reichel Laboratories at Kimberton, Pa. This will result in a further increase in the large quantities of dried blood plasma which Reichel is processing for the armed forces. Reichel is working 100% on Government orders, which also include serums and vaccines. "Reflecting these expanding activities, the number of American Home Products Corporation's employees has reached a new record high of over 7,600."

The American Home Products Corp. operates in four main fields—pharmaceutical, nutritional and vitamin: household products; pro-

pharmaceutical, nutritional and vitamin; household products; pro-prietary drugs; and dentifrices and cosmetics.

May Acquire Coffee Company-

The corporation is negotiating to acquire the G. Washington Coffee Renining Co., according to an announcement on April 7 by Alvin G. Brush, Chairman of American Home Products Corp. The terms of the proposed deal call for the issuance of 29,860 shares of American Home Products for the G. Washington company. The stock of the G. Washington company is held principally by the Washington family.

When the acquisition of the G. Washington company is effected, . Washington, President and founder, expects to retire. Clarence ark, General Manager of the company, will succeed him.—V. 157,

Liabilities—Drafts payable, \$55,799; accounts payable and accrued liabilities, \$4,580,287; payable to unconsolidated subsidiaries, \$3,145,581; deposits of officers, employees, etc., \$2,959,786; provision for U. S. and foreign income taxes (less U. S. Treasury tax notes of \$502,200), \$1,085,451; reserves, \$6,627,838; minority interest in subsidiary companies, \$244,409; 6% cum. pfd. stock (\$100 par), \$6,637,000; common stock (1,224,585 no par shares), \$38,101,775; surplus, \$11,673,879; total, \$75,111,805.—V. 157, p. 517.

American States Utilities Corp.—To Liquidate—

The Securities and Exchange Commission has issued an order directing the corporation to liquidate and dissolve, and has requested the company and its three subsidiaries, Edison Sault Electric Co., Southern California Water Co. and Grimes Pass Power Co. to submit a plan to effect prompt compliance with its order .- V. 157, p. 1142.

American Superpower Corp.—Exchange Offer Made to Holders of First Preferred Stock-

Gordon Grand, President, on April 13, said in part:

"This corporation owns 90,000 shares of the \$3 cumulative preference stock of The United Corp. and is prepared to exchange these shares, together with cash, on the basis provided below, for shares of the first preferred stock of The American Superpower Corp. against tenders received at or before 12 o'clock noon (EWT) April 24, 1943. The basis of exphange is three shares of The United Corp. against tenders received at or before 12 o'clock noon (EWT) April 24, 1943. The basis of exchange is three shares of The United Corp. preference stock plus \$10 in cash for each share of first preferred stock of The American Superpower Corp. The First National Bank of Jersey City, I Exchange Place, Jersey City, N. J., is agent for this purpose.

of Jersey City, 1 Exchange Place, Jersey City, N. J., is agent for this purpose.

"The asset value as of the close of business on March 31, 1943, applicable to each share of the \$3 cumulative preference stock of The United Corp., as furnished to us by that corporation, was \$38.20. The asset value figure for three shares of such preference stock (the amount which, together with \$10 in cash, is being offered in exchange for each share of The American Superpower Corp. \$6 first preferred stock) would, therefore, be \$114.60. The asset value as of that time of each share of The American Superpower Corp. first preferred stock was \$157.07. The total claim of this first preferred stock in case of liquidation of the corporation would, however, be less than this asset value figure, such claim per share aggregating, as of March 31, 1943, \$100 plus \$19.50 of dividend arrears, or a total of \$119.50.

"From published statements of The American Superpower Corp. and The United Corp., Messrs. R. G. Rankin & Co., auditors of The American Superpower Corp., have prepared (on a comparable basis, including income from dividends and interest and excluding gains or losses on sales of securities) a statement showing the earnings for the year ended Dec. 31, 1942, of the two corporations in relation to the number of shares of the two stocks in question outstanding on Dec. 31, 1942. This statement shows earnings equal to \$6.17 for each share of The American Superpower Corp. \$6 first preferred stock and of \$1.52 for each share (or \$4.56 for three shares) of the \$3 cumulative preference stock of The United Corp.
"A dividend of \$1 per share was paid Feb. 9, 1943, on the \$3

preference stock of The United Corp., such dividend being stated to be on account of dividend arrears on the preference stock. The amount of dividend arrears on such preference stock on April 1, 1943, was \$2.75 per share. On April 1, 1843, the amount of dividend arrears on the first preferred stock of The American Superpower Corp. (accumulated from Jan. 1, 1940) was \$19.50 per share.

"Tenders of the first preferred stock of The American Superpower Corp. will be accepted in the order of receipt. In the event that tenders are received for The United Corp. \$3 cumulative preference stock in excess of the number of shares held in the portfolio, The American Superpower Corp. may (but shall not be obliged to) acquire, in its sole discretion, additional shares of such stock in order to accept tenders which otherwise could not be filled. Certificates accompanying tenders that cannot be filled will be promptly returned to the tendering stockholders. returned to the tendering stockholders.
"The first preferred stock so acquired will be retired."—V. 157, p. 340.

American Telephone and Telegraph Company-Quarterly Report-

Watter S. Gifford, President, states:

"The demands for additional telephone service, both exchange and long distance, continue at an unprecedented rate.

"On March 25, 1943, the War Production Board issued an order further restricting the amount of new material that may be used for the installation of telephones. Provision is made, as formerly, for putting first the installation of telephones required for war and essential civilian purposes.

"The increase in long distance calls continues to be very heavy, especially on the longer hauls to and from war activity centers. It is impossible, with the material limitations which apply, to provide additional long distance circuits to keep pace with the increased traffic. Although every effort is being made to handle the calls with efficiency and dispatch, more and more calls are subject to delay. Additional and dispatch, more and more calls are subject to delay. Additional emphasis is, therefore, being given to our advertising program urging the public to refrain, so far as possible, from making long distance calls to or from war activity centers.

"More than 45.000 Bell System men and women are now serving their country in the armed services. This number is increasing at the rate of about 2,500 per month."

*After deduction of excess profits tax credit of 10%. Federal taxes for January and February, 1943, have been accrued at rates imposed by the Revenue Act of 1942. *Includes proportionate interest in earnings or deficits of Western Electric Co. and all other majority-owned subsidiaries not consolidated (partiy estimated). *Before reservations of net income made in December, 1942, in the amount of \$4,213.786. In respect of the unused excess profits tax credit for the year 1942. Note—Certain retroactive adjustments for taxes and other items made during 1941 and 1942 have been distributed to the periods to which applicable,—V. 157, p. 1236.

American Tobacco Co.-Stockholders Support Management--

Stockholders at their annual meeting in Jersey City, N. J., on April 7 gave the management the largest vote in recent years. Approximately 98% of the total votes cast supported the management's position on proposals submitted to the stockholders for their consideration. The number of shares represented at the meeting was tion. The number of shares represented at the meeting was than usual. As is customary, Paul M. Hahn, Vice-President, ed. All present directors were re-elected. presided.

On individual proposals the votes were as follows: A proposal to change the method of selecting independent auditors was defeated by 98.3% of the shares represented at the meeting. A proposal relating to the conduct of the annual meeting was defeated by 97.7%.

Sales Up 151/2% in First Two months-

Sales in the first quarter of 1943 continued the upward trend which prevailed in 1942, Paul M. Hahn, Vice-President of the company, said at the annual meeting. The gain in the first two months of the year was 15½%, whereas the gain for the balance of the industry was only 2%, Mr. Hahn said.

Total Federal taxes paid by American Tobacco Co. in 1942 amounted to more than \$264,000,000. Mr. Hahn said. This included excise taxes, income taxes, excess profits taxes and capital stock taxes.—V. 157,

American Viscose Corp.—Develops New Product-

A new viscose rayon staple fiber type described as "varied staple length," which is spec'ally designed for use by the worsted spinning trade has been developed in the research laboratories of the American Viscose Corporation and is now in commercial use, it was announced April 15. The new fiber differs from regular types in that each lot manufactured contains fibers that vary in length, instead of all being the same length. As a result there is a carefully calculated distribution of fibers of different lengths closely resembling the distribution or "shoulder" found in natural wool.

Plant Conversion-

A program of converting approximately one-half of the manufacturing facilities of the Lewistown, Pa., plant of this corporation, from the production of regular viscose rayon yarns to higher strength yarns for use in military equipment, has been partially completed

and these yarns are now being shipped to users, the company announces. The conversion provides yarns of the types needed for fragmentation bomb parachutes, aerial delivery and cargo parachutes and aerial tow targets.

nd aerial tow targets.

It is expected that the conversion will be entirely completed within three or four months, the time being dependent upon the delivery of needed materials, the announcement says. Conversion of the company's Marcus Hook, Pa., plant to the production of higher strength rayon yarn was completed recently, and that plant is now 100% on war work .- V. 157, p. 1359.

American Water Works & Electric Co., Inc.—Output-

Output of electric energy of the electric properties of this company or the week ended April 10, 1943, totaled 78,345,000 kwh., an increase f 11.29% over the output of 70,455,700 kwh. for the corresponding

Comparative table of weekly output of electric energy for the last five years follows:

Week End	- 1943	1942	1941	1940	1939
Mar. 20	79,491,000	71,789,000	61.356,000	51,267,000	44,045,000
Mar. 27	78,881,000	72,625,000	62.571.000	50.t32,000	45,840,000

Apr. 10	78,345,000	70,456,000	53,968,000	51,321,000	41,992,000

Hearing on New Service Unit-

The SEC has set a hearing for April 22 on the formation of a new service company by American Water Works & Electric Co., Inc., and consolidated it with proceedings instituted against the company and its subsidiaries on Jan. 28, 1943, respecting construction, sales and service arrangements

The new company, which was recently incorporated in Delaware, is called Water Works Service Co., Inc. It proposes to issue and sell 1.500 shares of common stock (par \$100) to American Water Works & Lectric for \$150,000 in cash. American Water Works Construction Co., which now performs services of associated water companies, will declare a liquidating dividend to American Water Works & Electric, which owns all its capital stock, and dissolve.

The new service company plans to file by amendment its proposed method of allocating its costs of doing business among associate companies, the departmental organization of the company, and the nature of services to be performed by the various departments.—V. 157, p. 1359.

Argo Oil Corp.—Extra Distribution of 10 Cents—

The directors have declared an extra dividend of 10 cents per share and the regular semi-annual dividend of 15 cents per share on the \$5 par common stock, both payable May 15 to holders of record April 17. No extras were disbursed in 1942.—V. 154. p. 794.

Armstrong Cork Co.-Changes in Personnel-

Keith Powlison has been elected to the position of Vice-President and Controller. M. J. Warnock succeeds Mr. Powlison as Treasurer and Cameron Hawley has been appointed as Director of Advertising and Promotion to succeed Mr. Warnock.—V. 157, p. 437.

Appleton Co.-60-Cent Common Dividend

A dividend of 60 cents per share has been declared on the no par value common stock, payable May 1 to holders of record April 20. A similar distribution was made on Feb. 1, last. Payments during 1942 were as follows: Feb. 2 and May 1, 50 cents each; Aug. 1, \$1; and Oct. 28, \$1.50.—V. 157, p. 341.

Associated Corp.-To Merge & Dissolve-

Associated Corp.—To Merge & Dissolve—

An application-declaration has been filed with the SEC by Denis J.

Driscoll and Willard L. Thorp, trustees of Associated Gas and Electric Corp., a registered holding company, and its wholly owned subsidiary, the Associated Corp., concerning the following:

The Associated Corp., concerning the following:

The Associated Corp., the trustees of Associated Gas and Electric Corp. propose to acquire all the assets and assume all the liabilities of the Associated Corp., the assets consisting principally of \$1,320,860 of Associated Gas and Electric Co. sinking fund income debentures, due 1986; the trustees propose to transfer to the Associated Corp. all the outstanding securities issued by the latter for cancellation and retirement, and the Associated Corp. will then be dissolved.—V. 147, p. 412.

Associated Gas & Electric Co.-Weekly Output-

The trustees of Associated Gas & Electric Corp. report for the week ended Apr.l 9, net electric output of the Associated Gas & Electric group was 130,660.116 units (kwh.). This is an increase of 16,395,554 units or 14.3% above production of 114,264,562 units a year ago. V. 157, p. 1359.

Associated Gas & Electric Corp.—Bank Vindicated—

The Public National Bank and Trust Co. of New York was exonerated from charges of breach of trust in a Federal court decision filed April 6 in an action brought by the trustees of Associated Gas and

The complaint asserted that the Bank had acted in bad faith and was grossly negligent in fa'ling to present for payment on Nov. 15, 1938 certain investment certificates issued by Assoc'ated Gas and Electric Co. and held by the Bank as depository for escrow agents under a debt rearrangement plan for Ageco.

In deciding that Public National was entitled to summary judgment in its favor dismissing the complaint the court held that Public

in its favor dismissing the complaint, the court held that Public National was under no duty to present the investment certificates for payment, and the court further stated: "Under no circumstances can the Bank be charged with bad faith or gross negligence for anything shown here. -V. 157, p. 1236.

Atlantic Rayon Corp.—Larger Distribution-

The directors have declared a dividend of 15 cents per share on the common stock, par \$1, payable May 1 to holders of record April 17. This compares with distributions of 10 cents each made on Feb. 9, last, and on Feb. 16, June 25 and Dec. 21, 1942.—V. 157, p. 1047.

Aviation Corp.—Earnings-

(2) The report is subject to adjustments which may result from renegotiation of contract prices, enactment of the 1943 Revenue Act and year-end audit.

To Pay 10-Cent Dividend-

A dividend of 10 cents per share has been declared on the common stock, par \$3, payable April 30 to holders of record April 19. Payments last year were as follows: April 20, 10 cents; and Dec. 21, 15 cents.—V. 157, p. 1265.

Baltimore & Ohio RR.-Interest Authorized-

The directors have determined that the available net income of the company for the year 1942 was \$56,601,204.42. Of this amount, \$7,528,803.71 has been set aside in the capital fund, and \$11,356,562.50 (together with fractional amounts heretofore appropriated but unpaid) will be applied pro rata to the payment of all the secured and unsecured contingent interest accrued on the following bonds to Dec. 31,

1942, in the following amounts respectively:

Refunding and general mortgage bonds of the company—Series A, D and F—5%—\$40 per \$1,000 bond, \$20 per \$500 bond and \$10 per \$250 bond; Series C—6%—\$48 per \$1,000 bond and \$24 per \$600 bond;

Buffalo, Rochester & Pittsburgh Ry. Co. 4½% consolidated mortgage bonds—\$15 per \$1,000 bond;

Cincinnati, Indianapolis & Western RR. Co. first mortgage 5% bonds—\$20 per \$1,000 bond and \$2 per \$100 bond;

First mortgage 5% bonds of the company-\$10 per \$1,000 bond and

Southwestern Division first mortgage 5% bonds of the company-oper \$1,000 bond and \$7.50 per \$500 bond; and \$\frac{1}{2}\cdots\$ convertible bonds of the company—\$45 per \$1,000 bond.

The board of directors has determined to pay said interest on and

after May 1, 1943.
On May 1, 1943. a payment of \$28,286,878.66 will be made into the sinking fund provided for by supplemental indentures dated Jan. 1,

\$9,000,000 Equipment Issue-

The company has requested trust companies interested in acting as trustee under a proposed \$9,000,000 equipment trust issue to submit for consideration of the company their charges for acting as trustee.—

New Director, Etc .-

Philip LeBoutillier has been elected President and General Manager; John W. Hanson and Wilbur J. Allen as Vice-Presidents; Gordon B. McCausland, Vice-President and Assistant Secretary, and Walter Strickland, Secretary and Treasurer. Directors named were Charles M. Connfelt, John W. Hanson, Philip LeBoutillier, Nathaniel D. Reich and Walter Strickland. The latter succeeds Alfred W. Miles on the board. -V. 157, p. 987.

Beverly Gas & Electric Co.-35-Cent Dividend-

A dividend of 35 cents per share was paid on the common stock, par \$25, on April 14 to holders of record April 8. On Jan. 14, last; a distribution of 75 cents per share was made. Payments last year were as follows: Jan. 14, 85 cents; Apr.l 14, 65 cents; July 14, 60 cents; and Oct. 15, 50 cents.—V. 157, p. 215.

Blaw-Knox Co.—Annual Report—

The annual report shows net profit of \$1,425,718 after all charges, including provision for renegotiation of contracts and reserve for war and post-war adjustments, as compared with \$1,668,311 in 1941. Net profit for 1942 was equivalent to \$1.07 a share on 1,334,458 shares outstanding as compared with \$1.25 a share in 1941.

Before providing for Federal income and excess profits taxes, but after providing for renegotiation of contracts, profit was \$9,805,718 as compared with \$5,053,915 in 1941.

Taxes for 1942, exclusive of taxes on purchases of raw materials.

Taxes for 1942, exclusive of taxes on purchases of raw materials and supplies and of sales and use taxes collected from customers, amounted to \$9,719,605 compared with \$2,882,499 in 1941.

Eased on final results for 1942, the company, in addition to earlier price reductions, has offered a renegotiation refund of \$2,500,000. While the final effect of currently uncompleted renegotiation proceedings for 1942 cannot presently be determined, in the opinion of the company, the 1942 earnings will not be materially affected.

Board of Trustees of North Methodist Church, Indianapolis, Ind.—Bonds Offered—An issue of \$150,000 first mortgage 3-3½s and 4% serial bonds is being offered by B. C. Zeigler & Co., West Bend, Wis., at prices ranging from 100½ and interest to 101 and interest, according to maturity.

Dated March 1, 1943; due serially Sept. 1, 1944 to March 1, 1958. Coupon in denominations of \$1,000, \$500 and \$100, registerable as to principal at office of Fletcher Trust Co., Indianapolis, Ind., trustee. Principal and interest payable in lawful money of the U. S. of America at office of trustee, or at option of holder at Continental Illinois National Bank and Trust Co., Chicago, or First National Bank of West

Interest payable semi-annually at following rates: 3% per annum to and including interest due March 1, 1947; 3½% per annum from March 1, 1947, to and including interest due March 1, 1951; and 4% annum thereafter to maturity.

Purpose—In order to effect a saving in interest on its outstanding debt, the mortgagor on March 1, 1943 paid in full the balance of \$154,000 outstanding mortgage. Funds for this purpose were obtained through a temporary, unsecured bank loan which is to be retired from the proceeds of these bonds.

The appraised value of new church and site included in the lien of the indenture totals \$397,629.

History—In 1843 a rural Methodist Mission was organized in the farm territory some miles north of Indianapolis. This mission grew and became Sugar Grove Methodist Episcopal Church in 1855. Although its name was changed several times, the congregation had a continuous existence until it became a part of North Church.

Botany Worsted Mills-Dividend Suit Ends-

Vice Chancellor Henry T. Kays at Jersey City, N. J., on April 7 dismissed a suit brought by H. Paul Shanik to restrain the company from paying a dividend this year on its preferred stock, according to an Associated Press dispatch.

Previously the stockholders had voted to permit the board of directors to amend the company's charter to allow payment of the dividend. Mr. Shanik, owner of 400 shares of stock, then had obtained a temporary restraining order.

The company moved to vacate the order through its counsel, Nat Bilder. -V. 157, p. 1047.

Bonwit Teller, Inc.—Earnings—

In a consolidated report for the fiscal year ended Jan. 31, 1943, net profit amounted to \$277,026 after depreciation and amortization of \$159,030, a \$30,000 charge for contingencies and Federal income taxes of \$277,025, equal, after preferred dividends, to \$1.01 a share on 152,250 common shares and compares with \$336,521, or \$1.39 a share, in the previous fiscal year.

Store sales, including sales from the beauty salon and leased departments, were \$10,004,902, compared with \$10,547,362. The company has anticipated the payment of the balance of a long-term bank loan aggregating \$340,000.

The balance sheet shows cash of \$881,133, compared with \$529,964 receivables \$1,096,793, against \$1,567,589; inventories \$982,560, against \$1,022,521, and current liabilities of \$1,167,596, against \$1,236,983. -V. 155, p. 1750.

Borg-Warner Corp. 90% of Output in War Goods "Stand-by" Loan Arranged-

In the annual report to stockholders, C. S. Davis, President, stated that the company is engaged chiefly in output of war goods, which now comprise more than 90% of the total volume of manufactures The remainder consists of automotive replacements parts, farm implement parts and other items deemed essential to civilian needs.

Since it entered the period of war work with no funded debt, no Since it entered the period of war work with no funded debt, no bank loans, and with a strong financial postition, the company thus far has not required outside financing. To provide for possible necessities, however, it has arranged a "stand-by" loan agreement with a group of banks whereby it may borrow up to \$15,000,000. This agreement extends until July 1, 1947.

have set aside from the 1942 earnings a contingency reserve of \$2,500,000.

The company's 1942 earnings on war contracts are subject to renegotiation. The Administrative Unit of the Price Adjustment Section of the Chicago Ordnance District is reported to have indicated section of the Chicago Orientate District is reported to have mattered that a refund of \$18,200,000 of such war contract profits might be acceptable. This amount has been provided for in the balance sheet and in the profit and loss account. Since the renegotiation proceedings have not been completed, however, the figure already indicated is subject to possible revision.

In addition to extension of production facilities financed by the company's own funds, the Government in 1942 provided and equipped a new plant for the manufacture of motorized vehicle parts, and an addition to one of the existing plants.

The volume of unfilled orders on the company's books totaled \$223,000,000 on March 15, 1943. This represents more than half of the total orders received from Government and civilian sources since the start of the national defense program in 1940.—V, 157,

Boston Edison Co.—Output Up 11.8%-

Net system output of the Boston Edison Co., as reported to the Edison Electric Institute for the week ended April 10, 1943, was 32,277,000 kwh., as compared with 28,861,000 kwh. for the week ended April 11, 1942, an increase of 11.8%.

For the preceding week output was 33,188,000 kwh., an increase of 15% over the corresponding week last year.—V. 157, p. 1360.

Total operating expenses includes depreciation of \$2,184,464 in 1942, \$2,174,356 in 1941 and \$2,157,709 in 1940. †Under a decision of the U.S. Court of Appeals rendered Nov. 4, 1942, with respect to which a petition for writ of certiorari is pending before the U.S. Supreme Court, the company was held liable for Federal income taxes for the years 1933 to 1937 inclusive. The amount of the taxes determined in accordance with said decision for the years 1933 through 1941 with accrued interest thereon to Dec. 31, 1942 is \$1,343,901. As sufficient reserves had not been provided for these taxes in prior years, it was necessary to charge the amount of \$930,006 to profit and loss in 1942. As a result of certain deductions which do not enter into the computation of the cost of the service but are allowable for Federal income tax purposes, it is believed that no Federal income or excess profits taxes have been incurred for the year 1942. ‡Profit.—V. 157, p. 1265. Total operating expenses includes depreciation of \$2,184,464 in 1942.

Acquisition-

The purchase of the Cheplin Biological Laboratories at Syracuse, N. Y., is announced by this company. They were established in 1923 by Dr. H. A. Cheplin. The laboratories' work will continue with no change of management or executive staff, it was stated.—V. 157,

Broadway & 38th Street Corp., N. Y. City-Trustee Resigns-

The Bank of the Manhattan Company has resigned as successor corporate trustee under the trust indenture dated Jan. 1, 1925, covering the 1st mtge. leasehold 7% sinking fund gold bonds, such resignation to take effect on May 1, 1943.—V. 151, p. 981.

Brockton Gas Light Co.—12-Cent Distribution-

A dividend of 12 cents per share has been declared on the common stock, par \$25, payable April 15 to holders of record April 5. This compares with 13 cents paid on Jan. 15, last, and with 10 cents per share paid in preceding quarters.—V. 157, p. 1143.

Bucyrus-Erie Co.-New President, Etc.-

N. R. Knox, Vice-President since 1933, in charge of the plants in South Milwaukee, Erie, Pa., and Evansville, Ind., has been elected President, succeeding W. W. Coleman, President for 32 years, who will remain as Chairman of the board. G. A. Morrison, who has been Vice-President, has been named Vice-Chairman of the board, and W. L. Little, Works Manager at Erie, Pa., has been appointed Vice-President. W. M. Bager, Vice-President, has been named Technical Director.—V. 157, p. 1366.

Bush Terminal Co.—Dividend Outlook—

Irving T. Bush, President, told stockholders at the annual meeting that the directors might before the end of the first half of 1943, and possibly at the May meeting, consider a dividend on the common stock, but that because of the rising trend in Federal taxes, it would

stock, but that because of the rising frend in Federal taxes, it would most likely have to be a modest payment.

Mr. Bush stated that he had been quite hopeful that he could recommend a disbursement to the board before the end of the first six months of this year, but this hope had been somewhat dampened by the suggestion of the company's auditors that the company should set aside greater reserves to meet the rising tide of Federal taxes. Hence, he stated, while the board would probably consider the question, it was likely prevailing conditions would dictate, at best, only a token payment.

payment.

Mr. Bush stated that from present trends the company will enjoy higher earnings this year before taxes. He drew attention to the progress made by the company in recent years, pointing to the red figures shown for 1939 and 1941, while in 1942 the company was able to show net profit of well over \$900,000 before taxes.—V. 156, p. 2034.

(The) Byrndun Corp., Brooklyn, N. Y .- To Pay Dividend Arrearages-Stock Distribution Also Declared-

dend Arrearages—Stock Distribution Also Declared—
Henry G. Fahlbusch, President, announces as follows:
The directors on April 3 declared dividends as follows: for the semi-annual dividend period beginning Jan. 1, 1943, \$1.50 per share on the participating preferred stock; \$2.50 per share on the class A participating stock; \$3.50 per share on the second preferred stock, and one share of class B common stock of Hat Corp. of America on each 20 shares of class A participating stock, class A common stock and common stock. They also declared a dividend of \$60 per share on the class A participating stock, representing arrears of accumulated dividends thereon up to but not including Jan. 1, 1943. Fractional shares of class B common stock of Hat Corp. of America will not be issued but in lieu thercof the stockholders will receive cash at the rate of 25 cents per twentieth of a share of such stock. All of such dividends are payable May 10 to holders of record April 24.

The Commercial National Bank & Trust Co., 46 Wall St., New York, N. Y., is transfer agent for the stock.

To Redeem Collateral Trust Notes on May 17—

To Redeem Collateral Trust Notes on May 17-

All of the outstanding 3-year discounted collateral trust notes have been called for redemption as of May 17, 1943, at 122½ of the face amount of such notes. Payment will be made at the Central Hanover Bank & Trust Co., trustee, 70 Broadway, New York, N. Y.—V. 155,

S. Treasury notes, tax series, of \$3,000,000), \$1,395,875; dividends payable Jan. 2, 1943, \$353,960; fifteen-year 3% sinking fund debentures, \$4,000,000; contingencies reserve, \$275,000; insurance reserves, \$1,277,344; minority interest in subsidiary company, \$1,760; 4% cumulative first preferred stock (\$100 par), \$5,000,000; common stock (609,508 no par shares), \$10,056,882; earned surplus, \$10,327,086; total, \$37,416,340.—V. 156, p. 989.

Celanese Corp. of America-Sales 22% Higher-

Sales for the first two months of 1943 were approximately 22% greater than for the same period of 1942, stockholders were advised, at the annual meeting held April 14, by Dr. Camille Dreyfus, President. The trend to larger sales volume, indicated in the company's annual report for 1942, has continued in 1943. Dr. Dreyfus stated.

Earnings continue good, he said, with taxes, of course, taking the greater share. In view of all the uncertainties, such as taxes, scarcity of labor, etc., it is not possible at this time to make any prophecy as to the final net results of operations for 1943, he stated, but if present indications continue the company management is hopeful that net earnings might equal and possibly surpass last year's record figures.

Wages Increased-

The National War Labor Board on March 25 granted pay raises averaging 4 cents an hour to the approximately 9,400 workers at the Amcelle plant of the corporation, near Cumberland, Md. The increases are provided for in a negotiated agreement between the company and the Textile Workers Union of America, CIO, Local 1873. They include a 3 cents general increase for all employees and additional adjustments for certain classifications within the plant.—V. 157, p. 1266.

Celotex Corp.—121/2-Cent Common Dividend—

The directors on April 10 declared a quarterly dividend of 12½ cents per share on the common stock and the usual quarterly dividend of \$1.25 per share on the preferred stock, both payable May 4 to holders of record April 20. Like amounts were paid on Feb. 6, last. Distributions of 12½ cents per share were made on the common stock on Aug. 8 and Oct. 31. 1942, compared with 25 cents each on Jan. 31 and May 7, 1942.—V. 157, p. 1266.

for 1942 totaled \$794,061 as compared with \$303,210 for 1941.

Current assets as of Dec. 31, last, amounted to \$4,728,208 and current liabilities were \$988,708, comparing with \$4,090,424 and \$487,740, respectively, at close of the preceding year.—V. 153, p. 1271.

Chesebrough Building Co.-Tenders Sought-

The Central Hanover Bank & Trust Co., trustee, 70 Broadway, N. Y. City, will until 2 p. m. (E.W.T.) on May 6 receive bids for the sale to it of first mortgage 25-year 6% sinking fund gold loan certificates, dated Oct. 1, 1923, to an amount sufficient to absorb \$20,016.57 and at prices not to exceed 102½ and interest.—V. 124,

Chicago Milwaukee St. Paul & Pacific RR.—Court Asked to Reconsider Plan-

The U. S. Supreme Court was asked April 8 to reconsider its March 15 decision approving, with minor modifications, an Interstate Commerce Commission plan for reorganization of the road under the Federal Bankruptcy Act.

A request for a rehearing was filed by Meyer Abrams, Chicago attorney, for Israel A. Abrams and other adjustment mortgage bondholders.

Statistics were presented which the attorney said showed an increase of \$91,725,807 in the railroad's assets on Jan. 31, 1943, as compared with the date when the Commission had determined the assets.—V. 157, p. 1267.

Chicago, North Shore & Milwaukee RR .- New Trus-

Col. A. A. Sprague and Mr. Fallon retired as receivers, Edward J. Quinn and John B. Gallagher being named as trustees by U. S. Judge Michael L. Igoe. The change in the Court proceedings involving the railroad resulted from reorganization proceedings initiated by a group of bondbolders. of bondholders.

The Securities and Exchange Commission notified the Court that he law prevented Col. Sprague and Mr. Fallon from being appointed a trustees because of the Chicago Rapid Transit Co. being a creditor as trustees because of the Chicago Rapid Transit com-of the North Shore Line. They are trustees of the Rapid Transit com--V. 155, p. 1504.

Chicago & North Western Railway-Abandonment Denied-

The ICC on March 27 denied the application of the trustee to abandon a line of railroad extending from Belle Plaine to What Cheer, approximately 37,692 miles, all in Benton, Taina, Poweskiek, and Keokuk Counties, Iowa.—V. 157, p. 1360.

Chicago Rock Island & Pacific Ry.—May Repay Debt

Edward N. Brown, chairman of the board, has notified interested parties that the company on April 19 will file with Federal Judge Michael Igoc at Chicago, a petition for the court to investigate and report on the possibility of utilizing part of its \$50,000,000 of cash to pay debt. The company seeks repayment of bank loans, the Reconstruction Finance Corporation loan and tenders on outstanding bonds out of eyelleble cash out of available cash.

out of available cash.

The petition points out that approximately \$65,000,000 to \$75,000,000 of cash will be available at the end of this year. Bank loans aggregate \$3,811,006, and with interest to Jan. 1, 1942, amounted to \$5,594,417. The RFC loan amounts to \$13,718,700 and with interest to Jan. 1, 1942, the effective date of the plan, it totaled \$19,188,939.

Approx mately \$32,600,000 of cash is now held in U. S. Treasury certificates and tax anticipation notes, drawing nominal interest rates. Interest on the trust estate's indebtedness is accruing at approximately \$1,000,000 per month, the petition declared.—V. 157, p. 1360.

Chicago Surface Lines-Wages Increased-

The National War Labor Board on March 24 announced approval of a board of arbitration award providing for a general 9-cent per hour increase for approximately 13,000 employees of the Chicago Surface Lines, a group of four Chicago street railway companies. The employees are members of Division 241, Amalgamated Association of Street, Electric Railway and Motor Coach Employees of America, AFL.

The Board also approved special adjustments for certain groups of employees in addition to the general increase.

The general increase was made retroactive to June 1, 1942.

The union had asked for a 12-cent per hour general increase and a 14-cent per hour increase for operators of buses and one-man cars. The company objected to any increase.—V. 157, p. 439.

Childs Co .- April 1 Interest-

At the meeting of the board of directors, held March 31, 1943, it was decided to pay the interest due April 1 on both the old and new debentures, and this was paid on April 1. The April 1, 1943, sinking fund payment provided for in the new indenture was not made.

The board of directors also decided to keep open, until further

The board of directors also decided to keep open, until further notice, the offer of exchange, in the hope that sound judgment will prevail and the exchange plan will be completed.

Debenture holders are again urged to exchange their debentures now so that the business of the company may continue without interruption and without serious loss to debenture holders.—V. 157, p. 1077.

Claude Neon Lights, Inc., of New York-Earnings-

Calendar Years (And Wholly Owned Subsidiaries) *Loss.—V. 151, p. 1717.

Cleveland Builders Realty Co .- Delisting-

The SEC April 10 announced that it had granted the application of the company to withdraw its capital stock (no par) from listing and registration on the Cleveland Stock Exchange. The application stated, among other things, that the applicant desires to save the expenses involved in the maintenance of such listing and registration. The order became effective at the close of the trading session on April 16, 1943.

Climax Molybdenum Co.—Special Offering—A special offering of 20,000 shares of common stock (no par) was made by Merrill Lynch, Pierce, Fenner & Beane on the New York Stock Exchange March 31. The price was 4734, with a commission of 45 cents a share. There were 84 purchases by 25 firms. Largest purchase amounted to 10,550 shares and the smallest to five shares.—V. 157, p. 780.

Consolidated Dearborn Corp.—Acquisition—

It was announced on April 10 that the stockholders of Lear Avia, Inc., an aviation equipment and accessory manufacturing concern, with headquarters in Piqua, Ohio, have arranged to sell their stock to the Consolidated Dearborn Corp. It was stated that the 88,140 shares of stock of the Lear Avia company were owned by abount 20 stockholders. The latter corporation was established in 1930 by William P. Lear, President, and has plants at Piqua, Ohio, and Grand Rapids, Mich., and engineering units in Hollywood, Calif., and New York, N. Y. (Chicago "Tribune").—V. 150, p. 125.

Columbia Gas & Electric Corp.—Annual Report—

The annual report for 1942 describes the essential part played by electricity and natural gas in the war effort and shows the largest revenues from these services in the System's history. During 1942 gross revenues were 2.4% larger than during 1941 in spite of the fact that two subsidiary companies were sold to other interests in February, 1942. Sales of gas by those companies now comprising the System were the largest on record, and sales of electricity, which exceeded two billion kilowatt hours, were more than double those of 1934.

Operating expenses exclusive of taxes decreased 1.7%. Accruals for taxes, however, increased 19.5%, and accruals for Pederal income and excess-profits taxes alone increase 37.8%. The total amount of all taxes accrued during the year was in excess of \$30,000,000. Because of the increase in the tax burden at a rate disproportionate

to the increase in gross revenues, consolidated net income after provision for fixed charges and preferred stock dividends was only 19 cents a share of common stock as compared with 33 cents a share during

The installed capacity of the System's generating stations was increased to 624,250 kw. by the completion of a 65,000 kw. generator in the Columbia Station of Cincinnati Gas & Electric. To date, the maximum demand on the System's stations has amounted to

The number of wells drilled by the System's natural gas companies was slightly greater than the number drilled during 1941, and it is anticipated that in order to meet gas requirements for next winter,

7831 W 1887

well drilling programs will have to be materially expanded during 1943. Nevertheless, the System anticipates construction expenditures of only \$12,000,000 during the coming year as compared with \$16,900,000

\$12,000,000 during the coming year as compared with \$15,900,000 during 1942 and \$24,000,000 during 1941.

At the end of the year, it was estimated that the System had available, either by leasehold or purchase contract, 2,760,000,000 Mcf. of natural gas in the ground. Corresponding figures at the end of 1940 indicated reserves of approximately 2,960,000,000 Mcf. During the two year period, however, approximately 360,000,000 Mcf. of natural gas were withdrawn from the ground and sold.

The Columbia companies have, in recent years, been placing natural gas in storage in semi-depleted gas fields located strategically with reference to the System's markets. This procedure tends to lengthen the life of gas reserves and to relieve the demands placed on the transmission system during peak load periods. Approximately 30,000,-000 Mcf. were estimated to have been in storage for use during the past winter.

During 1942, regular quarterly cash dividends were paid in full on the cumulative preferred stock 6% series A and 5% series and on the 5% cumulative preference stock at the prescribed rates. No divi-dends were declared or paid on the common stock.

Columbia Oil Plan-The report has the following:

In previous annual reports and in shareholders letters there has been extended discussion of the problems and proceedings which relate to the corporation's interest in Columbia Oil & Gasoline Corp. and the interest of the latter in Panhandle Eastern Pipe Line Co. On March 31, 1942, the SEC entered an order requiring the corporation to divest itself of all interest, direct or indirect, in Panhandle Eastern Pipe Line Co. Thereafter, a plan was developed for the solution of these problems, which was submitted to the SEC, and proceedings on applications embodying different plans were suspended. This plan has been approved by the Commission and by the stockholders of Columbia Oil & Gasoline Corp. at a meeting held for that purpose, but is now being contested in the courts by certain minority stockholders of that corporation. [The Court of Appeals at Philadelphia on March 29, 1943, turned down the minority petition—Ed.] These stockholders not only contend that the plan should be disapproved, but also claim that Columbia Oil & Gasoline Corp. is entitled to have an accounting and damages against this corporation and certain of its post and present officers and directors. The pending plan contemplates the following transactions. In previous annual reports and in shareholders letters there has

past and present officers and directors. The pending plan contemplates the following transactions.

(1) Columbia Oil & Gasoline Corp. will sell to Panhandle Eastern Pipe Line Co: for retirement the 10,000 shares of Panhandle's class B preserred stock held by Columbia Oil for the cash sum of \$1,000,000 plus accrued dividends to the date of payment.

(2) Columbia Oil will sell to Phillips Petroleum Co. for \$10,436,826 on the terms and conditions specified in the agreement between them, Columbia Oil's holdings of 404,326 shares of common stock of Panhandle. One of the terms of the agreement is that court orders be entered dismissing, with prejudice to the plaintiffs and all others whom they purport to represent, all pending proceedings against Columbia Gas and Columbia Oil in which Missouri-Kansas Pipe Line Co. or Lucille I. Dammann, or both, are plaintiffs. The agreement with Phillips Petroleum Co. is of limited duration. The date for consummation has been from time to time extended, and at present consummation has been from time to time extended, and at present the contract expires on March 31, 1943. [Press reports March 31 stated that the plan was consummated March 30, 1943.—Ed.]

(3) Columbia Oil will wind up its affairs upon the following terms

conditions: pay in full all of its indebtedness, including its deben-

tures now held by this corporation, together with accrued interest thereon to the date of payment;
(b) It will distribute to the holders of its common stock, in full settlement of all their rights and interest in Columbia Oil & Gasoline

Corp., the sum of \$1 per share in cash;
(c) All its remaining assets of whatsoever nature will be transferred to Columbia Gas as the holder of all of its outstanding preferred

When and if the plan is consummated, Columbia Gas & Electric Corp. will receive approximately \$11,500,000 in cash and the entire investment of Columbia Oil & Gasoline Corp. in its subsidiary oil and gasoline operating companies. The earnings of the oil and gasoline subsidiaries for the year 1942, which would have been applicable to the corporation had they then been owned by the corporation and which will thus become available for distribution to the corporation upon consummation of the plan, amounted to approximately \$2,000,000. In substance, in order to obtain these considerations, Columbia Gas & Electric Corp. will surrender the \$8,800,000 of 6% debentures of Columbia Oil and the 400,000 shares of preferred stock of Columbia Oil which it now holds. No dividends have been declared on this preferred stock since 1938.

In its order approving the plan, the Commission also held, under

In its order approving the plan, the Commission also held, under terms of the Holding Company Act, that voting power among the security holders of Columbia Oil is unfairly and inequitably distributed. It ordered that, in the event the plan is not consummated, Columbia Oil take steps to rectify the condition by changing its present stock capitalization into a single class of common stock in an appropriate

Decree Ends Control of Panhandle Eastern-

The Justice Department on April 4 announced that a supplemental consent decree which terminates its long fight against control of Panhandle Eastern Pipeline Co. by Columbia Gas & Electric Corp. had been filed in the Federal District Court at Wilmington, Del. The decree, approved by both the Department and the Securities and Exchange Commission, terminates the trusteeship under which the Panhandle stock owned by Columbia Oil & Gasoline Corp. was held, and provides for complete divestiture of the Columbia interest through sale of the Panhandle stock to Phillips Petroleum Co., holding it for its own account and for Missouri-Kansas Pipeline Co.—V. 157, p. 1267.

Columbia Oil & Gasoline Corp.-Winding Up Plan-Stockholders To Receive \$1 per share-

The plan for winding up the corporation, which was approved at the stockholders' meeting held on Dec. 30 and 31, 1942, has been approved by the U. S. District Court for the District of Delaware and the corporation has been ordered to carry it into effect. The order of the court, dated March 29, 1943, provides that there shall be distributed to each common stockholder \$1 per share of common stock, which sum is to be in full settlement of all his rights and interests in the corporation.

In compliance with the order of the court, the corporation has deposited with Corporation Trust Co. as distributing agent, the sum of \$2,336,826 (being \$1 for each share of common stock outstanding) and has authorized and directed it to effect the distribution to the common stockholders.

The holders of common stock certificates, and also the holders of

common stockholders.

The holders of common stock certificates, and also the holders of voting trust certificates, will receive payment of \$1 per share upon surrender of their certificates at the office of The Corporation Trust Co., 15 Exchange Place, Jersey City, N. J.

In addition to common stock certificates and voting trust certificates, there are outstanding certain bearer scrip certificates each of which, in effect, represents one-fifth of a share of common stock. Such scrip certificates should be surrendered at the office of Corporation Trust Co. and payment will be made therefor at the rate of 20 cents for each such certificate.—V. 157, p. 1267.

Commonwealth & Southern Corp.—SEC Allows Deal

The Securities and Exchange Commission approved April 14 acquisition by the corporation of 18,000 shares of its \$6 preferred stock, but expressed doubt that similar transactions should be approved in the are May 7, 182 - V 13 1 o 130 1 1911

Commonwealth acquired the stock for cancellation from its subsidiary, Transportation Securities Corp., for \$950,000 cash. Transportation Securities received the shares from A. C. Allyn & Co., Inc., and the Equitable Securities Corp. in consideration for Transportation Securities' investment in the Springfield Transportation Co.

Of the 18,000 shares, 14,700 were acquired by Allyn & Co. and Equitable Securities from institutional investors at \$50 a share, or a premium of \$5 a share above the market price, while the remaining 3,300 shares were bought at \$48.50, or a premium of 3½ points. The total cost to Allyn & Co. and Equitable Securities was \$695,000.

"There is obviously a substantial question," the SEC remarked, "as to the propriety, both with respect to other preferred stockholders of Commonwealth and with respect to its common stockholders, of permitting indirect acquisition from a limited group of holders at a substantial premium over the current market.

"Because of the comparatively small amounts involved (only approximately 1% of the total issue of Commonwealth's preferred stock), it appeared appropriate when the original application was filed to grant the application in order to ascertain exactly how effective and appropriate the particular mechanism might be. As stated previously, we have great doubt as to whether similar transactions should be permitted in the future."

Commonwealth's payment of \$950,000 to Transportation Securities placed the value of the stock at \$53 a share.

Commonwealth's payment of \$950,000 to Transportation Securities placed the value of the stock at \$53 a share.

Weekly Output-

The weekly kilowatt hour output of electric energy of subsidiaries of this corporation adjusted to show general business conditions of territory served for the week ended April 8, 1943, amounted to 231,-629,961 as compared with 196,474,251 for the corresponding week in 1942, an increase of 35,155,710, or 17.89%.—V. 157, p. 1361.

Consolidated Edison Co. of New York, Inc.-Output-

The company on April 14 announced that system output of elec tricity (electricity generated and purchased) for the week ended Apr. 11, 1943, amounted to 173,400,000 kwh., compared with 147,-100,000 kwh. for the corresponding week of 1942, an increase of 17.8%. Local distribution of electricity amounted to 170,100,000 kwh., compared with 146,700,000 kwh. for the corresponding week of last year,

Stockholders to Meet on May 17-

The company on April 10 mailed to stockholders notice of its annual meeting to be held at its offices, 4 Irving Place, New York City, May 17, with proxy and a proxy statement outlining the business which the management expects to come before the meeting.

The management will present for re-election the 15 trustees now holding office. It will ask ratification by the stockholders of the appointment of Price, Waterhouse & Co. to audit the accounts of the company and its system companies for the year 1943. This firm has neted in the same capacity in the last five years.

The proxy statement also presents for consideration of stockholders live resolutions submitted by two stockholders for action at the meeting, which the management says it will oppose and against which it solicits proxy votes.

solicits proxy votes.

Four of these resolutions will be presented by James Puller of Hartford, Conn., who has held 10 shares of the company's common stock since Feb. 27, 1942.

One resolution asks that in case the present dividend of \$1.60 annually be cut by any percentage, a similar percentage cut be made in all executive salaries of the company and its subsidiaries which are \$25.000 a year or more, provided that no such salary be cut more than 25% in any one calendar year. The second resolution asks that a complete stenographic record of the proceedings of all annual meetings be taken and a fair and comprehensive summary be sent to each stockholder within 30 days after the annual meeting. The third requires all trustees of the company to attend the annual meeting of stockholders, except in case of severe illness or absence from company headquarters because of work for the Government during the war emergency. The fourth resolution would put a ceiling of \$50.000 a year on executive salaries of the company and its subsidiaries, including any insurance premiums paid by the company or its subsidiaries for the benefit of any executive officer.

The fifth resolution, to be presented by Frank T. Wood of New York City, a stockholder since April, 1937, with 700 shares of common stock, asks the board of trustees to retain a firm of industrial engineers or counsellors of standing to review the company's provisional retirement plan, its welfare work and all other phases of labor relations to report whether the plan is equitable and economical and to submit recommendations to stockholders.—V. 157, p. 1361. One resolution asks that in case the present dividend of \$1.60 annu-

Current assets as of Dec. 31, 1942, amounted to \$4,264,426 and current liabilities were \$1,958,111. comparing with \$3,729,933 \$1,500,457. respectively, at the end of the preceding year. 121/2-Cent Dividend-

The directors have declared a dividend of 12½ cents per share on the common stock, payable May 15 to holders of record May 3. This compares with 35 cents per share paid on Dec. 21, last, the only payment during 1942.

March Sales-

1943—Month—1942 1943—3 Mos.—1942 \$1,661,387 \$1,417,489 \$5,060,427 \$3,492,024 Period End. Mar. 31--V. 157, p. 991.

Consolidated Royalty Oil Co. -5-Cent Dividend-

A dividend of 5 cents per share has been declared on the common stock, par \$10, payable April 25 to holders of record April 15. Similar distributions were made last year on Jan. 25, April 25, July 25 and Oct. 25; none since.—V. 154, p. 869.

Consolidated Vultee Aircraft Corp.-Initial Divs.-

The directors on April 12 declared an initial dividend of 50 cents per share on the common stock, payable May 15 to holders of record May 5, and an initial quarterly dividend of 31½ cents per share on the \$1.25 preferred stock, payable June 1 to holders of record May 20. These are the first dividends by this corporation since the merger on

March 17 of Consolidated Aircraft Corp. and Vultee Aircraft, Inc.

A distribution of \$1 per share was made April 18, 1942 on the common stock of the Consolidated Aircraft Corp., the stock of which was exchanged share for share for that of the new company.

Listing of Stocks on New York Stock Exchange-

The New York Stock Exchange has authorized the listing of 1.629,754 shares of common stock (par \$1) and 216,729 shares of \$1.25 cumulative convertible preferred stock (no par) on official notice of issuance, pursuant to the terms of the agreement of merger dated Jan. 25, 1943, providing for the merger of Vultee Aircraft, Inc. (Pel.), with and into Consolidated Aircraft Corp., the continuing corporation to be known as Consolidated Vultee Aircraft Corp.

The agreement of merger provides that upon consummation of the merger the 844,244 shares of common stock of Consolidated now outstanding (excluding 9.230 shares of such stock held by Consolidated

standing excluding 9.230 shares of such stock held by Consolidated in its treasury, and 440.000 shares of such stock owned by Vultee, all of which will be retired and cancelled upon consummation of the merger; will remain outstanding as an equal number of shares of common stock of the corporation; that each share of the 216,729

presently outstanding shares of \$1.25 cumularity convertible preferred stock (no par), of Vultee, will be converted into one share of \$1.25 cumulative convertible preferred stock of the corporation; that each share of the 1.203,755 10.20 presently outstanding shares of common stock (par \$1) of Vultee will be converted into 45/100ths of a share of common stock (par \$1) of the corporation.

Capitalization—The corporation will have the following capitalization the consummation of the merger:

Common stock (par \$1)

\$\frac{2,400,006\text{ shs.}}{2,400,006\text{ shs.}}\$

\$\frac{1,385,932\text{ shs.}}{216,729\text{ shs.}}\$

\$\frac{216,729\text{ shs.}}{216,729\text{ shs.}}\$

Consolidation Coal Co., Inc.—Proposed Sale, Etc.-

Negotiations are under way for the sale of certain West Virginia coal properties of this corporation to an unnamed steel company, according to reports in Wall Street. The directors of the Coal company are expected to meet soon and consider the sale proposal, it was said. No estimate of the amount of money-involved in the transaction was

The company recently has been reducing its public indebtedness, and during January paid off a \$225,000 bank loan. Last year debt reduction amounted to \$2,431,500, including a \$1,450,000 bank loan.—V. 157,

Consumers Glass Co., Ltd.-50-Cent Dividend-

The directors have declared a quarterly dividend of 50 cents per share on the common stock, payable May 31 to holders of record April 30. A like amount was paid in each of the two preceding quarters. Dividends amounting to \$2 per share were paid in the last fiscal year ended Aug. 31, 1942.—V. 157, p. 780.

Note-Under a line of credit extended by the Federal Reserve Bank of Philadelphia for working capital the company borrowed up to the stipulated total of \$2,500,000, of which \$563,134 was repaid in 1942 To provide further working funds for the increased operations a demand loan of \$1,000,000 was made to the company by the Philadelphia office of Brown Brothers Harriman & Co.

Current assets at Dec. 31 were \$12,002,675, including \$3.073.564 cash and Treasury certificates, and current liabilities were \$8,049,049, including \$1,786,866 notes payable within the current year.—V. 157,

Creole Petroleum Corp.—To Vote on Merger-

Special meetings of stockholders of this corporation and of Lago Petroleum Corp., both affiliates of Standard Oil Co. (N.-J.), have been called for April 22 and April 23, respectively, for the purpose of voting on a plan of reorganization and consolidation.

The directors of Creole have proposed to exchange the company's shares for all the properties and net assets of Lago Petroleum Corp. "except the latter's investment in the capital stock of, and accounts receivable from, Lago Oil & Transport Co., Ltd., in accordance with the values on the effective date of the transfer; that is, Creole will issue to Lago Petroleum Corp. 19,946,658 shares in exchange for the assets to be transferred and the directors have adopted a resolution to that effect," a letter to stockholders reports.

To consummate the consolidation, it will be necessary to increase Creole's author.zed capital stock to 27,000,000 shares of \$5 par value.

Creole's authorized capital slock to 27,000,000 shares of \$5 par value, from the present 7,000,000 shares (of which 6,974,356 shares are out-

The plan of reorganization is to take effect as of the close of ss on April 30, 1943.

In a letter to Lago's stockholders, C. H. Lieb, President of both Lago and Creole, states aside from economies which are expected to result from consolidation, "the Venezuelan authorities have express their desire that the companies be under one management in ord to simplify dealings between them and the Government."

The plan of reorganization has been submitted to the U.S. Bureau of Internal Revenue which has ruled the plan would be tax free to the companies under existing law, Mr. Lieb reports.

Lago Petroleum Corp. has an authorized capital of 4,000,000 shares of \$1 par value, all outstanding.

Among the assets of Lago Petroleum Corp. to be transferred to Among the assets of Lago Petroleum Corp. to be transferred to Creole, are 100% of the stock of Lagomar Oil Concessions, Inc., a Delaware corporation, and Compania de Petroleo Lago, a Venezuelan corporation. The Lagomar Oil Concessions, Inc., which will be liquidated and dissolved, holds approximately 49,000 acres under concession in Lake Maracaibo. Compania de Petroleo Lago owns one small concession in Lake Maracaibo, a refinery at La Salina, certain shallow draft tankers and storage and marketing facilities for manufactured products.

Standard Oil Co. of Venezuela, a wholly owned subsidiary of Creole, will be liquidated and dissolved, and its assets transferred, subject to obligations, to the Creole company.

The Creole Petroleum Corp. will receive from the Venezuelan Government all the replacement concession grants previously applied for by Standard Oil Co. of Venezuela, Lago Petroleum Corp., Lagomar Oil Concessions, Inc. and Compania de Petroleo Lago.

All the major operating companies in Venezuela, including Creole and Lago, and the majority of the companies holding unoperated acreage have advised the Venezuelan Government of their intention to convert their concessions under the law

In the case of Creole it would, in conforming to the new law, extend its concessions by approximately 18 years, while Lago, whose concessions run approximately 23 years, would extend them another 17 years.

Lago Petroleum holds outright and through association with other companies a net interest of approximately 1,500,000 acres under concession from the Venezuelan Government and has developed large oil reserves principally in the Lake Maracaibo region. During 1939, 1940 and 1941 its production averaged 180,000 barrels daily, while in 1942, due to transportation difficulties, the average production was only 128,000 barrels a day, although the concessions had a much higher daily potential. During 1939, 1940 and 1941 the company had an average annual consolidated net earning of \$27,416,000, after taxes. In 1942 it earned \$16,143,000 after taxes.

The Creole Petroleum Corp., through Standard Oil Co. of Venezuela, holds outright and through association with other companies, a net interest of approximately 4,406,000 acres under concession, and has developed important crude reserves, including light oil in eastern Venezuela fields. During 1939, 1940 and 1941 its production averaged 96,000 barrels a day, and in 1942, only 68,000 barrels a day. In the years 1939, 1940 and 1941 it had an average annual consolidated tarning of \$9,574,000, after taxes. In 1942, it earned \$3,469,000 after taxes.—V. 157, p. 1078.

Crown Drug Co.—March Sales—

Period End, Mar. 31— 1943 Month—1942 1943 6 Mos.—1942 ales 8833,453 8756,892 \$5,166,603 \$4,608,156 -V. 157, p. 991.

Cudahy Packing Co.—Accumulated Dividends—

The directors on April 14 declared a dividend of \$6 per share on the 6% cumulative preferred stock and \$7 per share on the 7% cumulative preferred stock, both payable on account of accumulations on May 1 to holders of record April 24. Distributions of \$3 per share on the 6% preferred and of \$3.50 per share on the 7% preferred stock were made on Jan. 30, last, on March 16 and May 1, 1942, and on May 1, Aug. 30 and Oct. 25, 1941. After payment of the two dividends just declared, the arrearage swill amount to \$12 per share on the 6% preferred stock and to \$14 per share on the 7% preferred stock.—V. 157, p. 520.

0. 29, '40 5,495,945 \$5.11 °Ne "After interest, depreciation and Federal income taxes and excess profits tax. †Arrived at after providing \$5,632,873 for Federal normal income taxes, surtaxes, and excess profits taxes at an effective rate of tax computed upon the basis of estimated taxable income for the company's fiscal year ending May 31, 1942. †On 1,248,706 shares of common stock outstanding.

Notes—(1) Earnings for the nine months ended Feb. 28, last, include dividends of \$700,000 received from an associated company and excess

clude dividends of \$700,000 received from an associated company and compare with dividends received of \$1,250,000 for the nine months ended Feb. 28, 1942.

(2) Report states that Federal taxes are at an effective rate of tax computed on the basis of estimated taxable income for the company's fiscal year ended May 31, 1943

Acquisition-The company announces the purchase of the Evart gas field in Osceola County from Taggart Brothers Co. of Big Rapids, Mich. The Dow company will extend its present transmission line five miles to transport gas over a 75-mile route to its plant for fuel and chemical

extraction purposes.

The field includes 13 natural gas wells of an average depth of 1,500 feet with a combined potential production of 30,000,000 feet per day. The productive area has been proven on 2,100 acres and may cover 3,500 acres with a total reserve of 10 to 15 billion feet.

The field was developed last year. This will mark the first large scale use of "dry natural gas" by Dow. The company formerly has used residue gas from oil fields.—("Wall Street Journal.")—V. 157, p. 520.

Equitable Office Bldg Corp.—Reorganization-

Harry R. Amott, Chairman of the debenture holders protective committee, on April 6 offered the following proposals, in response to invitations in the trustees report issued recently for suggestions respecting the reorganization of this corporation:

1. The maturity of the first mortgage of \$17,171,145 held by the Equitable Life Assurance Society of the United States should be extended upon reasonable terms and conditions, in consideration of which the first mortgagee should receive a portion of the common stock of the corporation.

2. The trustees and their counsel have conferred with the City authorities concerning settlement of the tax certiorari proceedings. These negotiatioms are progressing favorably. The committee believes that upon such settlement, a substantial amount of cash will be refunded by the city, and the assessment for the next tax year will be materially reduced. The committee has proposed that the cash refund from the city be employed (a) for modernization and improvement of the building and (b) for retirement of a portion of the debentures.

3. In view of the lack of earnings and capital value, certain parties have suggested that common stock only be issued to the present debenture holders. However, if the contemplated adjustments can be effected with the first mortgagee and the City of New York, the committee feels and has proposed to the trustees that the debenture holders should receive one-half of their present holdings, or \$2,377,000, in new 3% debentures, plus the major portion of the common stock of the corporation, to be deposited in a voting trust for the debenture holders.

The committee's letter to debenture holders states that the building

The committee's letter to debenture holders states that the building The committee's letter to debenture noisers states that the building at present is 92% rented and has a gross roll of \$2,600,000. The trustees estimate that net earnings for the current fiscal year, after providing for all charges, will amount to about \$75,000, equivalent to about 1½% on the debentures, the letter declares.—V. 156, p. 340.

The provision for Federal excess profits tax for 1942 is the net amount after deducting the estimated full tax credit consisting of \$185,979 currently allowed by reason of debt retirement and \$550,946 post-war refund. †Earnings of a subsidiary company in excess of its preferred dividend requirements for the year, less minority interest, credited to reserve for depreciation in value of investments in subsidiaries

sidiaries.

Engineers Public Service Co. in 1938 set up a reserve for depreciation in value of investments in subsidiary companies an amount representing the estimated loss in such investments, including provision for a considerable period in advance for loss which may be sustained because of the accrual of unearned cumulative dividends on preferred stock of Puget Sound Power & Light Co., a subsidiary company, held by the public. In compiling consolidated figures, commencing Jan. 1, 1939 any loss resulting from such accrual of unearned preferred dividends is charged to such reserve and any earnings of the subsidiary in excess of current preferred dividend accruals are credited to such reserves.

—V. 157, p. 692.	THE RESERVE OF THE PROPERTY OF THE PARTY OF	

Erie RR.—Securities Authorized-

The ICC on April 9 authorized the company (1) to issue not exceeding \$10,000,000 of secured serial notes, to be sold at 100.145 and accrued interest, and the proceeds used to reimburse the applicant in part for the purchase of \$14,000,000 of collateral-trust 4% notes formerly held by the Reconstruction Finance Corporation, and to provide funds to meet maturing indebtedness; and (2) to pledge as collateral security therefor \$12,500,000 of first consolidated mortgage 4% bonds, Series B.

collateral security therefor \$12,500,000 of first consolidated mortgage 4% bonds, Series B.

The report of the Commission states in part:
Invitations to bid for the notes were sent to 119 investment houses, 22 banks, and 12 insurance companies, the bidder to specify the interest to be borne by the notes in multiples of % of 1%. In response thereto, three bids were received; the highest of 100.145, plus accrued interest, based on a rate of 3½%, was made by Halsey, Stuart & Co., Inc., and Otis & Co., which was accepted. At this price the average annual cost of the proceeds would be approximately 3.1%.

The applicant estimates that the proposed financing will result in a net saving of \$2,660,125, detailed as follows: The purchase of \$14,000,000 of 4% collateral trust notes from the Pinance Corporation at 103.625 involved an expenditure of \$14,507,500, which will be offset by the sale of \$10,000,000 of the serial 3%% notes at 100.145, less estimated expenses of \$25,000 in connection therewith, resulting in a net expenditure of \$4,518,000. Payment of \$10,000,000 of serial notes at their several maturities plus annual interest on balances for life of the bonds, amounting to \$2,421,875, would increase the cash expenditures to \$16,939,875. The cost of retiring \$14,000,000 of 4% notes held by the Finance Corporation, if held to maturity, plus 10-years' interest at the rate of 4% per annum, or \$5,600,000, would be \$19,600,000, indicating the saving mentioned of \$2,660,125 over the life of the notes.—V. 157, p. 1177.

Fairbanks Co.—10-Cent Common Dividend

A dividend of 10 cents per share has been declared on the \$1 par common stock, payable May 1 to holders of record April 21. A like amount was disbursed on Feb. 1, last and on Aug. 1 and Nov. 2, 1942, while from Aug. 1, 1941, to and including May 1, 1942, quarterly payments of 15 cents per share were made.—V. 157, p. 440.

Famous Players Canadian Corp., Ltd.—25-Cent Div.— The directors have declared a dividend of 25 cents per share on the no par value common stock, payable May 1 to holders of record April 16. A similar distribution was made on March 1, last. Payments in 1942 were as follows: Feb. 27, April 27, June 27 and Sept. 26, 25 cents each; and Dec. 31, 50 cents.—V. 157, p. 602.

(M. H.) Fishman Co., Inc.—March Sales—

_V. 157, p. 992.

burg & Leominster Street Ry. Co.—Bonds Called All of the outstanding 4% 20-year first mortgage bonds due Nov. 1, 1955, have been called for redemption as of May 1, 1943, at par and interest. Payment will be made at the Boston Safe Deposit & Trust Co., trustee, 100 Franklin St., Boston, Mass.—V. 156, p. 603.

Fonda, Johnstown & Gloversville RR.-Plan Ac-

cepted-The Interstate Commerce Commission reports that holders of the company's securities have voted acceptance of a plan of reorganization for the road, and that the plan has been certified to the U. S. District Court for the Northern District of New York. Approval was unanimous by three of the four classes, and dissent was 3.65% in the case of holders of first consolidated general refunding mortgage bonds.—V. 157. p. 1361. of holders of f V. 157, p. 1361.

Foote Bros. Gear & Machine Corp.-Dividends-

The directors on April 14 declared a dividend of 50 cents per share on the common stock and the usual quarterly dividend of 15 cents per share on the preferred stock, both payable May 1 to holders of record April 20. Like amounts were disbursed on Feb. 1,

Distributions of 50 cents per share have been made on the common stock each quarter during 1942, and also on Nov. 1, 1941, compared with 25 cents on Aug. 1, 1941, and an initial of 10 cents on Jan. 3, 1941.—V. 157, p. 344.

Fort Worth Stock Yards Co.—25-Cent Dividend—

A dividend of 25 cents per share has been declared on the common stock, payable May 1 to holders of record March 31. A similar distribution was made on Feb. 1, last. Payments last year were as

follows: Feb. 1, April 30 and July 31, 25 cents each; and Oct. 28, 75 cents.—V. 157, p. 473.

F. R. Publishing Corp.—Pays 25-Cent Dividend-

The corporation on March 31 paid a dividend of 25 cents per share on the no par common stock to holders of record March 26. Similar distributions were made on March 29, June 30, Sept. 30 and Dec. 27, 1941; none since. In addition, an extra of 50 cents per share was paid on the last received dots. paid on the last-mentioned date.

Gaylord Container Corp.—Reports Record Volume for

The corporation in its 1942 annual report released on April 2, dis-

The corporation in its 1942 annual report released on April 2, disclosed that with its output playing a direct and important part in the war effort as well as serving essential civilian needs, gross sales for the year ended Dec. 31, 1942 totalled \$30,010,234, the greatest in the company's history. This was an increase of 8.6% over the previous sales record of \$27,632,897 in 1941.

Net earnings last year amounted to \$1,108,543, equal after preferred dividends to \$1.55 per share of common stock. This was without taking into account the post-war credit of excess profits taxes amounting to \$176,400, or \$0.33 per share of common stock. Federal income and excess profits taxes amounted to \$2,369,500. In the previous year, net income was \$1,349,125, or \$1.98 a share after deducting a contingency reserve of \$400,000, or \$0.74 per share. Provision for Federal income and excess profits taxes for that year amounted to \$2,140,000.

Current assets at the year-end were \$7,273,116, including \$2,198,717 of cash and U. S. Government obligations, as against current liabilities of \$2,560,531. Net working capital of \$4,712,585 compared with \$3,753,-843 the year before.

of \$2,560,531. Net working capital of \$4,712,585 compared with \$3,753,-843 the year before.

General Clifford W. Gaylord, President, stated that because of the many uses served by the company's products, the post-war position should be favorable. In his opinion, it may be expected that in many cases the use of paper packaging in place of more critical materials and of heavier and bulkier types of packaging will continue when the war is over.—V. 157, p. 864.

General American Investors Company, Inc.-Quarterly Report-

Report—
Company reports as of March 31, 1943, net assets of \$23,105,856 applicable to the preferred and common stocks.

The increase in net assets for the three months, after the dividend of \$98,000 on the preferred stock, was \$4,610,991. Included in this amount is appreciation (after deduction of State and municipal taxes) of \$4,202,090 in the value of securities over cost. If such appreciation were realized and no dividends paid therefrom, the Federal income tax, under existing law, would approximate \$1,150,000, and the net assets as of March 31, 1943, would be reduced by this amount.

The net assets as of March 31, 1943, without deduction for possible Federal income tax on appreciation if realized, referred to above, were equivalent to \$361.03 per share of preferred stock; the net asset value per share of common stock, without giving effect to the possible exercise of the outstanding warrants, was \$12.85 as compared with \$9.30 as of Dec. 31, 1942. If all warrants entitling holders to subscribe to common stock at less than the above net asset value as of March 31, 1943, had been exercised on that date, the resulting net asset value would have been \$12.64 per share.

The company redeemed on Feb. 27, 1943, for the sinking fund, 2,000 shares of preferred stock at a cost of \$200,000.

Earnings fer Quarter Ended March 31

Bond Record «» New York Stock Exchange

FRIDAY - WEEKLY - YEARLY

NOTICE—Prices are "and interest"—except for income and defaulted bonds. Cash and deferred delivery sales are disregarded in the week's range, unless they are the only transactions of the week, and when outside of the regular weekly range are shown in a footnote in the week in which they occur. No account is taken of such sales in computing the range for the year.

The italic letters in the column headed "Interest Period" indicate in each case the month when the bonds mature.

a Deferred delivery sale not included in the year's range. d Ex-interest. e Odd-lot sale not included in the year's range. n Under-the-rule sale not included in the year's range. r Cash sale not included in the year's range.

Negotiability impaired by maturity. †The price represented is the dollar quotation per 200-pound unit of bonds. Accrued interest payable at the exchange rate of \$4.8484.

tCompanies reported as being in bankruptcy, receivership, or reorganized under Section 77 of the Bankruptcy Act, or securities assumed by such companies.

*Friday's bid and asked prices; no sales being transacted during current week.

ΔBonds selling flat.

WEEKLY AND YEARLY RECORD

NOTICE—Cash and deferred delivery sales are disregarded in the week's range unless they are the only transactions of the week, and when selling outside the regular weekly range are shown in a footnote in the week in which they occur. No account is taken of such sales in computing the range for the year.

In the following extensive list we furnish a complete record of the transactions on the New York Curb Exchange for the week beginning on Saturday, April 10, and ending the present Friday (April 16, 1943). It is compiled entirely from the daily reports of the Curb Exchange itself, and is intended to include every security, whether stock or bond, in which any dealings have occurred during the current year.

THE COURSE BANK CLEARINGS

Bank clearings this week will show an increase compared with a year ago. Preliminary figures compiled by us, based upon telegraphic advices from the chief cities of the country, indicate that for the week ended Saturday, April 17, clearings from all cities of the United States from which it is possible to obtain weekly clearings will be 36.3% above those for the corresponding week last year. Our preliminary total stands at \$10,352, 154,712, against \$7,594,852,880 for the same week in 1942. At this center there is an increase for the week ended Friday of 55.9%. Our comparative summary for the week follows:

CLEARINGS	-RETURNS BY	TELEGRAPH	
Week Ending April 17	1943	1942	%
New York	\$4,843,491,633	\$3,106,428,356	+ 55.9
Chicago	436,412,727	360,921,574	+ 20.9
Philadelphia	612,000,000	475,000,000	+ 28.8
Boston	481,352,598	281,226,490	+71.2
Kansas City	172,883,163	123,637,228	+ 31.7
St. Louis	153,200,000	126,800,000	+ 20.8
San Francisco	212,931,000	173,381,000	+ 22.8
Pittsburgh	235,218,241	167,066,060	+40.8
Cleveland	197,897,856	158,238,686	+ 25.1
Baltimore	149,478,870	102,793,935	+ 45.4
Ten cities, five days	\$7,494,866,088	\$5,075,493,329	+ 47.7
Other cities, five days	1,381,929,505	1,257,730,955	+ 9.9
Tot. all cities, five days	\$8,876,795,593	\$6,333,224,284	+ 40.2
All cities, one day	1,475,359,119	1,261,628,596	+ 16.9
Total all cities for week	\$10,352,154,712	\$7,594,852,880	+ 36.3

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, in as much as the week ends Saturday and the Saturday figures are not available at time of going to press. Accordingly, in the above the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below we are able to give the final and complete results for the week previous-the week ended April 10. For that week there was an increase of 37.4%, the aggregate of clearings for the whole country having amounted to \$8,606,098,405, against \$6,264,332,395 in the same week in 1942. Outside of this city there was an increase of 12.3%, the bank clearings at this centre having recorded an increase of 65.0%. We group

the cities according to the Federal Reserve Districts in which they are located, and from this it appears that in the New York District (including this city) the totals show an expansion of 62.8%, in the Boston Reserve District of 27.0% and in the Philadelphia Reserve District of 9.4%. In the Cleveland Reserve District the totals record an improvement of 14.2%, in the Richmond Reserve District of 26.8% and in the Atlanta Reserve District of 19.6%. In the Chicago Reserve District there is a gain of 8.4%, in the St. Louis Reserve District of 21.6%, and in the Minneapolis Reserve District of 27.0%. In the Kansas City Reserve District the increase is 40.7%, in the Dallas Reserve District 31.7% and in the San Francisco Reserve District 32.5%.

In the following we furnish a summary by Federal Reserve Districts:

The Capital Flotations In the United States During the Month of March and for the Three Months of the Calendar Year 1943

Total corporate financing for the month of March, 1943, aggregated \$95,390,457, the largest in amount for any month since June, 1942, when \$138,513,000 was recorded. The March total compares with \$13,195,000 in February, 1943 and \$118,294,420 in March, 1942. The increase in corporate financing for the month may be ascribed to the better tone that has prevailed in the security markets generally and also the anticipation of the impending Treasury drive in April to raise \$13,000,-000,000 from the public as part of the regular war financing program.

Of the month's total, \$56.943,229 or 59.7% represented new capital and \$38,447,228 or 40.3% was for refunding purposes. The total financing for the three months ended March 31, 1943, footed up \$118,900,457, of which \$71,071,-229, or 59.7% was for the new capital and \$47,829,228 or 40.3% was for refunding purposes. These figures compare with a total of \$349,670,285 for the first three months of 1942, \$208,714,121 thereof being for new capital and \$140,956,164 for refunding operations.

As noted in our compilation for February, the month of March witnessed the cancellation by the Interstate Commerce Commission of the \$14,000,000 Erie RR. 1st consolidated mortgage 3½s, sold directly by the road to its usual banking connections without competitive bidding. However, under the instructions from the Commission the Erie offered \$10,000,000 secured serial 31/8 % notes through the competitive bidding route, which were acquired by the banking group chiefly opposed to the previous sale, and offered by them to the general public The flotations for the month also were featured by the offering of \$20,500,000 Public Service Co. of New Hampshire 1st mortgage 31/4s, the first utility issue publicly

offered this year. Stock financing also showed a revival in March with public offerings for the first time since October, last. The issues in this category included among others, 65,000 shares of 5% cumulative preferred (par \$100) of Burlington Mills Corp. and 105,176 shares of common stock (par \$10) of Philip Morris & Co., Ltd., Inc. There was also placed during the month an issue of \$6,000,000 20-year 3% debentures of the latter com-

Issues placed privately in March, consisted of four issues, aggregating \$32,800,000, and represented 34.3% of the month's total. This compares with three issues totaling \$4,800,000 or over 36.3% of the February aggregate and \$8,500,000, or 82.4%, so disposed of in January. For the three months, total issues placed through the private route, numbered ten, aggregating \$46,100,000, and representing slightly over 38.8% of total corporate financing for the quarter.

Municipal financing for March dropped to \$49,616,-172 from the \$57,236,250 reported in February. Of the month's total, \$32,701,672 represented new money and \$16,914,500 refunding operations. For the three months of this year municipal financing reached \$156,142,104, of which \$83,132,104 was for new capital, as compared with \$209,615,576 for the first quarter of 1942, \$135,937,-339 thereof representing new financing.

Below we present a tabulation of figures since January, 1941, showing the different monthly amounts of corporate financing as revised to date. Further revisions of the 1942 figures will undoubtedly be necessary from time to time, particularly as additional private financing is brought to light in annual reports and other places.

March-Certificates 22,000,000 Total for March 467,734,000 29,492,000 438,242,000 91.411.000 Total for three months 1,063,390,000 *Comprises sales of special series certificates and notes; certificates sold to Adjusted Service Certificates Fund and Unemployed Trust Fund, and notes to Federal Old Age and Survivors Insurance Trust Fund, Civil Service Retirement Fund, Foreign Service Retirement Fund, Canal Zone Retirement Fund, Alaska Railroad Retirement Fund, Postal Savings System, Government Life Insurance Fund, National Service Life Insurance Fund, Federal Deposit Insurance Corporation, and Federal Savings & Lean Insurance Corporation.

1943

Below we give complete details of the capital flotations during March, including every issue of any kind brought out in that month.

Details of New Capital Flotations During March, 1943

Long-Term Bonds and Notes (Issues Maturing Later Than Five Years)

RAILROADS

\$1,960,000 Cincinnati, New Orleans & Texas Pacific Ry. 1%% equipment trust certificates, series J, due semi-annually Oct. 15, 1943-April 15, 1953. Purpose, purchase of equipment. Priced to yield from 0.40% to 2.05% according to maturity. Offered by Halsey, Stuart & Co., Inc., Otis & Co., Inc., Gregory & Son, Inc., L. F. Rothschild & Co., Hallgarten & Co., Moore, Leonard & Lynch and Edw. Lowber Stokes & Co.

10,000,000 Erie RR. 3 % secured serial notes, maturing serially March 15, 1944-1953. Purpose, refunding. Priced to yield from 1.00% to 3.15% according to maturity. Offered by Halsey, Stuart & Co., Inc. and Otis & Co., Inc.

2,820,000 Southern Ry. 17% equipment trust certificates, due semi-annually to April 15, 1953. Purpose, purchase of equipment. Priced to yield from 0.50% to 2.20% according to maturity. Offered by Harris, Hall & Co. (Inc.) Alex. Brown & Sons, Tucker, Anthony & Co., Wisconsin Co., Weeden & Co., Inc., Blair, Bonner & Co., A. G. Becker & Co., Inc., Graham, Parsons & Co., The Illinois Co. of Chicago, Bacon, Whipple & Co., Kebbon, McCormick & Co., and McMaster Hutchinson & Co.

SUMMARY OF CORPORATE FIGURES BY MONTHS 1943, 1942 AND 1941

Treasury Financing in March

The Treasury during March did not bring out any special issues and its offerings were confined to the usual weekly Treasury bills, War Bonds, Tax Anticipation Bonds and Depositary Bonds.

The Treasury with its offering of bills dated March 17, increased its weekly amount by \$100,000,000 to \$800,000,-000. As the amount of bills maturing was \$600,000,000 instead of \$500,000,000 as in previous weeks, the Treasury in this way was able to better its portfolio by \$1,-003,392,000.

War Savings Bonds sales in March were somewhat larger than in February, aggregating \$954,438,338.

Tax anticipation notes yielded \$446,755,800 and depositary bonds \$17,880,000 so that the Treasury by its March operations was \$2,422,466,138 better off.

UNITED STATES TREASURY FINANCING DURING 1943

In the tabulations which follow, we outline the Treasury's financing activities for 1943.

General Gas & Electric Corp.-Preferred Dividend-

The Securities and Exchange Commission has granted the request of this corporation to declare and pay out of capital surplus a quarterly dividend of \$1.25 per share on its \$5 prior preferred stock for the quarterly period ending March 15, 1943. Payment is to be made only on the 32,110 shares of stock in the hands of the public, the trustees of Associated Gas & Electric Corp. having waived collection dividends on their holdings of 27,889 shares until further order the Commission.

The aggregate amount of the dividend, applicable to the publicly

held stock, is \$40,138. The directors have declared a dividend of \$1.25 per share on account of accumulations on the \$5 prior preferred stock, no par value, payable April 30 to holders of record April 15. This distribution is for the quarter ended March 15, 1942. A payment of \$1.25 per share was made on the \$5 prior preferred stock on Dec. 31, last, the only disbursement in that year.—V. 157, p. 41.

General Motors Corp.—Post-war Car Outlook—

Current probabilities appear to indicate that our immediate postwar car will be the 1942 car with such modifications and improvements as can be made without important engineering development or changes in tools, Alfred P. Sloan, Jr., Chairman, declared on April 9 in a special message to the corporation's automobile dealers.

message to the corporation's automobile dealers.

The reasons why circumstances point to the 1942 car with modifications as the immediate postwar car, so far as General Motors is concerned, Mr. Sloan said, "is that its technical organizations have been, now are, and apparently will be for some time to come, most intensively engaged in advancing the engineering status of the highly technical products now being made as part of the war effort. This job is of supreme importance. It is a 'must' in the war effort."

Mr. Sloan warned the dealers there is a danger of the public becoming more and more convinced that as soon as peace is re-established-a

revolutionary type of motorcar will appear on the streets, whereas "it is likely the so-called 'postwar car" will be evolutionary in its development."—V. 157, p. 1361.

General Public Service Corp.—Quarterly Report—

The market value of assets on March 31, 1943, was \$4,383,768 as compared with \$3,646,971 at Dec. 31, 1942. After deducting \$2,369,000 of debentures, the balance of assets was equal to \$109.92 per share of preferred stock on March 31, 1943, as compared with \$69.72 per share on Dec. 31, 1942

Georgia RR. & Banking Co.-Smaller Dividend-

A quarterly dividend of \$1.75 per share was paid on the common stock on April 15 to holders of record April 1. This compares with \$2 per share paid each quarter from April 15, 1942, to and incl. Jan. 15, 1943, and \$2.25 per share in preceding quarters.—V. 155,

Georgia Southern & Florida Ry.-Files Petition-

The company on April 6 asked the Interstate Commerce Commission permission to issue an unsecured promissory note for \$1,000,000 to Southern Ry. as evidence of open-account indebtedness of that

amount. The note would mature in one year and bear 6% interest.

The company pointed out that under the excess profits tax law it is permitted to include in its invested capital 50% of its borrowed capital provided this is evidenced by a bond, note or other security.

By issuing a note to the Southern, the carrier would include \$500,000 of debt as invested capital, thus permitting it to earn more taxable income before being subject to the excess profits tax.—V. 157, p. 1270.

Grand Rapids Varnish Corp.—Omits Dividend—

The directors have voted to omit the quarterly dividend ordinarily payable about April 1. Distributions of 10 cents each were made on April 1, July 1, Oct. 1 and Dec. 31, last year.—V. 156, p. 352.

Great Lakes Transit Co.-Receiver Asked-

Great Lakes Transit Co.—Receiver Asked—

A complaint asking appointment of a receiver for the corporation and seeking a ruling that the company had "illegally" engaged in the egg-dehydration business has been filled in Federal Court at Buffalo by Ormond E. Laird, Minneapolis, a preferred stockholder. The complaint declared that after the War Shipping Administration took over the company's fleet of 14 vessels last year the company "abandoned completely its business of transporting package freight and closed all its solicitation offices."

It asked that the corporation's affairs be wound up and a receiver appointed and that it be directed to comply with provisions of its certificate of incorporation and redeem the preferred stock "in the manner and for the prices" provided in the certificate.—V. 157, p. 253.

Guantanamo Sugar Co.—Recapitalization Proposed—

The stockholders will vote May 27 on approving a plan of recapitali-The stockholders will vote May 27 on approving a plan of recapitali-gation under which preferred dividend arrearages will be eliminated. The plan provides that for each share of present 8% preferred stock (with dividend accumulations of \$112 a share as of Jan. 1, 1943, the holder will receive \$40 principal amount of new 12-year 5% sinking fund debentures and 14 shares of new \$5 par common stock, and that for each 2½ shares of present common stock the holder will receive one share of new \$5 par common stock. Scrip certificates will be issued in lieu of fractional shares.

President David M. Keiser, in an announcement to the stockholders, stated that if the proposed recapitalization is approved, the management expects shortly thereafter to recommend the payment of a cash

dividend on the new common stock.

The plan provides for the issuance of \$691,480 of 5% debentures and 404,018 shares of \$5 par common stock in place of the present capitalization of 17,287 shares of \$100 par 8% preferred stock and 405,000 shares of no par common stock.—V. 157, p. 132.

Gulf Oil Corp.—Completes 100-Octane Gasoline Plant

J. Frank Drake, President, on April 9 announced the completion of a new Houdry catalytic cracking unit for the production of 100-octane aviation gasoline at the company's refinery at Port Arthur, Texas.

aviation gasoline at the company's refinery at Port Arthur, Texas. This unit will greatly increase the production of 100-octane aviation gasoline, the super fuel required by bombers and fighter planes to carry the war to Berlin and Tokio.

The announcement further goes on to say:
"The completed unit is a part of Guif's aviation gasoline program being carried out in cooperation with the Government. This unit was rushed to completion with the aid of a directive of the War Production Board. It was entirely financed by the Guif Oil Corp., which to date has expended something like \$15,000,000 on increasing its aviation gasoline facilities at Port Arthur. The entire output of these facilities is supplied to the fighting forces, being under contract to the Government.

"This new Houdry unit," Mr. Drake said, "marks the completion of only a part of Gulf's construction program. Work is continuing on other projects at Port Arthur which will further increase our output of 100-octane gasoline.

"Since 1938 Gulf's facilities for producing this super fuel have been expanded almost continuously, each new unit embodying the latest technological developments. Early in 1940 we added an alkylation plant, the newest development in aviation gasoline manufacture at that time. Early this year we completed a second alkylation plant. This new catalytic cracking unit, too, is one of the latest developments in refining technology.

"The new Houdry unit was about twelve months in building. It covers a large area and includes many novel features. The control room, which houses the instruments and gauges that tell the operators at a glance the conditions at any point on the huge unit and assists them in controlling these conditions for the most efficient operation, is completely air conditioned."—V. 157, p. 1864.

is completely air conditioned."-V. 157, p. 1864.

Harnischfeger Corp., Milwaukee-New Director, etc.-Frederick Salditt, Vice-President in charge of sales, has been elected a member of the board to fill the vacancy of the late Joseph

elected a member of the board to fill the vacancy of the late Joseph H. Harnischfeger.

H. H. Erkelenz, Executive Engineer, has been elected Vice-President in charge of Engineering: Herman Menck, Works Manager, has been made Vice-President in charge of manufacturing; W. F. Heilman has been elected Secretary, and F. J. Hartmann has been appointed to the post of Assistant Secretary and Assistant Treasurer.

"The company announces that while continuing the manufacture of most of its regular products, its output is largely taken for direct war use by the Army and Navy, and by essential war industries. Products include electric cranes, electric hoists, arc welding equipment and excavators. The company was one of the first in its area to receive the Army-Navy "E" production award, early in 1942, and still holds it.—V. 156, p. 605.

Haverhill Electric Co.—25-Cent Distribution

A dividend of 25 cents per share was paid on the common stock, par \$25, on April 14 to holders of record April 8. This compares with 45 cents on Jan. 14, last. Payments in 1942 were as follows: Jan. 14, 75 cents; April 14, 50 cents; July 14, 45 cents; and Dec. 29, 25 cents. -V. 157, p. 253.

Hawaiian Canneries Co., Ltd.—Larger Dividend—

The directors have declared a dividend of 50 cents per share on ne common stock, par \$20, payable April 15 to holders of record pril 5. Distributions of 25 cents each were made on May 21 and April 5. Distributions of 25 cents. Dec. 5, last year.—V. 133, p. 3263.

Hawaiian-Sumatra Plantations, Ltd.-Status-

C. Maser, Secretary, on March 20, in a letter to the stockholders, said in substance:

"A complete lack of authentic news concerning the status of this company's property and the safety and well-being of its employees has characterized 1942, although indirect word has been received that the Japanese have ordered rubber estate managers back to the properties; presumably to maintain them and possibly continue rubber production. The present fate of the company's property is uncertain, and probably will be until liberation of the Netherlands East Indies.

"The usual annual financial reports for 1942 are, of course, an impossibility. In fact, as reported last year, it was impossible to close even the 1941 books, necessary reports being lacking for the last three months of that year.

"Ceratin disbursements were necessary during 1942 in order to maintain your company as a corporate entity and in a position to carry on once more in an efficient manner after the war. Everything possible was done to keep such disbursements to an absolute minimum.

Among such steps was the approval by your directors of a 50% reduction in the agency fee, offered by the Honolulu agents, Bishop Trust Co., Ltd., effective Jan. 1, 1942. A further offer by the agents of reduction of the fee to one-third has been approved by your directors effective Jan. 1, 1943.

"Balances in banks and agency in Honolulu as of Dec. 31, 1942, amounted to \$80,265. Of this sum, the major portion is invested in bank certificates of deposit.
"During 1942 a total of 6,709 shares of Hawaiian-Sumatra Planta-

tions, Ltd., changed hands, being transferred on the books of

company.

"It is unfortunate that, as far as we know, the War Damage Corporation Act coverage does not extend to real or personal property outside of the United States, its territories and possessions; hence your company has filed no claim.

"We record with deep sorrow the untimely death of John L. Fleming on Aug. 26, 1942. Long an officer and director of your company, and thoroughly conversant with its problems, Mr. Fleming's able, experienced advice and counsel will be sorely missed.

"The company's by-laws provide for holding of the annual meeting."

enced advice and counsel will be sorely missed.

"The company's by-laws provide for holding of the annual meeting during the months of March, or April, or May in each year. By order of the President, the annual meeting of Hawaiian-Sumatra Plantations, Ltd., will be held on Wednesday, April 7, 1943, at 10:30 a. m., in the Board Room, Bishop Trust Building, Honolulu, Hawaii, for the purpose of electing directors and auditors and for the transaction of such other business as may come before the meeting."—V. 150, p. 4128

(Walter E.) Heller & Co.-Earnings-

1943 \$101,324 Quarter Ended Mar. 31-*Net profit †Earnings per share_____ \$131,900 \$120,215 \$0.29 \$0.41 \$0.36 °After interest. Federal income taxes, etc. †On 252,172 shares of common stock.—V. 157, p. 993.

Heyden Chemical Corp.—Common Stock Subscribed-On April 3, 1943, corporation offered to its stockholders 20,997 shares of its common stock (par \$2.50) at \$20 per share in the ratio of one new share for each 20 shares held. When the rights expired, April 9, the stockholders had taken 19,765 shares, the unsubscribed portion, 1,232 shares, being taken by the underwriting group headed by A. G. Becker & Co., Inc. See also V. 157, p. 1362.

To Retire Preference Stock

The company has called for redemption May 10, 1943, at \$105 and

The company has called for redemption May 10, 1943, at \$105 and dividends, all of the outstanding 4½% cumulative preference stock, par \$100. Payment will be made at the Bank of the Manhattan Company, agent, 40 Wall St., New York, N. Y.

These shares are represented by certificates expressed to represent shares of 4½% cumulative preferred stock, series A, of Heyden Chemical Corp., a New York corporation, each share of which was converted into one share of said 4½% cumulative preference stock by the agreement of merger dated March 8, 1943, between Heyden Chemical Corp., a New York corporation, and Denhey Holding Corp., a Delaware corporation, which became effective on March 31, 1943.

Registrar for Stocks Appointed-

The Chase National Bank of the City of New York has been appointed registrar for the 41/4% cumulative preference, serial preferred and common stocks of Heyden Chemical Corp. (Del.).—V. 157,

Higgins Industries, Inc.—To Call Preferred Stock—

At the last meeting of the Board of Directors, it was resolved to call the outstanding preferred stock in accordance with the provisions of the Securities Exchange Commission regulations. Notice will soon be mailed to all the stockholders to present the stock for redemption, it was announced. The redemption date is Aug. 1, 1943.

The whole or any part of this class of stock may be redeemed, from time to time, on any dividend date, on not less than 30 days' previous notice by mail, and in such manner as may be prescribed by the By-Laws or by a resolution of the Board of Directors, by the paying of \$21 per share and accumulated dividends unpaid at the time of redemption.

Subject to previous redemption, each share of the 6% cumulative convertible preferred stock may at any time be converted into one share of common stock, upon such notice and under such just and equitable regulations as to the mode of exchange and conversion as shall, from time to time, be prescribed by the by-laws.—V. 152, p. 3656.

Hingham (Mass.) Water Co.-Financing-

The company has petitioned the Massachusetts Department of Public Utilities for approval of an issue of \$450,000 3½%, 20-year notes, and 600 shares (\$100 par) common stock. The stock is to be sold to the Greenwich Water System, Inc., the sole stockholder. Of the proceeds, \$375,000 will be used to retire at maturity June 1, 1943, a like amount of 5% bonds, and \$110,000 will be used to retire a like amount of notes payable to Greenwich Water System, Inc.—V. 151, p. 2046.

(R.) Hoe & Co., Inc.—Refunding Approved—

The holders of class A stock, at the annual meeting April 13, approved creation of a new issue of \$1,250,000 of first mortgage 5% bonds to mature in April, 1955. The bonds will be bought by the Metropolitan Life Insurance Co.

The proceeds, with additional funds, will be used to retire \$1,405,-000 of 6\2\cdot 6\2\cdot 6\2\cdot 6\000 bonds outstanding, leaving the new bonds as sole funded debt.

debt.

H. M. Tillinghast, President, informed stockholders at the annual meeting that several important Government contracts were renegotiated during 1942, with further renegotiation in progress affecting earnings for both 1942 and 1943.

Speaking of arrears on the prior preferred and preferred stocks, President Tillinghast said the present management had inherited a complicated and burdensome financial structure that was a barrier to consideration of dividend payments. The debt reduction, he added, was a long step toward simplification of the financial structure, but the proper handling of the large accruals on the class A stock involved consideration of many problems.

"Chief among these," he explained, "are the need for conservation of working capital for the trying period naturally to be expected at the close of the war, and the fact that no one can predict just how far renegotiation of Government contracts and subcontracts may eventually extend. But the subject of dividends is going to have first call on our consideration until action is possible along lines which will not jeopardize the company's future."

New Director Elected-

Charles I. Morton, Vice-President of the Curtiss-Wright Corp., was elected a director to succeed Allen W. Lishawa.—V. 157, p. 1180.

Hoover Ball & Bearing Co.—30-Cent Dividend—

The company on April 1 paid a dividend of 30 cents per share on the common stock, par \$10, to holders of record March 20. Distributions during 1942 were as follows: April 1, 50 cents; July 1, 20 cents; Oct. 1, 50 cents; and Dec. 22, \$1.—V. 156, p. 1050.

Hotel Drake Corp.—Transfer Agent—

The Sterling National Bank & Trust Co. of New York is transfer agent for common stock of Hotel Drake Corp. and agent to effect the exchange of voting trust certificates for the stock.—V. 156, p. 1050.

Houston Natural Gas Corp.—25-Cent Dividend-

The corporation on March 31 paid a dividend of 25 cents per share on the no par value common stock to holders of record March 19. Distributions in 1942 were as follows: March 31, June 30 and Sept. 30, 25 cents each; and Dec. 23, a year-end of 50 cents.—V. 157, p. 1180.

Howard Aircraft Corp.—Interest Payment-

The corporation on April 5, in a notice to the holders of the outstanding five-year convertible income debentures dated May 1, 1941, due May 1, 1946, stated that in accordance with the terms of said debentures interest thereon at the rate of 5% for the fiscal year ended Nov. 30, 1942, payable out of the net income of the corporation for such fiscal year, will be paid on May 1, 1943, at the Metropolitan Trust Co., 11 So. LaSalle St., Chicago, Ill., upon presentation and surrender of interest coupon No. 2 annexed to said debentures.—V. 152, p. 1593.

International Minerals & Chemical Corp.—Warrants

Corporation has filed a registration statement with the Securities and Exchange Commission covering 184,861½ stock purchase warrants and a like number of shares of common stock reserved for delivery upon exercise of these stock purchase warrants.

upon exercise of these stock purchase warrants.

Upon the registration becoming effective Hornblower & Weeks and Hallgarten & Co. expect to make a public offering of 150,000 of the total stock purchase warrants now being registered.

The remaining 34,861½ stock purchase warrants being registered will not be offered at that time.

The company will not receive any of the proceeds of the stock purchase warrants, as they are already outstanding, but will receive \$8.125 per s.mre for each share of the common stock, if any, sold through exercise of stock purchase warrants prior to expiration of these warrants, Feb. 1, 1947.—V. 157, p. 729.

International Hyro-Electric System-Hearings-

The Securities and Exchange Commission on April 14 held a hearing on the International Hydro-Electric System's plan for compliance with the corporate simplification and geographic integration sections of the Holding Company Act.—V. 157, p. 994.

International Metal Industries, Ltd.—Accrued Divs.—

The directors have declared a dividend of \$5 per share on account of accumulations on the 6% cumul. conv. preference A stock and on the 6% cumul. conv. preference stock, par \$100, and the regular quarterly dividend of \$1.50 per share on both issues, all payable May 1 to holders of record April 15. This clears up all arrearages. Regular quarterly payments of \$1.50 each were made on Feb. 1, last.—V. 157,

International Mercantile Marine Co.-SEC Weighs

A proposal to merge the company with the United States Lines Co. is before the Securities and Exchange Commission awaiting action by that body before submission to the stockholders for their approval.

that body before submission to the stockholders for their approval. Under the plan, the merged companies would be known as the United States Lines Co., a New Jersey company, whereas the present company of that name is incorporated in Nevada. International Mercantile Marine owns 1,270,000 shares, or 85% of United States Lines' 1,488,123 preferred shares and the entire outstanding common stock. It is proposed to exchange each share of IMM common stock, of which 640,734 shares are outstanding, for two shares of common stock of the new company. The 213,000 preferred shares of U. S. Lines owned by the public would be exchanged share for share for identical preferred shares of the new company.

Funded debt, amounting to about \$30,000,000, would not be affected by the merger proposal, it was learned. Stockholders of U. S. Lines Co. approved a plan of merger and recapitalization on Sept. 18, 1941.

Co. approved a plan of merger and recapitalization on Sept. 18, 1941, as a result of which United States Lines (Inc.) of Del. was merged into the company. Upon consummation of the present plan, IMM will be eliminated as a holding company.—V. 154, p. 2367.

International Telephone & Telegraph Corp.-New Directors-

Admiral Luke McNamee, President of Mackay Radio & Telegraph Co., and Henry C. Roemer, Vice-President and Comptroller of Federal Telephone & Radio Corp., have been elected directors.—V. 157, p. 1271.

International Utilities Corp.—To Pay Dividend-

The Securities and Exchange Commission has been asked by the Corporation for authority to pay a dividend of 87½ cents per share on its \$3.50 prior preferred stock on May 1, 1943, out of capital or unearned surplus.

Proceedings Dismissed-

The Securities and Exchange Commission has dismissed the proceedings instituted by it in Oct. 1940, to determine whether certain individuals or companies exercised such a controlling influence over the management of the corporation as to make them subject to the obligations imposed by the Public Utility Holding Company Act upon holding companies.

In its order, the Commission said that it has been advised by its public utilities division that numerous changes have taken place since the commencement of the proceedings.—V. 157, p. 1271.

Interstate Aircraft & Engineering Corp.—Stock Div.—

The directors on April 6 voted a 100% stock dividend, subject to approval by the Commissioner of Corporations, according to an announcement by Don P. Smith, President. The dividend will go to holders of record of April 20.

As a result of the board's action, the 64,000 shares of \$5 par stock now outstanding will be increased to 128,000 shares.

The Defense Plant Corporation recently appropriated \$1,420,248 for factory buildings, equipment and an airport for Interstate's Illinois division, it was stated.—V. 155, p. 920.

Kellogg Switchboard & Supply Co .- Output Higher-

The company's production for the first quarter of this year is considerably ahead of the comparable period last year. Maurice K. McGrath, President, told stockholders at the annual meeting.

He stated that it was difficult to forecast earnings and anticipate dividend declarations at this time because of taxes and the situation pertaining to war orders in general, and added that restrictions which must necessarily be observed during times of war prevented disclosure at this time of facts and figures regarding the company's productive activities. ductive activities.

In summarizing the company's position at the present time, Mr. McGrath reported that the firm's balance sheet of Dec. 31, 1942, disclosed a sound financial structure and well balanced current position. In the annual report submitted to stockholders, he stated that as a

result of renegotiation of war contracts the company will have to repay \$320,000 to the Government during 1943, the amount determined as an equitable adjustment of profits on 1942 war business. He further added that the agreement covering these renegotiations have been signed by the company and the War and Navy departments, and he believed there would be no further revision.—V. 156, p. 343.

Kem-Ical Corp., Oradell, N. J.-Stock Offered-

George F. Breen, New York, is offering 40,000 shares of common stock (par \$1) at \$2.50 per share. Net proceeds are to be used principally to increase the manufacture and distribution of the liquid plant food, widely known under the trade name of KEM, and for the production and distribution of apparatus for automatic and semi-automatic feeding of growing plants.

The KEM product has found a ready sale in many sections of the United States and foreign countries in leading department, chain, syndicate and 5 and 10 cent stores and mail order houses, and a growing market among greenhouses, commercial growers, nurserymen, golf clubs, cemeteries, parks, etc. Sales to these buyers have been for the most part direct. There has also been a large sale to jobbers and wholesalers, who resell KEM mainly through retailers, florists. and wholesalers, who resell KEM mainly through retailers, florists, hardware, seed and grocery stores.

The corporation factory and laboratory, located at Oradell, N. J.,

contains a modern, complete manufacturing unit, with everything necessary for a capacity of well over 1,000,000 gallons of KEM annually. Capitalization comprises but one class of stock, and with the sale of the present offering of 40,000 shares there will be 135,000 shares of \$1 par value outstanding out of an authorized issue of 300,000 shares, leaving 165,000 snares unissued or in the treasury for future fitnessing.

Kendall Co .- To Pay Participating Dividend-

The directors have declared a participating dividend of \$1.90 per share and the usual quarterly dividend of \$1.50 per share on the \$6 and participating preferred A stock, no par value, both payable June 1 to holders of record May 10. A participating distribution of \$1.68 per share was made on June 1, last year.—V. 157, p. 254.

Koppers Co.-Service Fee Ordered Returned-

This company, according to a United Press dispatch, has been ordered by Supreme Court Justice Louis A. Valente at New York, N. Y., to return to Brooklyn Union Gas Co., a subsidiary, \$346,358 which The Court held to be unlawful profits resulting from the collection by Koppers of management, construction and engineering fees.

Justice Valente upheld a minority stockholders' contention that the Koppers Co. was forbidden to profit from such services when rendered

to an affiliate. He found further that Brooklyn Union Gas Co. direc tors who approved these payments were not liable since they had filed all such contracts with New York P. S. Commission.—V. 157, p. 346.

Laclede Gas Light Co.—Reorganization Approved—

The reorganization plan of the company and sale of its affiliated company, Laclede Power & Light Co. to Union Electric Co. of Missouri have been approved by the Missouri P. S. Commission, subject to conditions imposed by the Commission. The plan now awaits approval of the Securities and Exchange Commission before it bemes effective

comes effective.

The contract for sale of Laclede Power & Light to Union Electric for base price of \$8,600,000 plus certain adjustments at time of transfer, is contingent upon the plan of reorganization being consummated, or the extinguishment of the liens of the presently outstanding mortgages by any other procedure or method. Under the plan of reorganization interest charges will be reduced \$910,000 annually.—V. 157, p. 1083.

Lake Superior & Ishpeming RR.—Dividend—

The company on April 6 paid a dividend of 50 cents per share on the capital stock to holders of record March 30.—V. 157, p. 1271.

Lanston Monotype Machine Co.-50-Cent Dividend-A dividend of 50 cents per share has been declared on the common stock, payable May 31 to holders of record May 21. This compares with 25 cents paid on Feb. 27, last. Distributions during 1942 were as follows: Feb. 28, May 29 and Aug. 31, 25 cents each; and Nov. 30, \$1.25 \times 1.25 \times 1.

Lealdo Corp., New York, N. Y .- Notes Called-

A total of thirty (30) 15-year coupen notes dated May 1, 1929 have been called for redemption as of May 1, 1943 at par and interest. Payment will be made at the office of the corporation, 25 West 43rd St., N. Y. City. K. L. Sullivan is Secretary.—V. 155,

Lehman Corp.—Reports Higher Asset Value-

A net asset value per share of corporation on March 31, 1943, greater than the original amount per share paid in to the corporation on Sept. 24, 1929, was announced to stockholders by Robert Lehman, President, in a report covering the first nine months of the corporation's fiscal year.

"It is gratifying to be able to report that the net asset value of \$34.54 per share on March 31, 1943, was in excess of the original amount of \$33.33 per share paid in to the corporation on Sept. 24, 1929 (after adjustment for the split-up of three shares for one in 1637)," Mr. Lehman said.

Mr. Lehman also pointed out to the stockholders that the corporation also pointed out to the stockholders that the corporation.

1937)," Mr. Lehman said.

Mr. Lehman also pointed out to the stockholders that the corporation paid its first dividend to holders of record June 20, 1930, and has continually paid dividends quarterly since that date, having paid a total of \$35,086,092 in dividends to stockholders since organization of the corporation. A stockholder retaining his shares during the 13½ years of the corporation's life has received \$16.56 per present share in dividends.

share in dividends.

The net asset value of \$34.54 per share outstanding in the hands of the public as of March 31 compares with \$29.54 per share on Dec. 31, 1942, and \$25.09 on June 30, 1942. The March 31 net asset value was calculated after deducting an allowance of 35 cents per share for Federal and State taxes computed on unrealized appreciation. During the quarter ended March 31, the corporation did not purchase any of its own shares for retirement. The report pointed out, however, that the corporation might make such purchases in the future, as it had in the past, and that the past purchases, made at discounts from net asset value at the time of purchase, had improved the net asset value of the remaining shares.

Securities, other than U. S. Government obligations, with a value of \$5,118,000, were sold during the quarter ended March 31 and securities with a value of \$5,623,000 were purchased, indicating a net increase in portfolio investments of approximately \$505,000.

Libbey-Owens-Ford Glass Co.-Annual Report-

John D. Biggers, President, states:

Renegotiation of War Contracts—We are gratified to be able to report that the Navy Department, acting for itself and for the War and Treasury Departments and the Maritime Commission, pursuant to Public Law No. 528, has completed examination of the financial results of our contracts and sub-contracts for war work up to and including Dec. 31, 1942.

It has been found by the Secretary of the Navy that the company has realized no excessive profits on such contracts and has therefore

has realized no excessive profits on such contracts and has therefore been fully discharged of all liability under Section 403 of said Law to refund or repay to the Government any of the profits realized under such contracts and sub-contracts during the period under review.

-Company's Federal income tax liability for 1942 amounted to \$575,000. This liability includes only the normal and surtax of 40% on taxable income as the substantially reduced earnings for the year were not subject to excess profits tax.

were not subject to excess profits tax.

With respect to 1941 taxes, certain provisions of the Revenue Act of 1942, relating to allowance of war losses on foreign investments and carry-back of unused excess profits credits, retroactively applied, will result in a reduction of the original estimated tax liability for 1941 by approximately \$3,500,000, of which \$1,420,000 has been realized by reduced payments on the 1941 return and has been added to the contingency reserve. The remainder of approximately \$2,080,000 is refundable, subject to the usual audit by government authorities.

Tax returns for all years prior to 1941 have been examined and approved by the government, and no further liabilities thereon are anticipated.

Lincoln Warehouse Corp.—Registrar—

The Manufacturers Trust Co., New York, N. Y., has been appointed registrar of the capital stock of the above corporation consisting of 30,000 shares, \$100 par value.

Lion Oil Refining Co.—Completes Well in New Field.

The company has just completed the No. 1 Viola Ford in Section 12, Township 26, South Range 12 West in Pratt County, Kansas, flowing at the rate of 30 barrels per hour, according to announcement by Col. T. H. Barton, President. This well is one of the most important recent discoveries in central Kansas, in which this company has substantial acreage holdings, and appears to have opened an important new Viola Line Field. Col. Barton said.

Changes in Personnel-

R. E. Meinert, formerly Treasurer of the company, has been elected Vice-President, and E. W. Atkinson, former Comptroller, as Treasurer. T. H. Barton has been elected President; T. M. Martin, J. J. Allinson, A. F. Reed and J. E. Howell as Vice-Presidents; Jeff Davis as Secre-

tary and General Counsel, and C. N. Barton as Assistant Secretary and Assistant Terasurer. T. M. Martin has also been named as

General Manager. All of these officers were reelected to the board of directors. Income Statement for Calendar Years

Lone Star Gas Corp.—Dissolution—

Steps for the dissolution of this corporation are being taken following approval of liquidation by more than two-thirds of the stock-

holders.

The 5,499,000 shares of the capital stock of the Lone Star Gas Co. (par \$10) will be distributed to stockholders of Lone Star Gas Corp., share for share, as a liquidating dividend, according to a letter to stockholders from D. A. Hulcy, President. This stock is the only asset of the corporation.

The Lone Star Gas Co. shares will be listed on the Pittsburgh Stock Exchange on approval by the Securities and Exchange Commission. A dividend of 20 cents a share has been declared by Lone Star Gas Co., payable May 31 to holders of record May 15.

Order Amended-

The Securities and Exchange Commission amended March 24 its order of Oct. 22 requiring divestment by the corporation of its interests in several subsidiaries and approved a voluntary plan of

reorganization of the company. This was done to eliminate any doubt as to conformity of the order to the formal requirements of the internal revenue code.—V. 157, p. 1084.

Lone Star Gas Co .- Initial Dividend-

The directors have declared an initial dividend of 20 cents per share on the common stock, payable May 31 to holders of record May 15. (See V. 156, p. 1954.)—V. 134, p. 1760.

Mack Trucks, Inc.—Halts Bus Manufacture-

Manufacture of Mack buses was halted on April 7, according to a statement released by C. T. Ruhf, President of Mack Manufacturing Corp., to Mack's vast network of dealers and distributors. Mr. Ruhf explained that pressing demands of the Army for heavy duty Mack trucks made the move necessary.

In his statement Mr. Ruhf said: "Mack has long been one of the leading motor bus producers in the country, and we regret that the press of war production has caused us to halt bus production temporarily. Mack had continued in bus manufacture up to the present to help avoid a crisis in transportation facilities at military bases and in war production areas. However, Mack will make every effort to supply owners of Mack buses with adequate replacement parts and service facilities, during the halt in production."

During the latter part of 1942 Mack relinquished its main bus plant at Allentown, Pa., to Vultee Aircraft, Inc., for the production of fighter airplanes. To compensate for this loss of manufacturing space the Government turned over to Mack 400,000 square feet in several factory buildings in the Allentown area. Despite this allocation the increasing press of war production in Mack's three huge plants gradually ate into the allotted space until the present temporary half in bus production had to be called.

Mr. Ruhf assured his distributors and dealers that Mack will be

Mr. Ruhf assured his distributors and dealers that Mack will be back in the bus business when the present crisis ends.—V. 157, p. 1272.

Majestic Hotel Co., Inc., Hot Springs, Ark.—Redemption-

There have been called for redemption as of May 1, 1943 a total of \$20,000 of first mortgage real estate and leasehold 5% refunding bonds dated May 1, 1935, at 102 and interest. Payment will be made at the Whitney National Bank of New Orleans, trustee, Whitney Bldg., New Orleans, La.-V. 156, p. 1505.

Malden Electric Co.-80-Cent Distribution-

A dividend of 80 cents per share has been declared on the common stock, par \$25, payable April 14 to holders of record April 8. This compares with \$1.15 per share paid on Jan. 14, last. Payments in 1942 were as follows: Jan. 14, \$1.15; April 14, \$1; July 14, 65 cents; Oct. 14, \$1.05; and Dec. 29, 30 cents.—V. 157, p. 255.

Manati Sugar Co.—Tenders Sought—

The Central Hanover Bank & Trust Co., paying agent, New York, N. Y., will until 1 P. M. (E.W.T.) on May 4 receive bids for the sale to it for account of the sinking fund of 20-year 4% sinking fund bonds due Feb. 1, 1957, to an amount sufficient to exhaust the sum of \$233,758.60 at prices not exceeding 102½ and interest.—V. 156, p. 1505.

Marine Midland Corp.—Earnings-

Note—The above figures are adjusted to minority interests as reported to the New York Stock Exchange.—V. 157, p. 641. \$0.14

Marshall Field & Co .- Two New Vice-Presidents, etc.

Hughston M. McBain, President, on April 10 announced the election of William S. Street and Luther H. Hodges as Vice-Presidents.

Mr. Street is General Manager of the company's Chicago and suburban retail stores. Mr. Hodges is General Manager of the company's manufacturing division, with headquarters in New York.

James L. Paimer and William B. Simpson have been elected directors to fill vacancies created by the resignation of Frederick D. Corley and the commissioning of James Simpson Jr. as an officer in the Marine Corps.

Mr. McBain also announced that Charles C. Bunker, Vice-President, Mr. McBain also announced that Charles C. Bunker, Vice-President, will broaden the scope of his activities by relinquishing his position as General Merchandise Manager of the Chicago and suburban stores to serve hereafter as Vice-President and Merchandise Counsellor on all the company's retail merchandising problems. Mr. Bunker will maintain his principal office in the Chicago retail store.

Mr. Palmer, newly-elected director, has been First Vice-President of the company since February. William B. Simpson is Chairman of the board of A. M. Castle & Co., of Chicago, and is a brother of the late James Simpson, former President and Chairman of the board of Marshall Field & Co.—V. 157, p. 641.

First Quarter Sales Higher-Profits Lower-

Sharply higher provisions for wartime income taxes were made by the company in 1942. Hughston M. McBain, President, reported at the annual meeting held on April 9. The provisions were considerably greater than the net profit and nearly three times the amount paid in dividends. in dividends.

Sales in our retail stores for the first quarter of this year have "Sales in our retail stores for the first quarter of this year have been excellent," he said, "but gross profit margins in the company's manufacturing division are decreasing because most of its civilian goods are sold under Government price ceilings while labor and some raw materials costs are increasing." At the same time provision for taxes was greater than for the first quarter in 1942. The high rate of occupancy in the Merchandise Mart, chief asset of the company's real estate division, is continuing. U. S. Government offices occupy approximately 30% of the space while less than 9% is used by the company itself. The remainder is used by commercial tenants, Mr. McBain added.—V. 157, p. 641.

(Glenn L.) Martin Co.-Gov't Granted License-

Announcement that this company had granted the Government free license to one of its most cherished and lucrative patents, the Mareng Cell, was made recently by Glenn L. Martin, President.

The Mareng (for "Martin Engineering") Cell is a synthetic rubber fuel tank for airplanes and other conveyances. Its most spectacular version is the self-sealing (bullet-proof) tank—America's first, introduced shortly after Gen. H. H. Arnold, Chief of the Army Air Forces, called for such a device early in 1940.—V. 156, p. 1934.

Massachusetts Power & Light Associates-30-Cent Div.

A dividend of 30 cents per share was recently declared on account of accumulations on the \$2 cumul. preferred stock, no par value, payable April 15 to holders of record April 9. A similar distribution was made on Jan. 15, 1943. Payments last year were as follows: Jan. 15, 40 cents; April 15, 35 cents; July 15, 25 cents; Oct. 15, 15 cents; and Dec. 31, 30 cents.—V. 157, p. 256.

Mead Johnson & Co.—Registrar-

The National City Bank of New York announce that they have been appointed Registrar for the no par value common stock.—V. 157, p. 995.

Melville Shoe Corp.-March Sales Off 37.44%-

1943—Month—1942 1943—3 Mos.—1942 \$2,720,815 \$4,349,047 \$8,088,410 \$10,519,612 Period End. Mar. 31-Sales at retail__ Sales of men's shoes by this corporation thus far in 1943 are run-Sales of men's shoes by this corporation thus far in 1943 are running about 40% under a year ago, Ward Melville, President, told shareholders at the annual meeting. In measuring the effect of rationing and lack of materials on the shoe business, however, he emphasized that the current period is comparing with the pre-Easter figures of last year and that the retail trade has had to contend with a period of unusually difficult weather in recent months.

He said the company had anticipated a drop of some 20% in sales of men's shoes, as a result of the draft, and he felt rationing may have effected a curtailment of somewhere between 8% and 10%. No definite pattern has unfolded as yet as a result of rationing, he said, adding that up to this point the consumer is still puzzled as to how to act.

Production of shoes this year, he stated, of course will be down from 1942, for the simple reason that materials are not available.

Mr. Melville told shareholders that the company's program of store closing was now changing to one of store opening. Last year's closings

Mr. Metrile told shareholders that the company's program of store closing was now changing to one of store opening. Last year's closings were occasioned by lack of merchandise, but the management felt, he said, some units could be advantageously re-opened at this point. Shareholders were told that the company was working right along on efforts to develop substitutes for sole leather, and that at the moment had something that looked prety good.—V. 157, p. 995.

Mid-Continent Petroleum Corp.-40-Cent Dividend-

The directors have declared a dividend of 40 cents per share on the common stock, payable June 1 to holders of record May 1. This compares with \$1 paid on Dec. 1, last, 40 cents on June 1, 1942; 75 cents on Dec. 1, 1941, and 40 cents on June 2, 1941, and on June 1 and Dec. 2, 1940.—V. 156, p. 1777.

Middle Creek RR .- Acquisition-

The ICC on March 27 issued a certificate authorizing acquisition by the company of the Hartland Colliery Co.'s line of railroad extending in a general southerly direction from Hartland to Bickmore, 4.1 miles,

in Clay County, W. Va.

The line is owned by the Hartland Colliery Co., but is operated by the road, ander lease. The reason for the proposed transfer of title in the railroad property is that the colliery company desires to dispose of all its assets, and liquidate.—V. 123, p. 2389.

Mid-West Refineries, Inc.—New President-

Elmer W. Potter has been elected President to succeed B. J. Skinner, deceased. Since March, 1941, Mr. Potter has been Executive Vice-

Verne Skinner, Sales Manager for several years, has been elected Vice-President. Mr. Skinner has been with Mid-West since its organization in 1933.—V. 157, p. 1084.

Minneapolis-Honeywell Regulator Co. - Annual Re-

port Reveals Company in New Fields—
The company, although totally without previous experience in the field, has in the space of two years become one of the country's leading volume producers of ordnance fire control equipment, Harold W. Sweatt, president, announced in the annual report.

He also disclosed that less than two years from the establishment of the company's aero division it is now under contract to produce in great volume electronic and other equipment for use on war planes.

The aero division was greatly expanded, he said, following the adoption by the Army Air Force of new equipment developed by its engineers working in close cooperation with the technical center of the Army Air Force and with other service agencies.

"The nature of these developments is secret," Sweatt said, "but it can be stated that one of the aero division's outstanding products is standard equipment on America's heavy bombers."

The report states that the company achieved more favorable production experience with some of its war contracts than could have been anticipated when the contracts were entered into, and that substantial refunds due the government had been offered under the renegotiation procedure provided in Section 403 of Public Law 528.

"While no final agreement has been reached," stockholders are told, "provision has been made in our statement for the return of amounts to the government that are considered by your board to be fair and adequate and at the same time give consideration to the interests of the company's stockholders."

At the end of 1942, the report states, the company was making use of its \$15,000,000 V loan credit to the extent of \$6,000,000. This credit was arranged in December through a group of banks, and runs to Dec. 31, 1945.

to Dec. 31, 1945.

Minnesota Power & Light Co.—FPC Directs Company

To End Write-Ups-

-V. 157, p. 1272.

The Federal Power Commission on March 31 ordered the company to dispose of \$20,472.075 of "write-ups" and to submit a revised reclassification of accounts and original cost studies to conform with the Comm's son's system of accounts.

After disposing of lesser amounts classified in "electric plant adjust-

the order directs that \$18,561,866 of the write-ups be transferred to "earned surplus" with a condition that the company may charge \$14,500,000 of that amount to a capital surplus created for that purpose.-V. 157, p. 1363.

Missouri Pacific RR.-New Plan Considered-

A compromise plan of reorganization for the road, proposed to resolve differences between bondholder and stockholder interests, was considered April 6 without definite action at a meeting of the company's board of directors.

A reorganization plan drafted by the Interstate Commerce Commission now is before the U. S. Circuit Court of Appeals.

The compromise plan, advanced by Robert R. Young for the Alleghany Corp., the majority stockholder, and John W. Stedman, head of a senior bondholders' committee, stays within the \$560,000,000 capitalization fixed by the ICC. It provides, however, that present stockholders climinated by the ICC proposal shall get warrants for

stockholders, eliminated by the ICC proposal, shall get warrants for

purchase of new stock.

J. S. Pyeatt, chairman of the board, sa'd the recognition given to the equities in the compromise plan was "far from satisfactory." He declared that early termination of the reorganization proceedings was highly desirable, but it should be accompanied by "a more realistic attitude" toward the stockholders.—V. 157, p. 1272.

Montreal Tramways Co.-Stand on Rental Arrears-R. N. Watt, President, referring to the claim of the City of Montreal, Canada, for the payment of certain arrears of annual rental under the contract between the company and the city, stated that the arrears accumulated in the years 1934-41 when the earnings of the company were insufficient to provide for their payment and as a consequence such rentals were not then due or payable under the contract.

The problem today is wholly a legal one," he said. "There is no question of the repudiation of a debt or hesitation to meet and dis-guarge a legitimate obligation. The company's earnings for 1942 are sufficient to provide for payment of a portion of the arrears claimed by the city, but the question is whether such earnings are not rirst subject to ordinary income tax for 1942 and also to excess profits taxes for that year."—V. 155, p. 1215.

National Power & Light Co.—Steps in Liquidation—

The Securities and Exchange Commission on April 1 approved the sale by the company to Mauch Chunk Heat, Power & Electric Light Co. of the latter's securities, consisting of 61 shares of \$6 cumulative preferred and 597 shares of common stock. Consideration is \$30,000 cash. Mauch Chunk is a subsidiary of Republic Service Corp. In approving the sale the Commission said that it is necessary and ap-

propriate to effectuate the provisions of Section 11 (B) of the Public Utility Holding Company Act.

The Securities and Exchange Commission on April 12 approved a proposal of National to surrender for cancellation to Easton Transit Co., a subsidiary, as a capital contribution, 41,000 shares of the 43,000 shares of Easton outstanding stock and the sale of the remaining 2,000 shares of Easton to Lehigh Valley Transit Co. for a cash consideration of \$10,000

of Easton to Lenigh Valley Transit Co. for a cash consideration of \$10,000.

The step is part of the program for dissolution of National in compliance with a previous order of the Commission.

National on April 1 filed an amended plan of dissolution with the SEC. Under the plan National proposes to sell its remaining holdings of 242,664 shares of Houston Light & Power Co.'s common stock. The proceeds, plus additional funds from the sale of 16,806 shares of \$7 preferred stock of Carolina Power & Light Co., a subsidiary will be used to retire 150,000 shares of \$6 preferred stock at \$100 a share, plus accrued dividends to the date of retirement.

Upon liquidation of the preferred stock National then proposes to distribute pro rata to its common stockholders its then holdings in Carolina Power & Light Co., Birmingham Electric Co., Pennsylvania Power & Light Co. and Lehigh Valley Transit Co.

To assist in affecting this it is proposed to transfer the present interests in Roanoke Power Co. to Carolina Power & Light. It is also proposed that Lenigh Valley Transit sell to Pennsylvania Power & Light the preferred shares of the latter company, which it now holds as well as the Allentown Steam Generating system and certain related equipment.

The consummation of these transactions, it is held will result in completion of all major proposals made in the plan of May 7, 1942, and will leave National only with the problem of liquidating its remaining minor investments. It will also result in substantial compliance with the Commission's order of Aug. 23, 1941, ordering compliance with the Holding Company Act, the company states.

SEC Approves Transaction-

The Securities and Exchange Commission has granted the application company to sell the securities of its subsidiary, West Tennessee as Co., to Equitable Securities Corp., Nashville, Tenn., for \$712,500 plus interest.

The Commission said the purchase price "is not unreasonable" and the proposed sale is "a step in compliance" with a dissolution order entered against National.

Samuel Okin, New York attorney and a stockholder in Electric Bond & Share Co., National's parent, had contended in hearings that the transaction was designed to enable John Wisdom, President of West Tennessee, to acquire control of the property at an inadequate price.—V. 157, p. 1273.

National Sugar Co., Ltd., Montreal-Offers Pfd. Stock

The company is offering in the Canadian market direct to the public an issue of \$1,500,000 6% preferred shares (\$50 par) at \$50 per share, the purchaser to receive one share of common stock (no par) with each share of preferred.

The company was organized and obtained its Quebec charter to develop the sugar beet industry in the counties of L'Assomption, Berthier, Joliette, Maskinonge and Montealm. Years of experimenting, the company states, have proved that the so'll and climatic conditions of these five counties are particularly favorable to the production of beets with a high sugar content.

The company has purchased in the United States a complete sugar

beets with a high sugar content.

The company has purchased in the United States a complete sugar factory with slicing capacity of 1,200 tons of beets a day and will re-erect it at Joliette, P. Q. Present plans are to bring the plant into operation next October. The Dver Co. of Cleveland, Ohio, will supervise re-erection of the plant and will loan an operating expert for a per od after commencement of operations.

The board of directors consists of Charles E. Prefontaine, Joseph Rheaume, Edouard Masson, K.C., Herrick H. Dyer and Lucien Robillard

billard.

Capitalization

6% cumul. red. pfd. shares (par \$50) \$1,625,000 Common shares (no par) 75,000 shs. \$1,500,000 63,000 shs.

The preferred shares will be issued in registration form only; principal, dividend, and premium, if any, will be payable in lawful money of Canada in Montreal; the shares shall carry the right to a fixed cumulative preferential dividend, payable semi-annually on Aug. 1 and Feb. 1 of each year, at the rate of 6% per annual and shall rank both as regards dividend and return of capital in priority to all other shares of the company.

New Bedford Gas & Edison Light Co.-Financing-

The company has petitioned the Massachusetts Department of Public Utilities for authority to issue at not less than face value and accrued interest \$750,000 of serial notes to be known as "Fourth Series 3% due 1958," to be dated June 1, 1943. Proceeds are to be used to pay an equal amount of notes held by First National Bank. Boston. The department is also asked to authorize an extension of the time within which the company may borrow additional sums from First National Bank, Boston, such sums together with existing loans of \$1,050,000 not to exceed \$2,000,000.—V. 157, p. 609.

New England Gas & Electric Association-Output-

For the week ended Apr.1 9, this Association reports electric output of 11,691,727 kwh. This is an increase of 818,453 kwh, or 7.53% above production of 10,873,334 kwh. for the corresponding week a year ago. Gas output for the Apr.1 9 week is reported at 140,012,000 cu. ft., an increase of 30,102,000 cu. ft., or 27.39% above production of 109,-910,000 cu. ft. in the corresponding week a year ago.

March Output Increased Over 1942-

For the month ended March 31, 1943, the Association reports electric output of 53,415,970 kwh. This is an increase of 3.539,020 kwh. or 7.10% above production of 49,876,950 kwh. for the corresponding month a year ago.

Cas output for March, 1943, is reported as 822.298 000 cubic feet, increase of 84,093,000 cubic feet, or 15.62% above production of 3.265,000 cubic feet in the corresponding month a year ago.— 538.205,000 V. 157, p. 1363.

New England Power Association-Output Up 9.12%-Total production in kilowatt hours, both generated and purchased, of New England Power Association and subsidiaries for the week ended April 10, 1943 (the amount available for New England Power Association and other reporting companies and secondary sales to other utilities), was 60,512,033, as compared with 55,455,129 kwh. for the week ended April 11, 1942, an increase of 9.12%.

For the preceding week output was 60.567,878 kwh., up 9.48% from the corresponding week last year.—V. 157, p. 1363.

New England Power Co.-Bonds Called-

There have been called for redemption as of May 15, 1943 a total of \$96,000 of 1st mtge. bonds, series A, 3½%, due Nov. 15, 1961, at 1.03½ and int. Payment will be made at the New England Trust Co., trustee, Boston, Mass.—V. 156, p. 2042.

New York Title & Mortgage Co.-Interest-

P. Walker Morrison, Lazarus Joseph and Leon Leighton, Trustees of Series B-K, first mortgage certificates, have declared a distribution to be made on June 30, 1943 to the certificate holders of 1½% of principal amounting to \$197,339. Series B-K is a \$13,000,000 mortgage issue which originally covered 170 mortgages and properties located in Brooklyn, Manhattan and Bronx. With the forthcoming distribution, the total distribution made by the trustees since their appointment in March 1936 will amount to 9% or \$1,184,036.—V. 156, p. 2136; V. 155, p. 2283, 2370.

Niagara Hudson Power Corp.—New Set-Up Will Be

Filed Soon-Stockholders of the corporation were informed April 13 at their annual meeting that the management will flie a definitive plan of corporate reorganization with the Securities and Exchange Commission within the next four or five weeks.

E. J. Machold, President, said that the plan was not yet ready for submission to directors but that constant study is being given to the problem. Any plan so formulated, he added, would be submitted to a vote of stockholders for their approval

The Securities and Exchange Commission terminated March 23 corporate simplification proceedings against the corporation and its subsidiaries, subject to call by Richard Townsend, trial examiner.

Attorneys for the SEC and Niagara Hudson agreed that the Commission should prepare findings and opinion based on the evidence taken at the proceedings.—V. 157, p. 1086.

North American Co.—Hearing Postponed—

The Securities and Exchange Commission has postponed from April 19 to June 1 a hearing on the retainability of St. Louis County Gas Co. by the North American Co. The action is the outgrowth of a divestment order issued against North American by the Commission about a year ago.

Briefs Filed with Supreme Court-

The Securities and Exchange Commission has filed a 102 page brief with the U. S. Supreme Court in support of its contention that the North American Co. should be stripped to one system.

Oral argument on the North American's test of the constitutionality of the so-called "death sentence" came before the Supreme Court April 15, but was postponed because of the lack of forum. Company filed on April 8 a 70 page brief asking for a reversal of the lower court's decision which upheld the order of the Commission.—V. 157, p. 1086.

North Boston Lighting Properties-25-Cent Dividend-

The directors recently declared a dividend of 25 cents per share on the common stock, no par value, payable April 15 to holders of record April 9. This compares with 40 cents paid on Jan. 15, last. Payments in 1942 were as follows: Jan. 15, 50 cents; April 15, 40 cents; and Dec. 30, 90 cents.—V. 157, p. 258.

Northeast Airlines, Inc.—Changes Fiscal Year—

The corporation on April 7 announced that it had changed its fiscal year to coincide with the calendar year in order to conform to the periods of accounting practiced by the Civil Aeronautics Bureau. Previously the company's fiscal year ended on June 30.—V. 157, p. 1087.

Northern Pacific Ry .- Would Issue Notes-

The company has asked the Interstate Commerce Commission for authority to issue promissory notes of \$5,400,906 drawing 2% interest in lieu of a like amount of indebtedness outstanding in the form of conditional sales contracts for equipment. One contract is with the Pullman-Standard Car Manufacturing Co. and the other is with the American Car & Foundry Co.

Debt Reduction Plan Reason for Equipment Issue-

The company and its subsidiary, Northwestern Improvement Co., since Jan. 1, 1940, have bought in \$6,208,500 par value of Northern Pacific's long term bonds, including \$4,359,000 of refunding and improvement 6s due in 2047. This is disclosed by Vice President B. W. Scandrett in a letter to the Interstate Commerce Commission explaining why the road—with a large amount of cash on hand—is asking authority to issue \$3,200,000 of equipment trust certificates to help finance new equipment purchases.

Mr. Scandrett emphasized the wisdom of conserving cash with which to repurchase high interest bearing long term bonds and said the Northern Pacific plans to purchase its refunding and improvement bonds of 2047 "to the extent that conditions will permit." In the opinion of the road's management, he said, it is wise to conserve cash by issuing low rate equipment obligations to help finance the cost of new equipment.

cash by issuing low rate cost of new equipment.

Finance Director Sweet of the ICC had called upon the Northern Pacific to explain why it is necessary to issue equipment obligations in view of the fact that the road's Jan. 31 balance sheet showed cash

on hand of \$31,754,696, temporary cash investments of \$9,282,000, and special deposits of \$6,877,642.

Mr. Scandrett, it was learned, came to Washington last Friday to confer with Mr. Sweet. He lett a written memorandum explaining why the Northern Pacific feels that full payment for new equipment in cash would not be wise.—V. 157, p. 1274.

Northern States Power Co. (Del.)-Weekly Output-Electric output of the Northern States Power Co. system for the week ended April 10, 1943, totaled 38,015,000 kwh., as compared with 33,926,000 kwh. for the corresponding week last year, an increase of 12.1%.—V. 157, p. 1364.

Oahu Ry. & Land Co.-30-Cent Dividend-

The company on March 12 paid a dividend of 30 cents per share on the common stock, par \$20, to holders of record March 5. Payments last year were as follows: March 12, 30 cents; June 20, 60 cents; Sept. 21, 50 cents; and Dec. 15, 60 cents.—V. 156, p. 2309.

O'Conner, Moffatt & Co.-Accumulated Dividend-

The directors have declared a dividend of 75 cents per share on account of accumulations on the \$1.50 cumulative class AA stock, no par value, payable May 15 to holders of record April 26. Like amounts were disbursed on this issue on Feb. 15, last, and Nov. 16, 1942, while in each of the seven preceding quarters payments of 37½ cents each were made.—V. 157, p. 348.

Ogden Corp.—Income Increases—

Corporation had a net income of \$552,095 for 1942 after deductions for all taxes, according to B. H. Brewster, President, in the annual report to stockholders. This compares with \$276,979 for 1941. Indicated assets value of the common stock is \$6.48 per share as compared with \$6.28 at the end of the previous year, 1941.

Progress in the program of liquidation, reorganization and integration of utility subsidiaries was reported for the year. Mr. Brewster also reported to the stockholders that hearings before the Securities and Exchange Commission are scheduled for April 13, at which time approval for the Ogden plan of procedure will be sought.

The plan in brief proposes the liquidation and dissolution of Central States Utilities Corp., its subsidiary, Central States Power & Light Corp., and Missouri Electric Power Co., a wholly owned subsidiary of Central States Power & Light Corp. It is proposed that the two companies last named will dispose of all their assets for cash.

The plan also proposes that investments in Derby Gas & Electric Corp. and in Missouri Natural Gas Co. will be disposed of either by sale, or by distribution in kind.

The proposal for Interstate Power Co. is that, after the consummation of the consummation o

sale, or by distribution in kind.

The proposal for Interstate Power Co. is that, after the consummation of simplification of its corporate structure, Ogden Corp. proposes to dispose of the new securities it receives for Interstate holdings, either by sale or by distribution in kind.

With reference to Laclede Power & Light Co. and Laclede Gas Light Co., the plan proposes that these companies sell for cash the electric properties owned by them. Laclede Gas Light Co. also proposes to simplify its corporate structure and recapitalize. After the consummation of this portion of the plan Ogden Corp. proposes to dispose of the new securities it receives by offering them for sale to residents of the State of Missouri.

During the year the company disposed of all ownership in Utilities Power & Light Operating Corp. United Fuels Corp. was sold in Feb., 1943.

The report also tells of progress in the liquidation of Newport Water Corp., which liquidation started in January, 1943.—V. 157, p. 901.

Pacific Clay Products—Resumes Dividend—

The directors have declared a dividend of 20 cents per share on the common stock, no par value, payable April 27 to holders of record April 17. Distributions of 10 cents each were made on March 25 and Dec. 20, 1941; none since.—V. 155, p. 307.

Panama Coca-Cola Bottling Co.-\$1 Dividend-

A dividend of \$1 per share was recently declared on common stock, par \$1, payable April 15 to holders of record March 31. This compares with \$1.50 paid on Jan. 15, last. Payments last year were as follows: Jan. 15, April 15 and July 15, quarterlies of 30 cents each; Oct. 15, a quarterly of 50 cents; and in addition the following extras: April 15, \$1; July 15, \$1; and Oct. 15, 25 cents.—V. 157, p. 169.

Packard Motor Car Co.-Annual Report-

The company with a payroll more than twice the size of its peak peace-time number of workers, discloses to its shareholders in its 1942 new-style pictorial annual report that 13% of its employees are women and the number is expected to rise to 30% as draft demands increase. More than 3,000 Packard employees are already serving in the armed forces.

the armed forces.

"A total of 114,726 stockholders are receiving this report, 71.5% of them owning less than 100 shares each," states George T. Christopher, President and General Manager. "The democratic nature of these widespread holdings merits an annual report as easily understood by the typical business man as the trained financier.

"For that reason, the Packard stockholders are today receiving copies of a new type of annual report that differs from the conventional form of financial presentation. It is streamlined and filled with charts and pictures of war work on Packard-built Rolls-Royce aircraft engines and Packard marine engines for PT boats."

The report states that all of the employees have voluntarily joined the management-labor "Work to Win" program jointly administered by company and union through which Packard has been awarded more honors from WPB than any other war plant.

Final figures in the report show 1942 net earnings of \$4,726,237, or 31 cents a share, as against \$2,061,323, or 14 cents a share in 1941.

"We made decided improvements in manufacturing efficiency during 1942," explains the report, "and our operations were generally more

1942." explains the report, "and our operations were generally more economical. Net selling, general and administrative expenses were \$2.586,754 as compared with \$3,763,490 for 1941, a reduction of more

Pan American Airways Corp.—To Move Terminal—

The Los Angeles terminal of Pan American Airways' direct international service to Mexico and Central America soon will be moved to the Lockheed Air Terminal in Burbank, Calif., the corporation announced on April 5.

With operations expected to start from the new terminal on June 1, international schedules operated at present out of Grand Central Air Terminal, Glendale, will be transferred beginning on that date to

the new airport.

In addition to a lease granting Pan American use of all facilities at the field, a terminal building and a hangar now are under construction. Approximately 12,000 feet of space will be available in the hangar for storage, overhaul and maintenance of airplanes and engines.—V. 157, p. 1274.

(J. C.) Penney Co.—Annual Report—

The total number of stores in operation at the end of 1942 was 1,611. The number in operation at the end of the year was 1,605.

The ratio of current assets to current liabilities is about two to one. The cash accounts amount to \$64.895,094.31. This is in addition to the sum of \$30,014,600 invested by the company in tax anticipation

notes and other Government securities.

Net profit for the calendar year of 1942 amounted to \$18,058.136, equal to \$6.58 per share on each of the 2,743,984 shares outstanding at the year-end. This included the amount of \$3,040,000 which represents post-war credit with respect to excess profits taxes which is to be paid the Government but will be refunded later. The profit figure of \$18,058,136 compares with \$17,128,104, or \$6.24 per share shown for the year 1941 for the year 1941.

Federal taxes continue to increase. The total Federal income surtax nd excess profits tax figure for 1942 was \$35,150,000, or the equivalent \$12.81 per share.

Peoples Light & Power Co.—SEC Approves Sale—

The Securities and Exchange Commission on April 8 ordered the company and its subsidiary, Texas Public Service Co., to divest themselves of any interest in water and irrigation businesses in Jefferson, Hardin, Liberty and Chambers Counties, Texas.

Peoples and Texas previously applied to the Commission for permission to sell the properties held by Texas to the Lower Neches Valley Authority, an agency of the State of Texas, for \$3,055,000.

The Commission, which on April 8 approved the sale, said it was necessary for People's compliance with the simplification and integration provisions of the Holding Company Act.

Peoples said the proposed sale of its subsidiary's irrigation properties is part of its voluntary plan for compliance with the Holding Company Act.—V. 157, p. 1089.

Pere Marquette Ry .- Debt Reduction Being Pursued to Strengthen Financial Position-

The company, which netted \$3,569,065 from the record volume of business handled over its line in 1942, is pursuing a determined policy of debt reduction with a view to strengthening the financial position of the road, President R. J. Bowman told the stockholders in the annual report of the company made public April 16.

"Unless the financial strength and credit rating of your railroad can be substantially improved during the next twelve years," he said, "the refunding or payment of some \$40,000,000 of first mortgage bonds coming due in 1956 will present a major problem."

When it became evident that the road's earnings were on the upswing last October, Mr. Bowman stated, the directors initiated debt reduction by purchasing first mortgage bonds at the prevailing discount. By the end of the year some \$2,250,000 of these bonds had been retired. Additional purchases of these bonds have been made been retired. Additional purchases of these bonds have been made in 1943.

"It is the present intention of the directors to pursue this policy of debt reduction as additional funds become available," he added, to the end that the company's credit shall be strengthened, the refinancing of its bonds undertaken and dividend payments resumed in due course."

Mr. Bowman pointed out that during the 12-year period beginning with 1931, the last year in which dividends were paid on all classes of stock, the total net income of the railroad was \$5,069,262. In addition to the dividends paid in 1931, dividends were paid on prior preference stock in 1936 and 1937, the total of all dividends for the 12-year period being \$5,061,778, which is about equal to the entire net income of the road in that period.

"At the end of this 12-year period," he resumed, "the outstanding debt was almost as large as at the beginning, the net reduction having been less than \$1,000,000; and in five of the 12 years the charges on debt were not fully earned. Deficits have been met and improvements to the property have been financed by short-term borrowings (since repaid) and out of depreciation and retirement charges to operating expenses. This situation affected company's credit.

"Even today, despite the improved earnings, the first mortgage bonds with high coupon rates are selling in the market at very sub-stantial discounts."

Situated in a concentrated industrial area, now largely converted over to war production, the Pere Marquette "threw everything it had" into the performance of its war transportation task. The result, in terms of operating revenues, was \$44,311,307 as compared with \$39,048,003 in 1941. Transporting the record volume of traffic has not been accomplished "without borrowing from the future to fulfill the

needs of the present," Mr. Bowman said, referring to the wear and

needs of the present," Mr. Powman said, referring to the wear and tear of the heavy traffic on rails and equipment.

"There is the very serious danger that the funds with which to effect rehabilitation after the war may not be available when required," he asserted. "The ICC permits setting up, in a cash reserve fund, amounts which should be spent for normal maintenance but which, under present conditions, cannot be spent. However, this permission is of little value because, under the present tax laws, the fund cannot be kept available since at least 40% of it must be paid out in taxes."

As having serious implications for the railroad industry, Mr. Bowman cited the cancellation of the rate increases on April 5, 1943. These rate increases were authorized by the ICC to meet in part the wage increases granted in 1941. He mentioned also the current demands of rail labor unions for further wage increases which, if granted, would add very materially to the wage costs of the railroads. "Lest one think these proposals are made because the railroads can afford them, let us point out," said Mr. Bowman, "that the average return on investment of all Class I railroads for the 12-year period ended with 1942 was 2.44%. Even with the stimulus of heavy war traffic, the 1942 return was 5.56%, which is less than the 6% rate which Congress in 1920 declared to be a fair return upon the value of property used in transportation service."

He add that the Pere Marquette, for the 12-year period, had averaged a return on investment of only 2.10%, and that in 1942 the rate of return—the best the company had realized in the 12 years—was but 3.64%.—V. 157, p. 1364.

Philadelphia & Western Ry.-Plan Referred to SEC-

Philadelphia & Western Ry.—Plan Referred to SEC—Judge William H. Kirkpatrick of the U. S. District Court at Philadelphia has ruled that the amended plan for the reorganization of the company under Section 77B of the Bankruptcy Act is "worthy of consideration" by its creditors. He referred the plan to the SEC for an advisory report to be filed not later than May 18.

Under the plan the \$2,000,000 of 5% cumulative (\$50 par) preferred on which there were interest arrears of \$1,165,000 on Oct. 15, 1942 and \$745,000 (\$10 par) common would be eliminated. In place of the \$2,267,000 5% bonds due 1960, on which there were interest arrears of \$1,034,583, there would be issued new income bonds of \$1,057,300 and 10,573 shares of common stock (no par). The new securities would be distributed on the basis of \$400 in new bonds and four shares of new common for each \$1,000 present bond.

The company in support of the plan stated that its budget estimate for 1943 showed an anticipation of new operating revenues for this year of \$242,900 before income taxes and interest but after a reserve of \$36,000 for contingencies and an additional \$36,000 for renewals and replacements.—V. 157, p. 45.

Pleasant Valley Wine Co .- 10-Cent Dividend-

The directors have declared a dividend of 10 cents per share on the \$1 par common stock, payable April to holders of record April 20. Payments during 1942 were as follows: April 25, 12½ cents; Aug. 27, 7½ cents; and Dec. 15, 10 cents.—V. 157, p. 259.

Philco Corp.—Annual Report-

Le

Philco Corp.—Annual Report—
Net income of the corporation for 1942, after Federal income and excess profits taxes, and after providing a reserve for contingencies of \$1,000,000, totaled \$2,209,992 or \$1.61 per share, as compared with \$2,513,569 or \$1.83 per share for the year 1941. Included in the earnings for 1942 is the post-war refund of excess profits taxes amounting to \$538,792 as provided for by the Revenue Act of 1942.

James T. Buckley, President, in letter to stockholders, states:
Corporation's total sales of civilian products and war goods before voluntary refunds amounted to \$73,505,979 in 1942, as compared with \$77.073.636 in 1941. As manufacture of military equipment progressed

877,073,636 in 1941. As manufacture of military equipment progressed and increased efficiency was achieved, costs were lowered and the company voluntarily reduced its prices by refunds to the extent of \$8,000,000 to the Army and Navy on the work done for them in 1942. Sales of the company last year, giving effect to this adjustment, were \$66,505,070

The Philco Research Laboratories are playing an important part in

The Philco Research Laboratories are playing an important part in the practical application of electronic and radio principles to war uses. The special knowledge and skills acquired in peacetime engineering activities have been transferred to the war program.

Conversion of Philco Corporation's plants and facilities from civilian to war production, under way well before Pearl Harbor, was completed in 1942, Mr. Buckley said. Philco is now turning out electronic and radio communications equipment for planes, ships, tanks, and ground forces, artillery shells and fuzes, and storage batteries for the armed services and war plants. Company's output of war goods is still increasing in scope and importance.

"Philco has contributed many improvements to radio manufacturing

"Philo has contributed many improvements to radio manufacturing techniques to meet war needs," Mr. Buckley states. "Through cooperation of purchasing, factory engineering, material control and production, essential war equipment to meet urgent needs of the Army and Navy has been manufactured in shorter periods of time than the industry had previously believed possible."

Army-Navy "E" Award-

For continuing excellence of its war production, the corporation's Storage Battery Division at Trenton, N. J., has been awarded a white star to add to its Army-Navy "E" flag, according to word received by M. W. Heinritz, General Manager of the division, from Admiral C. C. Bloch, Chairman of the Navy Board for Production Awards. The original "E" award was presented to Philos by Rear Admiral Wat T. Cluverius on Oct. 7, 1942.—V. 157, p. 1274.

Phoenix Securities Corp.—Tenders Invited-

The corporation is inviting tenders of its \$3 convertible preferred stock, series A, in an amount sufficient to exhaust the sum of \$1,000,-000. Tenders are to be accepted on the basis of the lowest prices offered, which in no event are to exceed \$50.40 a share.

The miximum price of \$50.40 a share, it is explained, is the amount

to which the preferred stock would be entitled to on liquidation, including accrued dividends of 40 cents per share to May 18, 1943. Tenders must be made prior to the close of business on May 8.—V. 157, p. 557.

Prosperity Co., Inc.—Gets \$750,000 Loan—

°Loss.-V. 157, p. 1275.

A. R. Braun, President, has announced that the company has completed a long term loan of \$750,000 through Eagan Bros Corp. with Corp. New the Metropolitan Life Insurance Co. Eagan Bros. Co insurance company's financial correspondent in central State. The loan is in the form of debenture notes.

Mr. Braun stated that almost the company's entire output in 1942 Mr. Braun stated that almost the company's entire output in 1942 was directly or indirectly for the Federal Government. Practically all its presses and regular laundry equipment went into mobile laundry units and into various cantonments, and a good portion of its equipment was used by the Navy, as every ship from a destroyer up has a complete power laundry and uses equipment of the type made by the company.—V. 151, p. 1003.

Prudential Insurance Co. of America, Newark, N. J.-Shifts to Mutual Basis

This company was completely mutualized on March 30 when the board of directors met to order the transfer of the 32 remaining shares of stock to the company for cancellation.

These shares were the directors' qualifying shares, bought by the company at \$455 each. All 40,000 shares, of \$50 par value, are now held by Vivian M. Lewis and Arthur J. Sinnott, trustees for the policyholders.

held by Vivian M. Lewis and Arthur J. Stiller.

policyholders.

Dr. Edward W. Sprague of Newark and Arthur Wilson Page of New York have been elected to the board of directors. Mr. Page is a Vice-President of the American Telephone & Telegraph Co.—V. 157,

Public Service Company of Indiana, Inc.—Registers With SEC-To Issue \$38,000.000 Bonds

The company on April 7 filed a registration statement (2-5123) with

The company on April 7 filed a registration statement (2-5123) with the SEC. Company proposes to issue and sell to the public \$38,000,000 first mortgage bonds, series E, 3\(^4\)\(^6\), due May 1, 1973. The proceeds to be derived from the sale of such securities are to be used for the purpose of retiring the \$38,000,000 first mortgage bonds, series A, 4\(^6\)\(^6\)\(^6\), due Sept. 1, 1989, of Public Service Co. of Indiana, a predecessor constituent company whose bonds have been heretofore assumed.

At the present time there is outstanding applicable to Public Service Co. of Indiana, Inc., a condition imposed by the Commission concerning a debt retirement program. In connection with the issuance of the new bonds the company proposes certain sinking fund requirements. The application indicates that the effect of such sinking fund provisions will result in debt retirement "in an amount substantially equal to the funded debt required to be retired during such period under the provisions of said condition of this Commission." The applicant expressly requests that the Commission remove this presently effective condition.

presently effective condition.

The application indicates that the company proposes to offer the bonds for competitive bidding pursuant to Rule U-50 promulgated under the Public Utility Holding Company Act of 1935.

Putlman Inc.—Annual Report—

Carrying the greatest organized mass troop movements in the nation's history, and building nearly \$200,000,000 worth of tanks, shells, howitzers, trench mortars, aircraft sub-assemblies, and rail equipment, the Pullman group of companies in 1942 experienced the heaviest volume of business in its records, David A. Crawford, president states in an annual report to stockholders.

This dual wartime role, Mr. Crawford says, has made the Pullman group almost entirely an American instrument of war. Armament orders at the close of the year constituted 95% of the \$600,000,000 total orders on hand, with vitally needed freight cars making up the remainder. Nearly \$,000,000 troops were carried in the company's sleeping cars in 1942, he said, and this burden combined with increased wartime civil an travel, resulted in a passenger-mile total of 19 billion miles, the highest ever recorded.

Two thirds of the 1942 output of Pullman-Standard "went to war" in the form of armaments, and the other third went for war on the home front in the form of transport necessities. Pullman passenger-miles broke all records in 1942, totalling 19 billion against the previous record of 14 billion in 1926, and the job was done with 2,000 fewer cars. No new passenger cars are being built. All of Pullman's 7,000 sleeping and parlor cars are now in almost continuous operation, with troop travel practically equal to civil an travel. War orders at the close of the year included \$600,000,000 of equipment orders, \$95% of which are strictly military—tanks, guns, shells, naval vessels, etc., and prospective b'ilions of passenger-miles of troop transport to be delivered on a "soldier-first" basis in 1943.

The gross 1942 income of \$312,000,000 was a record high, but taxes required a record total of \$39,553,496 of the \$49,914,706 pre-tax net income. Although the gross was up 77% over 1941, total net earnings of \$10,361,210 dropped from \$3.31 in 1941 to \$3.14 a share in 1942. Taxes were equal to about \$12 a share. The sleeping and parlor car business accoun

olf of the net and \$198,533,395 of the gross. Earnings on war contracts were less than 2%; earnings on sleeping car investment less than 24%. The Pullman space rate on troop travel averaged 3.2 mills per mile; on civilian travel 7.5 mills per mile.

A reserve of \$2,000,000 was set up to cover war-generated loss contingencies in connection with 1942 manufacturing operations. A reserve of \$2,743,910 was set up with Interstate Commerce Commission permission to provide for deferred maintenance on Pullman cars which could not be sent to the shops for such work as refinishing and redecorating, although an expanded operational safety maintenance program was placed in effect early in the year. A further reserve of \$4,681,288 was set up out of 1942 income and post-war tax refund, to provide for post-war readaptation of manufacturing plants and Pullman equipment.

Puget Sound Power & Light Co.-Agreements Terminated-

Stone & Webster and Blodget, Inc., Lehman Bros, and Halsey, Stuart & Co., Inc., as managers of the underwriting group that recently offered \$52,000,000 first mortgage 41/4% bonds announced April 9 that subscription agreements had been terminated and all restrictions

on the issue removed.

Commissioners of the Snohomish County Public Utility District (Everett), are abandoning the \$9,500,000 condemnation set in Federal District Court on Puget Sound properties as too high to permit aquisition. The District contended the price should be about \$4,000,000.—

V. 157, p. 1364.

Radio Corp. of America-Consent Decree Stands-

The U. S. Supreme Court has dismissed a Justice Department appeal from a decision by Federal District Court for Del., thereby leaving in effect a 1632 consent decree on anti-trust charges that had been brought against Radio Corp. of America, General Electric Co. and others.

Dismissal of the appeal was requested by the Justice Department after the Supreme Court had agreed to review the controversy. No reason was given for asking dismissal.

The Department had asked the District Court to vacate the consent decree on the ground that it "does not now promote the public interest." The Department indicated then that new action might be taken

The motion for dismissal was denied by the District Court which thed that the decree conferred benefits upon the defendants and could not be vacated without evidence or an agreement for dismissal. The companies opposed the Government's motion.

Wins Star On Production Front-

The Army-Navy Production Award for meritorious services on the production front has been won for the second time by this corporation's plant at Harrison, N. J., according to notification received from Robert P. Patterson, Under Secretary of War. To mark the maintenance of high production standard a white star has been added to the Army-Navy 'E' flag, presented to the workers at the plant on Sept. 8, 1942.

on Sept. 8, 1942.

The Army-Navy "E" flag awarded to the RCA Victor plant at Camden, N. J., now has two stars, each of which symbolizes six months of maintaining high standards in production. The Army-Navy "E" pennant also has been presented to the workers of Radiomarine Corp. of America, which in addition has been awarded the U. S. Maritime Commission's "M" pennant and Victory Flag.—V. 157, p. 1364.

Railway Express Agency, Inc.—Rail-Air Express Up 50% in February-

Significant of the increasing use of a combination of rail and air express by shippers located at points not directly on airline routes here the February figures for this traffic, recently released by the Air Express Division of Railway Express Agency.

Of an estimated total of 114,210 air express shipments handled over the nation's commercial airlines in February, 29.646 shipments or 35%, were transported in combined rail-air service, the agency said. Average revenue per shipment on rail-air traffic was 32% higher than the average revenue of shipments moved exclusively by air.

Gross revenue of this off-airline buiness, which either originated

Gross revenue of this off-airline buiness, which either originated at or was destined to a non-airport city, or moved part way by rail, increased 113.5%, while revenue from traffic moved exclusively or was destined to a non-airport city, or moved part way by il, increased 113.5%, while revenue from traffic moved exclusively air increased only 26%, the report indicated. The number of railshipments for February increased 50.6% over February, 1942. the number of all-air shipments for the same period decreased

shipments. Expeditious movement of this combination rail-air traffic is made

possible through the direct air express service at more than 350 airport cities, supplemented by rail express service to the 23,000 off-airline offices served by Railway Express Agency.

Robert E. Woodruff, President of the Erie RR. Co., has been elected

L. O. Head, President, said that the character of the express business had changed materially since the attack on Pearl Harbor and now considerably more than 50% of the agency's business is for the war program. He said that revenues have been expanded considerably because of the unusual nature of the traffic handled.—V. 157, p. 1275.

Remington Arms Company, Inc.—Annual Report—

Remington Arms Company, Inc.—Annual Report—
Nearly half of the 10,250,000,000 rounds of small arms ammunition manufactured in the United States in 1942 was produced by the company, now completely converted to war production, it is revealed in the company's annual report to stockholders.

Two new ordnance plants, brought into production during the year, raised to five the number of Government-owned establishments being operated by the company in addition to its own facilities, C. K. Davis, President and General Manager, stated. The company had approximately 69,000 employees at the end of the year, 40% of them women, compared with 4,000 at the end of 1939.

Sales for the year were \$127,176,106, about 100% greater than in 1941. Net income for 1942, after setting aside \$4,000,000 for contingencies and extraordinary post-war expenses incident to the war period, amounted to \$3,354,024, compared with \$3,058,839 in the preceding year. Sales do not include the value of products manufactured in Government-owned plants or in the company's plants under fixed-fee contracts with the Government. The total value of such production exceeded \$239,000,000.

The manufacture of products for the company's commercial market was on a restricted basis early in the year and, except for a few minor items, was discontinued completely in June in compliance with the Government's conservation order. As a result, sales to the company's commercial trade amounted to about one-half that of normal years.

As a result of renegotiations with the War Department with respect

As a result of renegotiations with the War Department with respect

As a result of renegotiations with the War Department with respect to war materials contracts, in accordance with the Sixth Supplemental National Defense Appropriation Act of 1942, as amended by the Revenue Act of 1942, the company has been called upon to return to the Government profits in the amount of \$14,000,000.

The entire taxable net earnings of the company for 1942 are subject to the 80% maximum rate for Federal Income and Excess Profits taxes, the report pointed out. The provision of \$24,100,000 for such taxes was approximately \$11,000,000 greater than the corresponding provision in 1941. Federal income and excess profits taxes for 1942 amounted to more than seven times the net income available for dividends.

Income Account for Calendar Years

and dividends paid.

*Of the total provision for Federal taxes on income, the excess profits tax is \$23,400,000. Under the Revenue Act of 1942, the company is entitled to a post-war credit equal to 10% of its 1942 "excess profits" tax, against which the Government will issue bonds payable after the war. Excess profits tax has been reduced by \$2,600,000, the amount of the etimated post-war credit. Includes \$10,415,000 Federal excess profits tax.

Reo Motors, Inc.—Listing—

The New York Stock Exchange has authorized the listing of 500,000 shares of common stock (\$1 par), in exchange for the presently out-standing voting trust certificates, upon termination of the voting trust agreement. The voting trust agreement terminated at the close of business March 16, by virtue of the recording of discharges of chattel and real estate mortgages held by the Reconstruction Finance Corporation as security for a loan of \$2,000,000. This loan was repaid as follows: 1940, \$1.054,708; 1941, \$847,899; 1942, \$97,393. The holders of the voting trust certificates upon the surrender thereof at the office of the corporation, 1331 So. Washington Ave., Lansing, Mich., or at office of Guaranty Trust Co., 140 Broadway, New York, will become entitled to receive certificates for common stock of the corporation for the number of shares represented by such voting trust certificates.—V. 157, p. 1091.

Reserve Investing Corp.—Accumulated Dividend—

The company on April 15 paid a dividend of \$1 per share on account of accumulations on the \$7 cumul. preferred stock, no par value, to holders of record April 9. A distribution of \$5 per share was made on Jan. 15, 1943. Payments last year were as follows: Jan. 15, \$5; April 15, July 15 and Oct. 15, \$1 each; and Dec. 28, 65 cents.—V. 156, p. 2310.

Rochester Transit Corp.-May Purchase Notes-

The corporation on April 1 filed an application with the Securities and Exchange Commission for permission to expend up to \$200,000 for the purchase of its 20-year secured 41/2% income notes, series A,

due Sept. 1, 1958.

Holders of the securities will be notified to tender them for sale to the corporation at the office of its agent, Marine Midland Trust Co., New York. N. Y. The Commission conducted a hearing at Philadelphia, Pa., April 13, on the application.—V. 157, p. 734.

Rockland Gas Co., Inc.—To Sell Bonds Privately—

Rockland Gas Co., Inc.—To Sell Bonds Privately—
An application has been filed with the SEC by this company, a direct, wholly owned subsidiary company of General Water, Gas & Electric Co. and an indirect subsidiary company of International Utilities Corp. A statement of the transactions proposed is as follows:
Rockland proposes to issue and sell at par, \$500,000 first mortgage 4½% bonds, due Jan. 1, 1963, to Occidental Life Insurance Co. of California and California-Western States Life Insurance Co. in the principal amount of \$325,000 and \$175,000, respectively, subject to the right of the Lincoln National Life Insurance Co. to purchase \$125,000 of the principal amount of said bonds to be taken up by Occidental Life Insurance Co. The proceeds from the sale of the 4½% bonds will be applied by Rockland to the retirement and cancellation of its presently outstanding bonds and notes in the aggregate amount of \$454,000 and to reduce its open account indebtedness of \$52,042 by \$46,000. General Water Gas & Electric Co. owns all of the outstanding securities of Rockland and upon the receipt by General of the proceeds of the sale of the 4½% bonds, that company will apply the amount thereof to the further redemption of the indebtedness due by it to Bank of America National Trust and Savings Association and American Trust Co., San Francisco, Calif.—V. 157, p. 1091.

Court Denies Petition of Stockholders-

Federal Judge Leamy of the U. S. District Court at Rutland, Vt., has denied the petition of preferred stockholders of the road to move reorganization proceedings out of equity receivership to permit reorganization under Section 77.

organization under Section 77.

The action of the Court and the formal approval of approximately two-thirds of the outstanding bonds paves the way for the Court to act upon the bondholders' reorganization plan filed last August and to forward the proposed plan to the Interstate SCommerce Commission.

Safeway Stores, Inc.-March Sales-

Period End. Mar. 27— 1943—4 Wks.—1942 1943—12 Wks.—1942 Sales \$45,343,592 \$45,239,768 \$133,874,240 \$135,524,471 There were 2,512 stores in operation on March 27, as compared with 2,784 a year ago.—V. 157, p. 997.

St. Louis, Rocky Mountain & Pacific Co.-Tenders-

Manufacturers Trust Co., trustee, 55 Broad St., New York, N. Y., will until 3 p. m. (E.W.T.) on April 30 receive bids for the sale to it of first mortgage 5% 50-year gold bonds due July 1, 1955, to an amount sufficient to exhaust \$16,970.57 at prices not to exceed par and interest.—V. 157, p. 821.

San Carlos Milling Co., Ltd.—Status—

C. Maser, Secretary, on March 25, in a letter to the stockholders,

C. Maser, Secretary, on March 25, in a letter to the stockholders, said in substance:

"Few scraps of information have filtered through from the Philippine Islands since complete occupation by the enemy, and no authentic news has been received concerning the status of the company's properties. Recently fairly reliable word was received from one island that the Japanese have removed iron rails in quantity, but that the mills have been allowed to remain.

"Meanwhile, of course, the usual financial reports cannot be made. Disbursements from the cash balance on hand have been kept to a minimum. Certain expenses, incl. those involved in maintenance of the company's affairs by the Honolulu agency, Bishop Trust Co., Ltd., and the expenses of tax and legal counsel, are absolutely essential if the San Carlos company is to continue as a corporate entity, ready to cope efficiently with the difficult post-war problems it will face In line with a policy of conserving resources, the directors approved a 30% reduction in local agency fee, offered by the Honolulu agents, effective in May, 1942. In order to secure some return on the large cash balance which the company was fortunate in having outside of the Philippine Islands, and at the same time maintain safety of principal and reasonable liquidity, most of it was invested in U. S. Tax Savings notes, series C. As of Dec. 31, 1942, these notes totalled \$300,000, while cash balances in banks and agency totalled \$82,367. During the year 29,692 shares of San Carlos stock changed hands, being transferred on the books of the company.

"We have written a letter to the War Damage Corporation in the Philippine Islands. They have notified us that our letter has been filed to receive attention in accordance with whatever policy may later be formulated in regard to such losses.

"On Aug. 26, 1942, John L. Fleming, and officer and director for many years, met an untimely death.—V. 154, p. 58.

Superior Portland Cement, Inc.—50-Cent Distribution A dividend of 50 cents per share has been declared on the class B common stock, no par value, payable May 1 to holders of record April 23. Similar distributions were made on May 1, Aug. 1, and Oct. 28, last year, and on the same dates in 1941.—V. 156, p. 1422.

Superior Water, Light & Power Co.-Merger & Sale of Securities-

The SEC on April 6 issued an order permitting to become effective declarations filed by American Power & Light Co. and its two Wisconsin utility subsidiaries, Superior Water Light & Power Co. and Northern Power Co. Briefly, the transactions proposed consist of (a) the issuance of Superior to American of common stock in exchange for the common stock of Northern, (b) the merger of Northern into Superior, (c) the issuance of certain securities by Superior for cash to be applied in discharge of its presently outstanding debt and preferred stock.

Extracts from the SEC's findings and online follow:

Extracts from the SEC's findings and opinion follow:

American Power & Light Co.—American, a Maine corporation organized by Electric Bond and Share Co. in 1909, is solely a holding company, having 16 direct subsidiaries which are public utility companies within the meaning of the Act, six direct subsidiaries which are not public utility companies within the meaning of the Act, and 13 indirect non-utility subsidiaries. Electric Bond and Share Co. controls American through ownership of securities representing approximately 20.7% of the total voting power of all of American's securities outstanding.

mately 20.7% of the total voting power of all of American's securities outstanding.

On Aug. 22, 1942, we entered our Findings and Order pursuant to section 11 (b) (2) of the Act requiring the dissolution of American and directing the respondents to submit a plan of dissolution. On Oct. 22, 1942, American petitioned the U. S. Court of Appeals for the First Circuit for a review of our order of dissolution before which court the matter is now pending. While a plan has not been filed, it is necessary to consider the proposed transaction in light of our order for American's dissolution in addition to considering such transaction under other applicable statutory standards.

Superior Water, Light & Power Co.—Superior, incorporated in 1889 in Wisconsin, is an electric and gas utility within the meaning of the Act, rendering electric, gas, and water service principally to the city of Superior, Wis. Until October, 1942, at which time Superior's newly constructed Winslow Electric Steam Generating Station was put into operation, Superior purchased substantially all of its electric energy from Minnesota Power & Light Co., an associate company. The gas distributed by Superior is manufactured gas purchased at wholesale from the Interlake Iron Corp. of Duluth. Superior serves approximately 11,000 electric customers and 9,000 gas and water customers in an area having a population of approximately 35,000.

The capitalization per books, including surplus, of Superior at Dec. 31, 1942, was as follows:

Notes payable to bank, due 1945_____ \$1,600,000 28.3 29.0 1.636,000 \$3,236,000 500,000 500,000 57.3 Total debt
7% preferred stock (\$100 par)
Common stock (\$100 par)
Earned surplus 8.9 24.9

___ \$1,905,630

33.8

Total capitalization and surplus_____ \$5,641,630 100.0

Total common stock and surplus_____

After the elimination from earned surplus of \$1,000,000 of utility plant adjustment contained in the plant account of Superior, total capitalization consists of 69.7% debt, 10.8% preferred stock and 19.5% oommon stock and surplus.

The \$1,600,000 of bank notes are held by Guaranty Trust Co., New York. The \$1,636,000 of advances represent the balance of open account advances made by American to Superior between 1926 and 1936. American also owns 1,663 shares of 7% preferred stock, acquired between 1925 and 1931, and all of the common stock (except six directors' qualifying shares) acquired in 1925. American states that the preferred stock was acquired for \$172,926 cash and the common stock for \$2,268,850 cash from non-affiliated persons in arm's-length transactions. The securities of Superior owned by American represent approximately 67% of the total voting power of all of the securities of Superior outstanding.

Northern Power Co.—Northern, incorporated in 1906 in Wisconsin.

Northern Power Co.—Northern, incorporated in 1906 in Wisconsin, is an electric utility within the meaning of the Act, distributing electric energy, purchased from Superior and Minnesota Power &

Light Co., to industrial customers in the city of Superior, Wis. addition, Northern transmits to Superior all electric energy purchased by Superior from Minnesota Power & Light Co. The capitalization per books, including surplus, of Northern at

Dec. 31, 1942, was as follows:

Advances from American, 5% _____ Common stock (\$100 par) ____ Earned surplus (deficit) Total capitalization and surplus____

The \$794,000 of advances represent the balance of open account advances made by American to Northern between 1925 and 1937. American owns all of the common stock (except three directors' qualifying shares) acquired in 1925 at a stated cost of \$1,350.21. The securities of Northern owned by American represent approximately 99% of the total voting power of the securities of Northern outstanding. outstanding.

PROPOSED TRANSACTIONS

The steps by which the proposed transactions are to be consum-

Capital Contribution by American to Northern—American proposes to contribute to the capital of Northern the \$794,000 principal amount of open account indebtedness of Northern to American, which contribution will be credited by Northern to its capital surplus as of Dec. 31, 1942. As of such date Northern will, by the appropriation of \$146,332 from earned surplus, increase its depreciation reserve to \$148,867. Such amount, the company states, is calculated by using rates prescribed in an order of the P. S. Commission of Wisconsin certifying depreciation rates for Northern under a 4% compound interest method. Northern will eliminate its total deficit in earned surplus as of Dec. 31, 1942, by a charge to the capital surplus created as above described. Northern's capitalization will then consist of \$25,000 common stock and \$578,844 of capital surplus, a total of \$603,845.

Acquisition by Superior of the Common Stock of Northern—After

Acquisition by Superior of the Common Stock of Northern—After the capital contribution by American to Northern and the adjustments described above are effected, American will sell the common stock of Northern to Superior for 5,000 shares (\$100 par) common stock of Superior. The purchase price has been approved by the Wisconsin Commission which found that the value of the stock of Northern to be acquired by Superior is not less than the \$500,000 par value of common stock of Superior to be issued therefor.

Merger of Northern into Superior—Immediately upon acquisition by Superior of all of the common stock of Northern, Superior will acquire the assets and assume the liabilities of Northern and the latter comthe assets and assume the liabilities of Northern and the latter company will be dissolved. Superior proposes to record the assets of Northern on its books at the net amount of \$603,845, such amount being the carrying value of such assets on the books of Northern after the adjustments have been made as of Dec. 31, 1942. This amount exceeds the \$500,000 par value of Superior's common stock issued in exchange for Northern's common stock by \$103,845. Superior proposes to credit such excess to capital surplus. It is noted that the Wisconsin Commission in its certificate of authority approving the merger of Northern into Superior specified the amounts at which Superior shall record the property and assets of Northern upon completion of such merger. In order to comply with such certificate of authority it is necessary that the \$103,845 amount which Superior proposes in the pending declaration and application to carry forward in its accounts as capital surplus upon merger, be applied in reduction of the \$259,089 of utility plant acquisition adjustment carried in the amounts of Northern prior to the merger.

Issuance of Securities by Superior and Application of Proceeds—

Notes payable to bank, due 1945____ Advances from American, 5%
7'e preferred stock (3,337 shares owned by public, at redemption price of 105) 1,663 shares owned by American at American's stated cost

The companies estimate that the expenses to be incurred in connection with the above transactions will be approximately \$25,000, consisting of printing and engraving expenses. State and Federal stamp tax, legal fees of counsel for Superior, authentication fees, and other miscellaneous expenses. In addition, Superior proposes to pay a finder's fee of \$17,500 to White, Weld & Co. for procuring Northwestern Mutual Life Insurance Co. as purchaser of the bonds and debentures.

debentures.

As a result of the above transactions, American will realize a total of \$1,808,927 from the repayment of advances and retirement of preferred stock by Superior, and will purchase 1,000 shares of Superior's common stock at the par value of \$100 per share, thus realizing a net amount of \$1,708,927. A witness for American testified that the holding company proposed to use the funds to be so realized toward the further reduction of American's indebtedness.

The \$2,500,000 of bonds to be issued by Superior will be dated as of March 1, 1943, and mature March 1, 1973. They will bear interest at the rate of 3% per annum, payable semi-annually on Sept. 1 and March 1 of each year. They will be issued pursuant to a mortage and deed of trust dated as of March 1, 1943, between Superior and Chemical Bank & Trust Co. and Howard B. Smith, as trustees. The bonds are to be secured by a lien on substantially all of the physical properties and franchises of Superior presently owned or hereafter to be acquired.

The \$1,000,000 of debentures will be dated as of March 1, 1943, and mature March 1, 1958. They will bear interest at the rate of 4% per annum, payable semi-annually on Sept. 1 and March 1 of each year. They will be issued pursuant to a debenture agreement, dated as of March 1, 1943, between Superior and Guaranty Trust Co., New York, as trustee. They will be unsecured and limited in amount to

REQUESTED EXEMPTION FROM COMPETITIVE BIDDING

Superior proposes to sell to Northwestern Mutual Life Insurance Co. the \$2,500,000 first mortgage sinking fund 30-year bonds, 3%%, at an annual interest cost of 3.35% to the first redemption date at which the bonds are redeemable at par and the \$1,000,000 of 15-year which the bonds are redeemable at par and the \$1,000,000 of 15-year sinking fund debentures, \$4%, at an annual interest cost of \$4%. In connection with the sale of the securities to Northwestern, Superior proposes to pay to the investment banking firm of White, Weld & Co. a finder's fee of \$17,500. Legal fees of counsel for Northwestern would be paid by that company. In order to make the proposed private sale of the securities Superior requested exemption from competitive hidding requirements.

rompetitive bidding requirements.

For reasons set forth we find that the submission of the issues to competitive bidding is not "necessary or appropriate in the public interest or for the protection of investors or consumers to assure the maintenance of competitive conditions, (or) the receipt of adequate consideration . . ."—V. 157, p. 1367.

Sylvania Electric Products, Inc.—Files Stock Offering

The company on April 6 filed a registration statement (2-5122) with the Securities and Exchange Commission for 175,000 shares of common stock (no par), subject to reduction depending on offering price and other factors.

The price at which the stock will be offered will be supplied by

The public offering price may vary after the initial

Upon issuance of the common stock the company plans to call for redemption on 30 day's notice all of the outstanding 41/2 cumu-

lative convertible preferred stock, at the redemption price of \$46 a share plus accrued dividends. At the close or business March 23, 1943, there were outstanding 80,032 shares of preferred subject to redemption. The preferred stock is convertible at the option of the holders into common stock at any time up to the close of business on the third day prior to the redemption date.

Until expiration of conversion rights, the company states it is impossible to tell how much preferred will remain unconverted to receive the redemption price. Any balance of net proceeds not acquired for the redemption, so far as deemed advisable by the management, will be added to the company's working capital with the expectation that it will be used upon and after termination of the war to meet conversion to a peacetime basis.

At the present time the company does not need to use such proceeds for financing war production as this has been provided for by the company's V-loan. Any net proceeds not required for redemption of preferred and not added to working capital, will be applied toward the purchase for redemption of a part of the company's outstanding 314% sinking fund debentures due June 1, 1957.

Schaefer & Co.; Van Alstyne, Noel & Co., and Wyeth & Co.

1942 Sales Up 57% To New High Record-

With a gain of 57% in sales, and a 50% increase in income before xes, but with taxes 91% higher, company in its report for 1942, lowed a profit for the year within a few thousand dollars of that

The company is one of the largest producers of radio tubes, fluorescent lamps and fixtures, incandescent lamps, and electronic equipment. Its production of radio tubes is the second largest in the country, and its production of lamps, the third largest. During the year the company name was changed from Hygrade Sylvania Corp. At the close of 1942 85% of the company's production was going directly or indirectly to the Government, the report states. For military reasons much of the work being done cannot be discussed at this time, it is stated. After all charges including depreciation, provision for Federal taxes, and the setting up of a post-war reserve of \$200,000, the 1942 profit amounted to \$1,057,760 which, after preferred dividends, was equal to \$1.76 per share on the 514,368 outstanding shares of common stock. This compared with profit of \$1,067,186, equal to \$1.78 per share on the same number of common shares in 1941, in which year no deduction was made for post-war reserves.

tion was made for post-war reserves.

The company during 1942 experienced the greatest expansion in its history. Sales totaled \$32,338,870 compared with \$20,561,246 in the preceding year. Unfilled orders on the books and orders in prospect indicated a 1943 volume about double that of 1942. During the past year the company's working force was increased from around 6,000 to

Commenting on the post-war future the report calls attention to the commenting on the post-war future the report calls attention to the acceleration of technical developments in the field of radio and electronics resulting from the war, and forecasts a substantial growth in these industries at the war's end. Also F. M. (Frequency Modulation) and television broadcasting, while retarded by the war from a production standpoint, have shown substantial technical advance, it states. "We expect to play an important part in the production of these services which will eventually assume major importance. In addition to the developments which are primarily connected with communica-tions there will be great opportunities which lie in electronic appli-cations outside the field of broadcasting.

"The extent to which radio and other electronic products are utilized in this war may well be one of its outstanding characteristics. The radio industry in December 1942 was producing at the yearly rate of two billion dollars in radio and electronic equipment. This dwarfs the last peace-time year (1941) with its \$400,000.000."

New Directors-Meeting Postponed-Employees' Savings Plan Approved-

At a special meeting of stockholders held on April 14, William J. Wardall, Chairman of the board of The Best Foods, Inc., and Chester F. Hockley, President of The Davison Chemical Corp., were elected to the board of directors.

Approval also was voted of the company's employee savings and retirement plan, which contains provisions for participation in the profits of the company and which to date 96% of eligible employees have joined.

The proposal to increase the authorized common stock by an amount not exceeding 175,000 shares, included in the notice of the meeting is scheduled for action at an adjournment of the April 14 meeting to be held on April 26.

Mr. Wardall, as court-appointed trustee for McKesson & Robbins,

Inc., affected the financial reorganization of that company between 1938 and 1941 and is at present a member of that company's board of directors. In May, 1942, he was elected Chairman of the board of Hecker Products Corp., the name of which was recently changed to The Best Foods, Inc., upon merger into it of its subsidiary of

that name.

Mr. Hockley has been head of Davison Chemical for the past five years. He is a director of the Baltimore National Bank. Consolidated Gas, Electric Light & Power Co. of Baltimore and other business and industrial properties.

Four other new members were elected to the Sylvania Electric Products board at the April 14 meeting, increasing the membership to 15, and nine present members were reelected. The four additional new directors, all actively identified with the administrative organization of the company, are: Don G. Mitchell, Vice-President in charge of sales; Noel E. Keeler, Controller; Roger M. Wise, Director of Engineering, and E. Finley Carter, Director of Industrial Relations.

Directors reelected were as follows: Prank A. Poor, B. G. Erskine, Edward J. Poor, Walter E. Poor, James P. Hale, F. J. Healy, M. F. Balcom, H. W. Zimmer and John B. Hopkins. See also V. 157, p. 1277.

Toledo, Peoria & Western RR.—Payment on Debts

The four checks totaling \$162,005, payable to four creditors of this road, which were delivered to George P. McNear, President, have been returned to the Government, it was announced on April 7. The corporation's properties are now being managed by the Office of

corporation's properties are now being managed by the Office of Defense Transportation.

Delivery of the checks, covering certain obligations of the railroad, constituted the first advance of funds to the railroad under powers recently granted ODT by executive order on March 24. This order authorized ODT to make advances to the corporation from net cash earnings for specified purposes.

The largest of the four checks was for \$81,276, payable to the Collector of Internal Revenue at Springfield, Ill., for unpaid balance of the corporation's Federal income tax for 1941, plus delinquent interest. The sum of \$33,984 was made payable to attorneys for the Mary E. Bailey estate, in satisfaction of a judgment entered against the railroad; \$31,229, payable to the Central Hanover Bank & Trust Co. of New York, was for six months' interest on first mortgage

bonds of the corporation and \$10,525 was for settlement of a damage claim for the death of an employee.

The four checks were returned to the Government because they were sent "with conditions which could not be accepted."

"One of the conditions made it clear the ODT is trying to evade payment of compensation for the T. P. & W. properties which have been taken by the Government," Mr. McNear said. "We could not accept the checks under such conditions and returned them to Mr.

Mr. McNear, on March 30, asked Mr. Eastman to pay various past-due obligations of the road and charge them against the compensation he said was due the road for its properties, which were seized a year ago when Mr. McNear refused to arbitrate a three-months' strike. w. 157, p. 1277.

(The) Trane Co.-Extra Distribution-

The directors on April 7 declared an extra dividend of 5 cents per share and a regular dividend of 12½ cents per share on the common stock, par \$2, both payable May 15 to holders of record May 1. A distribution of 12½ cents per share was made on this issue on Feb. 15, last. Payments last year were as follows: Feb. 16 and May 15, 25 cents each; and Nov. 16, 12½ cents.

The directors also declared the usual quarterly dividend of \$1.50 per share on the preferred stock, par \$100, payable June 1 to holders of record May 22.—V. 157, p. 351.

Trans-Canada Air Lines-Business Increased-

Air mail carried by this company in February was more than double the amount in the corresponding month a year ago and air express increased more than three times, according to figures released by O. T. Larson, Vice-President. The number of passengers grew from 5,765 to 9,462, an increase of 3,697. Mail for the month totaled 257,336 pounds, an increase over February, 1942, of 136,771 pounds. Express amounted to 47,834 pounds, as compared with 14,044, an increase of 33,790 pounds.—V. 156, p. 1422.

Twin Coach Co.—New Vice-President-

W. B. Pageol, Jr., formerly director of production and planning, has been elected a Vice-President. Paul H. Brehm, who is on a leave of absence, was not renamed a Vice-President.—V. 156, p. 2231.

Twin State Gas & Electric Co.—Hearing Set On Merger, Etc.

A hearing has been set for April 22 by the SEC on the proposal of the company to sell to Public Service Co. of New Hampshire rights and properties used in and perfaining to its electric and gas business in New Hampshire and its electric business in Maine, together with \$10.000 of 3% deferred debentures of Dec. 1. 1936, and 20 shares of common stock (no par) of Nepsco Appliance Finance Corp. incidental current assets and incidental other securities and real estate for a cash consideration of \$4.048.978 for other than net current assets at Aug. 31, 1942. Twin State proposes to use the proceeds from the sale of its New Hampshire properties to redeem its \$2,435.200 outstanding first lien and refunding mortgage 5½% gold bonds, series A, dated March 2, 1925, and due March 1, 1945, at the current call price of 101% and to reduce its outstanding bank loans from \$2,255.250 to an amount estimated at \$451,300.

Public Service Co. of New Hampshire further proposes: (1) to issue and sell privately for cash \$1,000,000 first mortgage bonds, series A, 3½%, due 1973; (2) to issue and sell privately for cash at par \$3,000,000 10-year serial unsecured notes; (3) to use the proceeds from the sale of such securities, together with available treasury funds, to purchese the New Hampshire properties of Twin State.

Twin State and Central Vermont Public Service Co. propose to

Twin State and Central Vermont Public Service Co. propose to enter into an agreement of merger by which Central Vermont will acquire all the remaining assets of Twin State and assume all of the liabilities of Twin State, and by which Central Vermont will continue as the surviving corporation.

It is proposed that New England Public Service Co. will, prior

to the merger: (1) make a capital contribution to Central Vermont by the surrender of 11,829 shares of the common stock of Central Vermont for the specific purpose of creating a capital surplus to be used forthwith for the write-off of \$341,421, and for the creation, transfer from such capital surplus, of a reserve in the amount \$250,000 against its investment in "other physical property"; make a capital contribution to Twin State by the cancellation of Twin State by the surrender of its holdings of a. or the outstanding 13,25 snares of 5% cumulative preferred stock of Twin State.

It is proposed that Twin State prior to the merger will call for redemption and retirement all of its outstanding 7% prior lien stock (at 1.10% plus accrued dividends) and the obligation to deposit the redemption price in trust is to be undertaken by Central Vermont wader the agreement of merger.

under the agreement of merger.

It is further proposed: (1) that Nepsco tender for conversion its present holdings of 17,929 shares of common stock of Twin State present holdings of 17,929 shares of common stock of Twin State and receive therefor shares of common stock (no par) Central Vermont on the basis of one share of such common stock for each \$50 of Nepsco's equity interest in the assets of Twin State to be acquired by Central Vermont upon the merger; (2) that Central Vermont issue and deliver to an agent appointed by Twin State the said shares of common stock (no par) for distribution to Nepsco, and that Nepsco acquire said shares; (3) that Central Vermont issue and sell for cash 960 shares of common stock (no par) at the price of \$50 per share and that Nepsco purchase such shares.

It is further proposed that Central Vermont; (1) will assume the liability for the payment of the bank debt of Twin State in the estimated amount of \$451,300; (2) issue and sell privately for cash \$800,000 of its first mortgage bonds 3½% series C, due 1973; (3) issue and sell privately for cash at par \$2,150,000 of 15-year serial unsecured notes; (4) issue and sell for cash 5,000 shares of preferred stock, \$6 dividend series, of which series 37,856 shares are presently outstanding.

It is further proposed that Central Vermont apply the proceeds from the sale of its notes, bonds, preferred stock and common stock as follows: (1) to pay bank loans in the amount of \$250,000; (2) to pay the bank loans of Twin State to be assumed under the agreement of merger; (3) to pay the redemption price of the 7', prior lien stock of Twin State; (4) to pay for certain securities proposed to be acquired from Nepsco; (5) to provide the company with the necessary funds for the purchase and construction of property to be used in the carrying out of its corporate purposes.—V. 157,

Union Bas & Paper Corp.—New Official—

Henry P. Carruth, Vice-President of the Brown Co. in Berlin, N. H., will shortly join the Union Bag & Paper Corp. as Executive Vice-President, according to an announcement made by Alexander Calder, President of the latter company. Mr. Carruth is also a member of the Industry Advisory Committee of the War Production Board.—V. 157,

United Air Lines Transport Corp.—Changes in Per-

Three new United Air Lines officers were elected and seven were reelected at the annual directors' meeting held April 13 in Chicago. Officers reelected included W. A. Patterson, Prsident; J. A. Herl.ny, Vice President—operations; Harold Crary, Vice President—traff.c; C. C. Thompson, Vice President—public relations; N. B. Haley, Treasurer; and Seely V. Hall and R. L. Dobie, Regional Vice President—operations

P. M. Wilcox, who has served as Secretary of the company as well as Assistant to the President for the past seven years, was elected Vice President—administrative. He will serve under President Patterson in the capacity of coordinating various departmental act.vit.es. Mr. Wilcox joined United Air Lines in 1930.

John W. Newey, who became associated with United the first of st year as Assistant to the President in charge of stockholder relacions, was elected Vice President—finance, and will be responsible for interest of the president.

United's financial program.

S. P. Martin, who has served as Assistant to the Operating Vice President since 1941, was elected Secretary.

Mr. Patterson said Mr. Newey was now serving temporarily in a financial advisory capacity to Lineas Aereas Mineras, S.A., the Mexican atrline which United intends to purchase if approval is granted by the Civil Aeronautics Board.

Tariff Revision Proposed-

Tariff Revision Proposed—

The corporation on April 7 announced that its proposed revised tariffs, notice of which it has filed with the Civil Aeronautics Board for approval, will result in substantial rate reduction between New York and scores of other cities, and it estimates that United's fare reduction will total approximately \$1,600,000 annually on the basis of present volume of business.

If the Civil Aeronautics Board approves United's proposed lower tariffs the new fares will generally be no higher than first class train travel costs, and in some places United's plane fares would be lower, the announcement said. The lower fares will be filed as of May 1 with a proposed effective date of June 1.

Mr. Patterson pointed out that United has also accepted a 40% cut, on a pound-mile basis, on its mail pay, and that for transporting the same volume of mail as last year United would receive \$1,700,000 less mail pay annually from the Post Office Department.—V. 157, p. 1094.

March Traffic Increased 12%—

March Traffic Increased 12%-

With civilian and military air traffic continuing at its record pace, United Air Lines registered an increase of more than 12% in revenue passenger miles flown during March as compared with the same month a year ago, according to estimated figures released by Harold Crary, Vice President in charge of traffic.

Despite a decrease of over 21½% in revenue airplane miles flown, due largely to the turning over of airplanes to the government for military use. United flew a total of approximately 27.088,000 revenue passenger miles in the month as against 24,141,413 in March, 1942. Revenue airplane m les were estimated at 1,717,140 as compared with 2,187,465 flown in March of last year.

Cons derable increases also were shown in air express and air mail pound miles flown by United.—V. 157, p. 1094.

United Aircraft Corp.—Revised Prospectus—

Corporation has prepared a revised prospectus dated March 31, 1943, relating to its 5% cumulative preferred stock which discloses that about 16,800 shares of the stock is held by firms who originally underwrote the issue. This stock was first offered to common shareholders in January, 1942.-V. 157, p. 1191.

United Drug. Inc.—New President—Sales-

Justin W. Dart has been elected President, succeeding Joseph A. Galvin, who becomes Chairman of the board. Mr. Dart will continue as President of Liggett Drug Co., Inc., the chief retailing subsidiary. Consolidated sales of United Drug, Inc. and subsidiaries amounted to \$121,997,977 in 1942.

In addition to the 392 retail stores operated by Liggett Drug Co., Inc., merchandising outlets of United Drug, Inc. include its subsidiary. The Owl Drug Co., with 135 stores in the Pacific coast area; the 47 wholly-owned Canadian Liggett stores and some 10,000 independent Rexall druggists in the United States, Canada, England and South Africa. There are also numerous manufacturing subsidiaries of United Drug, Inc., several of which are producing war materials. Two Army and Navy "E" awards have thus far been received for excellence in war production.

in war production.

Mr. Galvin, President of United Drug, Inc. since 1941, will continue as President of United Drug Co., the chief manufacturing subsidiary,

in addition to serving as Chairman of the Board of United Drug, Inc. Louis K. Liggett, founder of the United Drug organization, continues as Chairman of the board of the United Drug Co.

Justin W. Dart, newly-elected President of United Drug, Inc., on Apr.l 13 announced the re-election of William F. Davis, Jr. as Vice President and the promotion of five other officers of the corporation

and its subsidiaries to new executive positions with the top holding company. Irving W. Smead becomes Vice President as well as Treasurer of United Drug, Inc., and Norman A. Vermlya, E. J. Gr.ff.ng, A. C. Eond and F. Thatcher Lane have been elected Vice Presidents w.ll continue as Executive Vice Pres'dent of the United

Mr. Davis will continue as Executive vice President of the United Drug Co.; Mr. Smead is also Treasurer of the United Drug Co.; Mr. Vermilya is also Executive vice President of Liggett Drug Co.; Mr. Griffing is also vice President and Production Manager of United Drug Co.; Mr. Bond has been vice President and Merchandising Director of United Drug Co.; and Mr. Lane has been President of Seamless Rubber Co., another subsidiary since 1934, and is also President of two other subsidiaries: The Absorbent Cotton Co. of America and United Cotton Products Co.—V. 156. p. 2142.

United Gas Improvement Co.-Weekly Output-

The electric output for the UGI system companies for the week ended April 10, 1943, amounted to 129,246,365 kwh., an increase of 19,387,237 kwh., or 17.6% over the corresponding period last year.

To Sell Holdings In Connecticut Ry. & Lighting Co.-Subject to the approval of the Securities and Exchange Commission, the company, for many years the owner of a majority of the common and preferred stocks of the Connecticut Railway & Lighting Co. coperators of the Connecticut Railway & Lighting Lines) has agreed to sell its entire interest in that company to Charles U. Bay of Br.dge-

and preferred stocks of the Connecticut Railway & Lighting Lines) has agreed to sell its entire interest in that company to Charles U. Bay of Br.dgeport, Conn.

As one step in the integration program of UGI, on Apr'l 2. 1943, it filed an application with the Securities and Exchange Commission, assing the Commission's approval of the above sale.

U.G.I. owns and proposes to sell, and Bay proposes to buy for \$1,815,000 cash, 71,805 shares of preferred stock (\$100 par'l and 39,046 shares of common stock (\$100 par'l of Connecticut Railway and Lighting Co., and in connection therewith, U.G.I. proposes to purchase from the public \$5,303,000 first and refunding 4½ 50-year bonds, due Jan. 1, 1951, of Connecticut Railway and Lighting Co. at \$105 and concurrently to sell said bonds at \$105 to Connecticut Light and Power Co., which presently leases the utility assets of Connecticut Railway and Lighting Co.

Walter Carr, Vice-President in charge of operations of the Connecticut Railway & Lighting L. nes, operating in and between Norwalk, Bridgeport, Derby, Waterbury and New Britain, stated that the change of ownership, when and if approved by the Commission, would in no way affect operations or the operating personnel of the company, or change in any way the company's transportation operations, under which its modern motor coach system has been built up and maintained in the territory served by the company.

Mr. Carr stated further that no change was contemplated in the location of the company's main business office at Bridgeport, Conn. Thus the company's financial as well as its operating management will be maintained wholly within the State of Connecticut.

Mr. Carr has been in charge of the company's operations for a number of years, having come from United Gas Improvement Co. Charles U. Bay has been a resident of Connecticut for a number of years, having come from United Gas Improvement Co. Charles U. Bay has been a resident of Connecticut for a number of years, having been associated with that institut on for a number

United States Rubber Co.—Unit of Plant Ready-

The first unit of a 90.000-ton synthetic rubber plant, first of the g Government owned plants comprising the bulk of the synthetic abber program, has been placed in operation by this company at a stitute. W. Va., it is announced.

Institute, W. Va., it is announced.

The Institute plant, which is the world's largest synthet's rubber plant under operation by one company, produces buna S, the type of synthetic rubber chosen for the major part of the Government's synthetic rubber program, the announcement said. The butadiere gas, chief ingredient of buna S, is made from alcohol at an adjacent plant operated by Carb'de & Carbon Chemicals Corp.

The rubber produced in this plant will be allocated for use in war products, largely in military and aircraft t'res, according to a statement by John P. Coe. General Manager of the company's synthetic rubber and Naugatuck chemical divisions.

'This is the second synthetic rubber plant to be built and operated for the government by United States Rubber Company.' Mr. Coe stated. "The first has been in operation in New England for more than six months. Designs for that unit were prepared in 1940, the contract was let in May 1941, and that plant has been producing since September 1942. We expect in the near future to have a third plant in operation jointly with another company in the West."—V. 157, p. 1094.

Vadsco Sales Corp.—Meeting Adjourned—

A special meeting of the stockholders was adjourned on April 14 until May 12 because the two-thirds majority of stockholders required to approve the proposed merger of this corporation and Delettrez, Inc., was not represented. A majority of those present, however, agreed to the consolidation, it was stated.—V. 157, p. 1095.

The company on March 30 filed with the SEC a registration statement covering 50,000 shares of common stock (par \$1).

The principal underwriter of the stock is Floyd D. Cerf Co., Chicago, and it is expected that the offering will take place about May 1 at \$6.50 per share. The 50,000 shares of common stock are included and

and it is expected that the offering will take place about May 1 at \$6.50 per share. The 50,000 shares of common stock are included and are a part of the 190,906 shares now outstanding.

Company was incorporated in Pennsylvania Nov. 12, 1902, and its principal executive offices are at York, Pa. Company commenced business in November, 1902, in a small building containing approximately 10,000 square feet of floor area, located on Adams St., York, Pa. The business, which expanded and continued without interruption to 1917, consisted principally in the manufacture of tinners' and roofers' supplies, such as metal gutters, downspouts, leaders, siding and roofing. To aid in the World War I war effort the company in 1917 broadened its scope of operations to include the manufacture and sale of pressed, drawn and stamped metal parts. During the peacetime years which followed, this part of the business was expanded. It accounted in 1941 for approximately 50%, and in 1942 for approximately 55% of the company's total dollar sales volume.

Company's normal manufacturing facilities are primarily designed for pressed, drawn and stamped metal products. Items produced included automobile fenders, doors, instrument panels, dashes, hoods, running boards, radiator grilles and shields, miscellaneous stamped and drawn parts for the automotive trade and metal parts for various industries, including casings for water coolers, meter boxes, dust collectors, gasoline pump housings and bodies and boiler casings.

Before the facilities of the company were converted to the present war production the total dollar sales volume of the company was divided approximately as follows: Parts for the automotive industry 25%; miscellaneous drawn stamped and pressed production for general industry 25%; conductor and eave troughs and other metal parts produced for tinners and plumbers 10%; and jobbed items which the company purchases from others, 40%. Jobbed items included bathtus, insulation material, brass and iron pipes and fittings, radiators, furnac

In normal times the company had more than 200 active accounts

purchasing from it pressed, drawn and stamped metal products. These products were manufactured at York, Pa., and shipped directly to the purchasers. Company also had over 1,800 active accounts and approximately an additional 1,000 accounts considered as small buyers and not active, purchasing from it other manufactured and jobbed items related to the tinning, steamfitting, plumbing and building trades.

The company's manufacturing facilities have again been turned to war products. However, items manufactured are largely of the same character as those produced during normal or peace times and for practically the same list of nationally known customers now engaged in war production. Because of this, the conversion from peace to war production was effected without material interruption or expense, and the company did not resort to outside financing. Approximately 95% of the manufacturing facilities are now devoted to war production.

Inasmuch as the products manufactured by the company for war production are largely of the same character as those theretofore produced during peace times and for practically the same list of nationally known customers, the company anticipates that upon return to peace-time production the transition of plant and other facilities will not entail delay, extensive re-tooling or revision of production methods.

After deducting estimated post-war excess profits tax refund

From available records for the last 31 years, stockholders of the company received during this period cash dividends aggregating approximately \$1,080,000. Stock dividends of 100% in 1915 and 50% in 1920 were also received.

As of Dec. 31, 1942, the company had current assets of \$1,597,536 as against current liabilities of \$667,678. Cash and Government bonds alone amounted to \$733,567, and all liabilities other than taxes of \$565,639, amounted to only \$102,039. The net current assets amounted to \$929,858, or \$4.87 per share.

As of the same date, the aggregate book value of all assets of the company (other than deferred charges), less the amount of all liabilities, as disclosed by the balance sheet, amounted to \$1,502,803, which is equal to approximately \$7.87 per share for each of the 190,906 shares of common stock now outstanding.—V. 156, p. 2048.
